LETTER TO THE EDITOR

RESPONSE TO WARREN BELL

THE DAILY NEWS

KAMLOOPS, BRITISH COLUMBIA

Bell MUST STOP using « *secret evidence* » and DEBUNKED REPORTS.

What does Bell have as reference sources ?

Anti-Pesticide references from GOOGLE and WIKIPEDIA.

Big Whoop !

In other words, Bell has SQUAT !

Anti-Pesticide references originating from GOOGLE and WIKIPEDIA are NO MORE CREDIBLE as those ALLEGING that Bell is an Anti-Semite or a Ghost-Whisperer.

None of these stories are true.

Bell claims to have practiced medicine for 32 years.

Where are HIS medical records ?!?!

Who are, or were, those people ALLEGEDLY harmed by pest control products ?

Warren Bell and his ALLEGATIONS, versus ... ?!?!

In comparison, overall, pest control products ARE scientifically-safe according to ...

... American Council for Science and Health, American Cancer Society, CropLife Canada, Health Canada, The Fraser Institute, U.S. Environmental Protection Agency, and more.

These references are certainly MORE CREDIBLE than GOOGLE and WIKIPEDIA.

Bell is NO expert on pest control products.

Bell has ABSOLUTELY NO background, training, or experience concerning pest control products, making his opinions FLAWED, DISTORTED, VALUELESS, and WORTHLESS.

Bell is NO CREDIBLE expert on pest control products, and neither are any of his buddies.

The problem with Bell reflects the overall larger problem with ALL Anti-Pesticide Activists.

There are NO Anti-Pesticide Activists who are scientists or researchers with credentials in the field of pest control products.
