The Daffodil is More Than Just a Flower

This year, Canada Blooms is proud to host the Canadian Cancer Society.

Once again, the Canadian Cancer Society will celebrate their commitment and passion to the fight against cancer during the show.

Canada Blooms is an annual public Flower and Garden Show that announces the coming of spring to the City of Toronto.

Visitors from all over the Province of Ontario come to visit the gardens built indoors with plants, like daffodils, forced over the winter to bloom on time for the show.

Gardening enthusiasts know how resilient the daffodil can be.

To the Canadian Cancer Society, the daffodil is a symbol of strength and courage, a symbol of life.

To the Canadian Cancer Society, the daffodil is more than just a flower.

It is a symbol of strength and courage, a symbol of life.

It says we will fight back.

It says we will beat cancer.

It says we will make tons of profit.

A major source of donations collected by the Canadian Cancer Society originates from the sale of daffodils.

Sadly, the Canadian Cancer Society has been forced to lie, cheat, and deceive the public about its daffodils.

Daffodils sold by the Canadian Cancer Society are toxic since they are pesticide-treated and soaked in even more toxic formaldehyde preservative.

Since daffodils are an immense source of income, the Canadian Cancer Society has absolutely no scruples regarding the use of pesticides for itself.

Daffodils are more than just flowers, they are a huge source of profit.

The production of daffodils requires the use of pesticides on a regular and continuous basis, more so than on a home lawn.

The Canadian Cancer Society understandably refuses to divulge the fact that if it is safe touch and hold a pesticide-treated daffodil, it is also safe to walk on a pesticide-treated lawn.

Ironically, pesticide-treated daffodils sold by the Canadian Cancer Society are not really toxic.

The pesticides used for daffodil production are scientifically safe since they have been scrutinized and approved by the hundreds of expert scientists at Health Canada.

Pesticide-treated daffodils are just as safe as pesticide-treated lawns.

The Canadian Cancer Society is only able to provide mis-information about pesticides.

Not surprisingly, not a single cancer-lunatic has any recognized expertise, training or background in matters concerning pest control products.

Cancer-lunatics know nothing about pest control products.

Cancer-lunatics have compensated for their lack of expertise by frequently resorting to myths, deceptions, fear-mongering, fraudulent lies, coercion, misconceptions, threats, terror, and paranoid conspiracies about pest control products.

In fact, cancer-lunatics are paid-for-profit as subversive lobbyists with a mandate to coerce, intimidate, and alarm the public.

They lie and lie and lie and lie.

Cancer-lunatics have also set its sights on the annihilating the golf and agriculture industries !

The Canadian Cancer Society is a prohibition terrorist organization that conspires to annihilate the entire professional lawn care industry by promoting the needless, senseless, and malicious prohibition of pest control products that are, in fact, federally legal and scientifically safe.

The lunatic conspiracies of the Canadian Cancer Society have extensively damaged and destroyed the professional lawn care industry, annihilated most of its customers, thus ensuring that thousands of companies have become worthless and on the verge of being obliterated.

The Canadian Cancer Society conspiracies have led to loss of revenues, business failures, bankruptcy, and unemployment, inflicting terror, despair, and destitution on thousands of hapless victims throughout the professional lawn care industry.

The society's real legacy is destroyed economies, lost jobs and hardship for people, and weakened communities.

The society is a source of cancer-terror.

PLEASE MAKE THE CANCER-TERROR STOP !

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
