

LETTER TO THE EDITOR. RESPONSE TO GIDEON FORMAN. JUNE 28th, 2011. THE VANCOUVER SUN (VANCOUVER, BRITISH COLUMBIA).

As usual, NON-EXPERT Forman at Canadian Association of Physicians for the Environment (CAPE) is NOT TRUTHFUL about the CARNAGE caused by the PROHIBITION of pest control products in the Province of Ontario.

PROHIBITION is NOT good for job-creation, and NOT good for business.

PROHIBITION will NOT PROTECT THE ENVIRONMENT.

In jurisdictions like Ontario, PROHIBITION DESTROYED the Modern Professional Lawn Care Industry.

In British Columbia, PROHIBITION of pest control products will ALSO lead to DESTROYED ECONOMIES and LOST JOBS AND HARDSHIP for the Professional Lawn Care Industry, just like in the Province of Ontario.

Ontario PROHIBITION of pest control products led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on THOUSANDS of hapless victims throughout the Professional Lawn Care Industry.

In the Province of Ontario, the Professional Lawn Care Industry LOST OVER 500,000,000 DOLLARS, with 8,300 TO 12,500 UNEMPLOYED.

In Ontario, ONE-COMPANY-PER-WEEK DISAPPEARS INTO TOTAL OBLIVION, thanks lunatics like GIDEON FORMAN.

Forman ALLEGES that in another jurisdiction, CITY OF HALIFAX, that businesses grew by over 50 per cent following PROHIBITION. [?!?!]

Again, NON-EXPERT Forman is NOT TRUTHFUL.

PROHIBITION has SEVERELY HARMED the PROFESSIONAL LAWN CARE INDUSTRY in the CITY OF HALIFAX, located in the PROVINCE OF NOVA SCOTIA !

Because of HALIFAX PROHIBITION, REVENUES PLUMMETED BY FORTY-PERCENT with most of the PROFESSIONAL LAWN CARE companies, and it took them five years to « recover » from the hardship and losses !

Because of HALIFAX PROHIBITION, CUSTOMERS DISINTEGRATED BY FIFTY-PER-CENT, even after a so-called « recovery » period of several years !

NON-EXPERT Forman also suggests that PROHIBITION is somehow GOOD for job creation. [?!?!]

Forman is NOT TRUTHFUL.

Without the use of conventional pest control products, many jurisdictions have had to resort to the back-breaking and agonizing job of WEED PULLING BY HAND !

With several Professional Lawn Care companies, the entire professional labour force has been DEVALORIZED into a group of mere COTTON-PICKERS, thanks to Forman's actions in Ontario.

Moreover, most home-owners CANNOT afford the high cost manual labour required for weed pulling.

Additionally, so-called Green Alternative products DO NOT WORK.

Consequently, the CARNAGE caused by the LUNATIC-PROHIBITION has DESTROYED Ontario's residential lawns and public green spaces.

They look like GARBAGE DUMPS !

PROHIBITION denies the use of pest control products that are otherwise HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, and SCIENTIFICALLY-SAFE.

Why bother with Health Canada since all of its decisions are being reversed by NON-EXPERT PROHIBITIONS ?

PROHIBITION will lead to IMMENSE LOSSES to the Professional Lawn Care Industry.

NON-EXPERT Forman further ALLEGES that Ontario PROHIBITION has somehow led to lower herbicide concentrations in some streams. [?!?!]

This SINGLE Ontario study, performed by non-expert civil servants, DOES NOT TAKE INTO ACCOUNT THE INPUTS FROM THE AGRICULTURE INDUSTRY.

Both AGRICULTURE and the PROFESSIONAL LAWN CARE INDUSTRY use the SAME ingredients that are needed to control weed pests.

Additionally, AGRICULTURE REPRESENTS OVER 85 PER CENT OF ALL HERBICIDE USE, whereas PROFESSIONAL LAWN CARE REPRESENTS LESS THAN 5 PER CENT.

PROHIBITION will NOT PROTECT THE ENVIRONMENT.

Health-Canada-Approved pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada.

Overall, when pest control products are used properly, there are NO harmful irreversible effects to health and the environment.

PROHIBITION is NOT good for job-creation, and NOT good for business.

A BRITISH COLUMBIA PROHIBITION will lead to DESTROYED ECONOMIES and LOST JOBS AND HARDSHIP for the Professional Lawn Care Industry.

As usual, Forman is in a CONFLICT-OF-INTEREST, since the principal mandate of his organization is to attract MORE MEMBERS, MORE DONATIONS, and MORE PROFIT by SCAMMING THE PUBLIC with the CONCOCTION of FRAUDULENT LIES and IMAGINARY DANGER about pest control products.

And Forman also has a VESTED INTEREST in SELLING Green Alternatives.

Forman is NO expert.
