FREEDOM from Anti-Pesticide Enviro-Lunatic Terrorists

MATTHEW MACKENZIE was inspired to think more about politics and economics — and now, he's running for the Freedom Party.

According to MacKenzie —

> *The main thing that spurred me into politics would be my philosophy and politics class in high school.*
>
> *I found the Freedom Party.*
>
> *They have the same philosophy that I do.*

That philosophy can be summed up in the three words on his Freedom Party business card —

> *Life*
>
> *Liberty*
>
> *Property*

MacKenzie first learned about the Freedom Party on–line, and quickly joined its ranks.

MacKenzie is running as a candidate in Barrie, Ontario.

Force Of Nature

A Freedom Government will ELIMINATE Dalton McGuinty's 2009 Pesticide Ban

According to Matthew MacKenzie —

> *The Freedom Party wants to bring to Canadians exactly what the name suggests — MORE FREEDOM for you and your families.*
>
> *My main reason for running as an MPP candidate is this — I am tired of the same broken promises and under-handed tactics that the other parties continually commit.*

The main proposals of Freedom Party include —

- ELIMINATING THE BAN ON PEST CONTROL PRODUCTS
- Eliminating the beer and wine tax
- Ending the no–fault auto insurance system
- Increasing the highway speed limit to 120 km/h
- Offering beer and wine in convenience stores at lower prices
- Offering safe cannabis medicine centres for cancer patients
- Repealing the health premium

Freedom Party would offer MORE FREEDOM OF CHOICE, as its policies respect an individual's right to decide how to live.

2011 Election Platform

In 2009, Dalton McGuinty's Liberals introduced a BAN ON LAWN AND GARDEN PESTICIDES.

Since that time, ragweed, dandelions, grubs, and a host of other pests have been DESTROYING Ontario lawns.

Aphids and other organisms have been DESTROYING gardens.

The ban was NOT imposed because of science proving that their proper use harms humans.

To the contrary, the products banned by the McGuinty government are APPROVED FOR HOME USE BY HEALTH CANADA.

The ban was imposed anyway.

The reason for imposing the ban is as simple as it is IRRATIONAL.

Ontario's Environment Minister explained the reason as follows —

> *Health Canada never says whether or not a particular product or ingredient is safe.*
>
> *All they say is that there's not an unnecessary risk.*
>
> *What we're concerned about — what all of those in the ENVIRONMENTAL COMMUNITY are concerned about — is the cumulative effect of all of these various products that have been used on our lawns, our back yards, our front yards, in playgrounds and in parks.*

Force Of Nature

> *That's what this is all about.* [...]
>
> *NOBODY KNOWS exactly what the long-term health effect of these products together is.*
>
> *That's why we're doing it.*
>
> *In order to protect the health and welfare particularly of our young children that are likely to play on the various lawns and parks of this province.*
>
> *That's who this is all about.*
>
> *It's based on GOOD SCIENCE.*

— Ontario Legislature Hansard, June 18th, 2008.

Read that closely.

According to the Minister, despite all of the « *good science* », « *nobody knows* » what the effects of the pesticides are.

In other words — the McGuinty government BANNED PESTICIDES WITHOUT ANY SCIENTIFIC EVIDENCE THAT THEY ARE HARMFUL TO HUMAN HEALTH.

Why did they do it ?

To pander to « *the environmental community* ».

The Liberals' pesticide ban is a textbook case of IRRATIONAL GOVERNMENTAL DECISION–MAKING.

Force Of Nature

Freedom Party of Ontario

LIFE. LIBERTY. PROPERTY.

Government ought never to ban something for which there is no scientific evidence of harm.

IRRATIONAL FEARS OF IMAGINARY HARM — fears based not on knowing, but on ignorance — are NOT AN ACCEPTABLE BASIS for imposing bans, fines or threats of imprisonment on the buyers and sellers of lawn and garden care products APPROVED by Health Canada.

It is IRRATIONAL, WRONG, and ANTI–SCIENTIFIC to ban something until it is proven safe.

Almost everything might one day be shown to be harmful if used for certain purposes, or in certain quantities and concentrations.

That does not mean that it is right for the government to ban almost everything.

It is INAPPROPRIATE for a government to ban something for fear that someone might use it wrongly or in the wrong quantity.

One can kill oneself by drinking gasoline, but we would not want the purchase or sale of gasoline to be banned for that reason.

Similarly, one can kill oneself by drinking too much water, yet it would be homicidal to ban the drinking of water.

Freedom Party opposes the imposition of bans for IRRATIONAL, UNSCIENTIFIC, FEAR–DRIVEN, or VOTE–BUYING reasons.

A Freedom government will ELIMINATE Dalton McGuinty's 2009 pesticide ban.

Ontario will have healthy, beautiful lawns and gardens again.

Ontario 2011 Vote

The 40th Ontario General Election will be held on October 6th, 2011.

It will elect Members of the Legislative Assembly (MPPs) of Ontario.

In the 2007 election, Ontario Liberal Party formed a majority government, with the Progressive Conservative Party of Ontario (PC Party) serving as the Official Opposition and the Ontario New Democratic Party (NDP) serving as a third party.

Before casting your ballot, here are some things that you need to know.

McGuinty–Ontario–Anti–Pesticide–Regime

The Province of Ontario is currently under a Liberal government headed by Premier Dalton James Patrick McGuinty Junior.

McGuinty Junior is the ENVIRO–LUNATIC MASTER–BASTERD PREMIER of the Province of Ontario.

The present McGuinty Government, first elected in 2003, was re–elected on October 10th, 2007.

And now, McGuinty seeks another election victory in 2011.

The McGuinty Government is affectionately called the McGUINTY–ONTARIO–ANTI–PESTICIDE–REGIME.

This regime is the POLITICAL SHIELD for Anti–Pesticide and Enviro–Lunatic Terrorists.

This regime is the POLITICAL SHIELD for ENVIRONMENTAL–TERRORIST–ORGANIZATIONS like David Suzuki Foundation and Canadian Association of Physicians for the Environment.

Force Of Nature

Vote AGAINST McGuinty

The actions of this government are viewed as a form of TERROR against Ontario society, and specifically against the Professional Lawn Care Industry.

A vote for Enviro–Lunatics like Dalton McGuinty is a vote for LUNATIC–ENVIRONMENTAL–TERRORISM.

If re–elected, the McGUINTY–ONTARIO–ANTI–PESTICIDE–REGIME WILL CONSPIRE TO IMPOSE PROHIBITION on ALL pest control products.

If re–elected, McGuinty will CONSPIRE TO PROHIBIT pest control products against the GOLF INDUSTRY ... and then NURSERY PRODUCTION ... and then AGRICULTURE ... and then TOTAL–PROHIBITION OF ALL PEST CONTROL PRODUCTS AND EVEN FERTILIZERS !

Who Is Dalton James Patrick McGuinty Junior ?

His political career began as Member of Provincial Parliament (MPP) for Ottawa South in 1990.

McGuinty Junior holds LIBERAL VIEWS on many social issues, such as abortion rights, same–sex marriage, and, obviously, EXTREME VIEWS regarding NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of conventional pest control products.

Pest control products are, in fact, HEALTH–CANADA–APPROVED, FEDERALLY–LEGAL, SCIENTIFICALLY–SAFE, and PRACTICALLY–NON–TOXIC.

Ontario PROHIBITION was 100% Politically–Based and 0% Science–Based.

Ontario 2011 Vote

Junior has consistently PANDERED TO MINORITY ORGANIZATIONS AND FRINGE LOBBYISTS, such as the « *environmental community* » that is composed of RADICAL ANTI–PESTICIDE TERRORISTS.

Anti–Pesticide PROHIBITION

On April 22nd, 2009, the McGuinty–Ontario–Anti–Pesticide–Regime ARBITRARILY PROHIBITED pest control products used in the Urban Landscape.

This NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION led to the DESTRUCTION of the Modern Professional Lawn Care Industry.

Because of PROHIBITION in Ontario, the Professional Lawn Care Industry LOST OVER 500,000,000 DOLLARS, with UP TO 12,500 UNEMPLOYED.

Because of PROHIBITION in Ontario, ONE–COMPANY–PER–WEEK DISAPPEARS INTO TOTAL OBLIVION.

Anti–Fertilizer TAXES and FEES

In 2010, the McGuinty–Ontario–Enviro–Terror–Regime imposed the MUNICIPAL HAZARDOUS OR SPECIAL WASTE PROGRAM PLAN (MHSW) and HARMONIZED SALES TAX (HST).

These NEEDLESS, SENSELESS, and MALICIOUS TAXES AND FEES led to INCREASED OPERATING COSTS for the Green Space Industry.

Under the MHSW program, the fertilizer companies were COERCED into paying the entire cost of so–called FERTILIZER WASTE.

This cost was then PASSED ON to the end–users in the Green Space Industry.

The Ontario Municipal Hazardous and Special Waste Program Fee (MHSW) increased the cost of fertilizer by at least FIFTY–EIGHT CENTS per 25–kilogram–bag.

Additionally, the Ontario Harmonized Sales Tax (HST) increased the cost of fertilizer by at least ONE–DOLLAR–AND–TWENTY–FIVE–CENTS per 25–kilogram–bag.

Fertilizer sold in Ontario increased by at least 50 TO 75 DOLLARS PER METRIC TON.

Force Of Nature

Vote AGAINST McGuinty

In the Golf Industry, an 18–hole–golf course requiring 30 metric tons per year needed to increase its fertilizer budget by OVER TWO THOUSAND DOLLARS.

Financial Support of Anti–Pesticide–Terrorism

Under the McGuinty–Ontario–Anti–Pesticide–Regime, an agency called THE ONTARIO TRILLIUM FOUNDATION was used as a FINANCIAL–SHIELD by the Government of Ontario to supply VAST AMOUNTS OF MONEY to Anti–Pesticide Organizations.

These organizations then CONSPIRED with McGuinty to PROHIBIT pest control products used in the Urban Landscape.

On April 22nd, 2009, PROHIBITION was legislated.

In fact, PROHIBITION WAS UNNECESSARY since pest control products are HEALTH–CANADA–APPROVED and SCIENTIFICALLY–SAFE.

PROHIBITION led to HARDSHIP AND LOSSES for the Professional Lawn Care businesses because there were NO valid economical alternatives to replace the prohibited products.

Consequently, the Modern Professional Lawn Care Industry was DESTROYED.

However, PROHIBITION was LUCRATIVE to those who supported the ENVIRO-LUNATIC MASTER-BASTERD PREMIER.

McGuinty Pay–Offs to Suzuki

David Suzuki Foundation is an ENVIRONMENTAL–TERRORIST–ORGANIZATION THAT CONSPIRES TO IMPOSE THE NEEDLESS, SENSELESS, AND MALICIOUS PROHIBITION OF PEST CONTROL PRODUCTS.

Suzuki seeks to IMPOSE A NATIONAL PROHIBITION OF ALL PEST CONTROL PRODUCTS.

In 2010, David Suzuki Foundation RECEIVED BETWEEN 100,000 AND 250,000 DOLLARS from THE ONTARIO TRILLIUM FOUNDATION.

Force of Nature

Ontario 2011 Vote

As a result of his POLITICAL INTERFERENCE in the Ontario 2011 General Election, DAVID SUZUKI WAS FORCED TO QUIETLY STEP DOWN from the Board of Directors of David Suzuki Foundation during summer of 2011.

PAY–OFFS under the guise of GOVERNMENT GRANTS to Environmental–Terrorist–Organizations is NOTHING NEW for Trillium.

The Ontario Trillium Foundation

The Ontario Trillium Foundation SQUANDERED MILLIONS OF DOLLARS ON THE SUBVERSIVE ANTI–PESTICIDE CONSPIRACY leading to PROHIBITION.

OVER 2,000,000 DOLLARS !

Trillium is an agency of the Government of Ontario, and is the LARGEST FUNDER of the « *environmental not-for-profit sector* » in Ontario.

Essentially, this agency has been used to provide PAY–OFFS to those who support the ENVIRO–LUNATIC MASTER–BASTERD PREMIER of the Province of Ontario.

Trillium operates as a FINANCIAL SHIELD to provide direct funding to Environmental–Terrorist–Organizations.

Up until 2009, Trillium was also used to FINANCE ANTI–PESTICIDE ORGANIZATIONS TO CONSPIRE TO PROHIBIT PEST CONTROL PRODUCTS in the Urban Landscape.

Force Of Nature

Vote AGAINST McGuinty

In 2007–2008 alone, almost 500,000 DOLLARS was provided by The Ontario Trillium Foundation to ANTI–PESTICIDE ORGANIZATIONS.

During the period 1999–2009, over 1,5000,000 DOLLARS was provided to ANTI–PESTICIDE ORGANIZATIONS.

Observers estimate that The Ontario Trillium Foundation SPENT OVER 2,000,000 DOLLARS ON THE CONSPIRACY TO PROHIBIT PEST CONTROL PRODUCTS.

Through Trillium, the Government of Ontario spent OVER 2,000,000 DOLLARS on the DESTRUCTION of law–abiding tax–payers and businesses in the Professional Lawn Care Industry.

The Professional Lawn Care Industry's own TAX–DOLLARS were used to DESTROY its companies, and UNEMPLOY its workers.

The Government of Ontario spent OVER 2,000,000 DOLLARS to BASELESSLY SMEAR, FALSELY ACCUSE, GROTESQUELY PUNISH, INNOCENTLY CONVICT, SHAMELESSLY PERSECUTE, and WRONGFULLY DEPRIVE those people working in the Professional Lawn Care Industry who used pest control products that were nonetheless HEALTH–CANADA–APPROVED, FEDERALLY–LEGAL, and SCIENTIFICALLY–SAFE.

Examples of Trillium PAY–OFFS

Here are examples of Trillium dollars spent TO SUPPORT ANTI–PESTICIDE ORGANIZATIONS —

- Canadian Association of Physicians for the Environment (CAPE) — 255,000 dollars (2002 – 2007)
- Canadian Environmental Law Association (CELA) — 202,200 dollars (2007 – 2008)
- Canadian Institute for Environmental Law and Policy (CIELAP) — 25,000 dollars (1999 – 2000)
- Canadian Partnership for Children's Health and the Environment (CPSCHE) — 264,500 dollars (2006 – 2007)
- David Suzuki Foundation — 100,000 to 250,000 dollars (2010)

Force of Nature

Ontario 2011 Vote

- Environmental Defence Canada — 674,100 dollars (2004 – 2009)
- Sierra Club of Canada
- World Wildlife Fund of Canada — 224,000 dollars (1999 – 2007)

CARNAGE Caused by PROHIBITION

The Ontario Anti–Pesticide PROHIBITION led to HORRENDOUS CARNAGE —

- LOSS OF REVENUES
- BUSINESS FAILURES
- BANKRUPTCY
- UNEMPLOYMENT

PROHIBITION inflicted TERROR, DESPAIR, and DESTITUTION on THOUSANDS OF HAPLESS VICTIMS throughout the Professional Lawn Care Industry.

The DEVASTATION of the Professional Lawn Care Industry was EXTENSIVE because there were NO valid economical alternatives to replace the prohibited products.

Force Of Nature

Vote AGAINST McGuinty

Consequently, Professional Lawn Care Companies were UNABLE to provide adequate weed and insect control, and were UNABLE to keep their customers satisfied.

Because of the Anti–Pesticide PROHIBITION, Professional Lawn Care businesses were forced to TERMINATE many or most of their employees.

In the Province of Ontario, the Professional Lawn Care Industry LOST OVER 500,000,000 DOLLARS, with UP TO 12,500 UNEMPLOYED.

Anti–Pesticide PROHIBITION DESTROYED the Modern Professional Lawn Care Industry.

Furthermore, Ontario green spaces became OVER–RUN WITH WEEDS, INFESTED WITH INSECTS, and DISMALLY DESTROYED — they became GARBAGE DUMPS.

The Province of ONTARIO became known as « *THE DANDELION PROVINCE* » since it was OVER–RUN with Dandelions because the SAFEST and MOST EFFECTIVE herbicides for controlling this broad–leaved weed were ARBITRARILY PROHIBITED.

What else has Junior done for Ontario ?!?!

The last McGuinty election campaign promised NO TAX INCREASE.

Nonetheless, Junior increased all licensing fees, from cars to boats, including fishing and hunting.

McGuinty Junior introduced the Health Care Premium (which is NOT called a tax) — some couples now pay as much as 1,500 dollars per year.

Ontario 2011 Vote

Virtually EVERYTHING, except the Health Care Premium, were subject to the Goods and Services Tax and Provincial Sales Tax (taxes on taxes).

Junior also legislated the Harmonized Sales Tax (HST), the largest tax EVER.

HST provided Junior and the Province of Ontario with an additional THREE BILLION DOLLARS per year.

Junior also increased the Hydro–Electric–Power by 10 per cent.

Junior has also increased the tax on liquor and wine by 10 per cent.

Junior has imposed the Municipal Hazardous or Special Waste Program Plan (MHSW), which increased the price of many items, including FERTILIZER, as well as electronics, paint cans, and automobile tires.

Junior doubled the price of most lottery tickets (which was NOT called a tax).

Oddly enough, Junior awarded himself a nice little SALARY INCREASE of 40,000 DOLLARS per year.

Just what was Junior's answer to all this ?

Junior said — « *Well if the people of Ontario don't like it, they can show it in the next election* ».

McGuinty Junior turned the richest, most prosperous Province in Canada into one of the poorest, and has created a deficit of OVER TWENTY SEVEN BILLION DOLLARS.

Ontario 2011 Vote

Before casting your ballot, here are some things that you need to know.

If you vote for Dalton McGuinty, or ANY candidate running for Liberal–Party–of–Ontario, you are supporting ...

- Ontario as a HAVEN for Anti–Pesticide Terrorists
- Ontario as a DESTROYER of law–abiding Green Space and Agriculture Industries
- Ontario as a GARBAGE DUMP infested with Invasive Pests

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole (now retired) and his colleagues.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e–newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver/Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take–All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South–Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to the prohibition of pest control products • creator of the signs that are now used for posting after application • co–founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness who intervened in the development of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT e–newsletters

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach–head against anti pesticide activism in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues … designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT e–newsletters.
