LETTER TO THE EDITOR — MEDIA RELEASE

RE : INTEGRATED ENVIRONMENTAL PLANT MANAGEMENT
ASSOCIATION OF WESTERN CANADA (IEPMA)

KELOWNA, BRITISH COLUMBIA

On January 26 and 27, 2012, Integrated Environmental Plant Management Association of Western Canada (IEPMA) is presenting its Sixteenth Annual Conference, with two days of seminars in the City of Kelowna, British Columbia.

IEPMA is the ONLY trade association that LEGITIMATELY REPRESENTS the Professional Lawn Care Industry in British Columbia.

IEPMA Decisiveness

The Integrated Environmental Plant Management Association of Western Canada, in conjunction with its membership, has been VERY decisive regarding the CONSPIRACY to PROHIBIT pest control products in British Columbia.

After all, conventional pest control products are HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACTICALLY-NON-TOXIC.

The Integrated Environmental Plant Management Association has correctly recognized that this is a BEACH-HEAD in the FIGHT FOR VICTORY against the TERRORIST CONSPIRACY to PROHIBIT pest control products in British Columbia.

In jurisdictions outside of British Columbia, Anti-Pesticide PROHIBITION has led to CATASTROPHIC CARNAGE for businesses operating in the Professional Lawn Care Industry.

For example, in the Province of Ontario, the Professional Lawn Care Industry lost over 500,000,000 DOLLARS, with over 12,500 UNEMPLOYED.

Within three years after the implementation of PROHIBITION, observers expect 780 BUSINESS FAILURES or BANKRUPTCIES.

The SAME FATE awaits businesses in British Columbia.

IEPMA Position

The Integrated Environmental Plant Management Association of Western Canada supports the use of pest control products under the guidelines of ...

- Health Canada's Pest Management Regulatory Agency, and
- British Columbia's Integrated Pest Management Act and Regulations.

Integrated Environmental Plant Management Association of Western Canada DOES NOT SUPPORT FURTHER RESTRICTIONS.

Integrated Environmental Plant Management Association of Western Canada believes pest control products ARE NOT COSMETIC.

IEPMA believes that pest control products are necessary tools for home-owners and companies throughout British Columbia.

IEPMA believes in a SCIENCE-BASED APPROACH when dealing with pest control products.

The MAJORITY of British Columbians, according to a 2011 survey, support the continued use of pest control products.

Integrated Environmental Plant Management Association of Western Canada WILL HAVE NO CHOICE BUT LAUNCH LITIGATION against those Anti-Pesticide Government Officials and Activists who CONSPIRE TO PROHIBIT PEST CONTROL PRODUCTS.

Other Trade Associations

Trade associations like Western Canada Turfgrass Association (WCTA) and Canadian Nursery Landscape Association (CNLA) DO NOT represent the Professional Lawn Care Industry in British Columbia.

Incredibly, as evidenced by their activities and statements, WCTA and CNLA both actually SUPPORT the PROHIBITION of pest control products in the Urban Landscape.

Vivian Krause

Vivian Krause is a BRILLIANT researcher and writer in matters concerning ENVIRONMENTAL ISSUES.

Over the past year, Krause has single-handedly TERRORIZED the Environmental-Terrorists by EXPOSING IRREGULARITIES, MISAPPROPRIATION, and SQUANDERING of money used by their organizations in Canada.

Krause wrote a series of articles that were published in the nation's MOST PRESTIGIOUS newspaper, The Financial Post.

Krause's articles EXPOSED the funding and the science behind RADICAL and SUBVERSIVE Environmental-Terrorist campaigns.

Anatomy of an Environmental Campaign

At the Sixteenth Annual Conference of the Integrated Environmental Plant Management Association of Western Canada (IEPMA), Vivian Krause will present an OVERVIEW OF THE ANATOMY OF ENVIRONMENTAL CAMPAIGNS.

Her presentation will be based upon her EXTENSIVE ANALYSIS and RESEARCH into the tax-returns of U.S.-based charitable and tax-exempt organizations that fund RADICAL and SUBVERSIVE Environmental-Terrorist campaigns in Canada.

The Next Step for IEPMA

Observers are urging Integrated Environmental Plant Management Association of Western Canada (IEPMA) to TAKE THE NEXT DECISIVE STEP.

IEPMA is expected to capitalize on Vivian Krause's ingenuity, determination, and skills.

The NEXT STEP for IEPMA is to RETAIN THE SERVICES OF VIVIAN KRAUSE with the objective of INVESTIGATING those organizations operating in British Columbia that seek to IMPOSE Anti-Pesticide PROHIBITION.

Krause's work will serve as a FIRST PREPARATORY STEP towards LITIGATION.

Let Vivian Krause TERRORIZE the Anti-Pesticide Terrorists, like Canadian Cancer Society.

Canadian Cancer Society is a MILLIONAIRE FUND-RAISING organization that poses the GREATEST THREAT against the Professional Lawn Care Industry.

Canadian Cancer Society is also planning to ANNIHILATE the Golf Industry and the Agriculture Industry, which includes the Nursery Production Industry.

There is NO RECOURSE for IEPMA but LITIGATION against Canadian Cancer Society and other Anti-Pesticide Organizations.

IEPMA must also SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Canadian Cancer Society.

Vivian Krause will need to investigate Canadian Cancer Society payments for Anti-Pesticide Activists, Lobbyists, and Hired Guns whose purpose is Anti-Pesticide PROHIBITION.

Vivian Krause will also need to investigate the HUGE VESTED INTEREST that it has in PERPETUATING the IMAGINARY DANGER of pest control products, and, to that end, how it has SQUANDERED and MISAPPROPRIATED MILLIONS OF DOLLARS.

Observers estimate that Canadian Cancer Society has SPENT OVER 2,500,000 DOLLARS on SUBVERSIVE Anti-Pesticide CONSPIRACIES.

Krause's work will serve to EXPOSE Canadian Cancer Society.

NORAHG Archives

There is already sufficient information to lead to a **SUCCESSFUL PROSECUTION AGAINST** Canadian Cancer Society !

Vivian Krause has an **EXCELLENT POINT-OF-DEPARTURE** with the NORAHG ARCHIVE of information.

As a prelude to Krause's investigation, NORAHG has **COMPILED A MASSIVE ARCHIVE** on Canadian Cancer Society.

NORAHG manages a **VAST ARCHIVE** of **DOCUMENTS, AUDIO CLIPS, and VIDEOS** on **ALL Anti-Pesticide Terrorist Acts of Subversion.**

The purpose of this ARCHIVE is to provide information that will lead to a **SUCCESSFUL LITIGATION AGAINST** Canadian Cancer Society and other Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been **ARCHIVED** for the intention of eventual **CRIMINAL CHARGES.**

When **CRIMINAL CHARGES** for **FRAUD and CONSPIRACY** are laid, legal experts say that there is sufficient information to lead to a **SUCCESSFUL PROSECUTION !**

16th Annual Conference

Thursday & Friday, January 26/27, 2012

A Two-Day Educational & Informational Event in Kelowna, B.C.

- **As usual, the IEPMA is offering a wide range of topics for our 2012 Conference, providing presentations to expand your knowledge that will allow you to better understand and help solve the problems encountered in properly caring for turf, ornamentals, and trees.**
- **We believe it is important to keep as up to date as possible when it comes to maintaining commercial, municipal, or private landscapes. Attending our annual conference is one of the best, and most enjoyable ways to do so. The IEPMA conference is not an event that should be missed.**

Have a close look at our itinerary. We are certain that you will find much that interests you!

Keynote Speakers

Dr. Len Ritter, Guelph, Ontario—Dr. Ritter is one of Canada's most respected and well-known toxicologists, and is an expert on pesticides. He will provide us with a review on some of the latest research relating to the exposure of humans to pesticides.

Vivian Krause, Vancouver, BC—Vivian is a researcher and writer based in Vancouver. If you want to know how Canadian environmental campaigns are funded, where the money originates, and how to respond, you have to hear this presentation.

Tom Davies, Kitchener, Ontario—Tom has been in the lawn care business for 23 years, operating companies with up to 20,000 customers. He will provide you with an insider look at what happens when a 'cosmetic' pesticide ban is enacted, and how companies attempt to cope with the loss of their most valuable tools.

CONTINUING EDUCATION CREDITS FOR CERTIFICATE RENEWAL AVAILABLE TO:

- British Columbia Applicators
 - Alberta Applicators
- International Society of Arboriculture (ISA) members

Those wishing to attend should register as early as possible, since space is limited and attendees are being invited from throughout Western Canada

Critical Issues

TO AVOID THE IMPENDING BLACK ANTI-PESTICIDE DEATH, Integrated Environmental Plant Management Association of Western Canada Must Immediately Address Several CRITICAL ISSUES.

In order to successfully deter the malicious efforts of all Lunatic Anti-Pesticide Terrorists, Integrated Environmental Plant Management Association of Western Canada must immediately address the following CRITICAL ISSUES.

1. Integrated Environmental Plant Management Association MUST STRONGLY ADOPT THE POSITION THAT CONVENTIONAL PEST CONTROL PRODUCTS ARE SCIENTIFICALLY-SAFE AND CAUSE NO HARM.
2. Integrated Environmental Plant Management Association MUST ALSO ADOPT THE POLICY that its use of ANY FERTILIZERS DOES NOT HARM THE ENVIRONMENT.
3. Integrated Environmental Plant Management Association MUST OPPOSE ALL FORMS OF PROHIBITION AGAINST pest control products used in the Urban Landscape. It must OPPOSE even PROHIBITION on PUBLIC PROPERTY since this is a FIRST STEP towards TOTAL PROHIBITION.
4. Integrated Environmental Plant Management Association MUST ALSO OPPOSE ALL FORMS OF PROHIBITION AGAINST FERTILIZERS.
5. Integrated Environmental Plant Management Association MUST CEASE ATTEMPTING TO EDUCATE AND NEGOTIATE with Anti-Pesticide Enviro-Lunatic Government Officials and Activists. They are to be considered ENEMIES of the industry. Anti-Pesticide-Lunatics WILL NEVER reverse their attitudes AGAINST pest control products. NO ONE MUST NEGOTIATE WITH TERRORISTS, either environmental or political.
6. Integrated Environmental Plant Management Association MUST ADOPT THE POLICY that the ONLY COURSE OF ACTION AGAINST PROHIBITION IS THROUGH LITIGATION.
7. Integrated Environmental Plant Management Association MUST LAUNCH LITIGATION against those Anti-Pesticide Enviro-Lunatic Government Officials and Activists who have CONSPIRED TO PROHIBIT pest control products. These products are, in fact HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, and PRACTICALLY-NON-TOXIC.
8. Integrated Environmental Plant Management Association MUST DEMAND THAT ALL PROHIBITIONS pertaining to the use of pest control product in the Urban Landscape BE RESCINDED in ALL MUNICIPAL JURISDICTIONS.
9. In those jurisdictions that REFUSE TO RESCIND PROHIBITION, Integrated Environmental Plant Management Association MUST THEN DEMAND THAT ALL EXCEPTIONS TO PROHIBITION BE RESCINDED. ALL conventional pest control products MUST BE PROHIBITED from industries like agriculture, forestry, golf, mosquito control, nursery, sod production, and sports fields. These industries use the VERY SAME INGREDIENTS that are used to control damaging weed and insect pests by the Professional Lawn Care Industry.
10. In SELECTED jurisdictions where PROHIBITION has been IMPOSED, LEGAL ACTION MUST BE STARTED. Integrated Environmental Plant Management Association SHOULD SEEK DAMAGES on behalf of Professional Lawn Care companies. These companies will be NO LONGER able to reproduce the business results obtained prior to PROHIBITION, and the VALUE of their businesses will have been DESTROYED.
11. In SELECTED jurisdictions where PROHIBITION has been IMPOSED, Professional Lawn Care companies MUST DEMAND COMPENSATION FROM MUNICIPAL GOVERNMENT since PROHIBITION will have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT.

NORAHG

12. Integrated Environmental Plant Management Association MUST TERMINATE ALL RELATIONSHIPS from ALL Trade Associations like Western Canada Turfgrass Association (WCTA) and Canadian Nursery Landscape Association (CNLA). Incredibly, they SUPPORTED the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products. If they are not WITH US, then they are AGAINST US !
13. Integrated Environmental Plant Management Association MUST DENOUNCE the so-called GREEN ALTERNATIVES to conventional pest control products as BOGUS. Green Alternatives DO NOT WORK. There will likely be NO viable, efficacious, or economical Green Alternatives within our collective lifetime.
14. Integrated Environmental Plant Management Association MUST DEMAND that ALL USES OF NEMATODE INSECTICIDES BE PROHIBITED until they are REGISTERED under federal law. Even though they are Green Alternatives, they are pest control products that MUST BE REGULATED.
15. Integrated Environmental Plant Management Association MUST ALSO DENOUNCE CULTURAL PRACTICES as a so-called alternative to the use of pest control products. Cultural practices DO NOT WORK in controlling pests.
16. Integrated Environmental Plant Management Association MUST SCIENTIFICALLY DEFINE and PUBLICALLY DISCREDIT the mis-leading term « *Organic Maintenance* », and establish policies for EXPELLING companies using this inaccurate and misleading term from its trade associations. These companies are not WITH US, they are AGAINST US !
17. Integrated Environmental Plant Management Association MUST VIGOROUSLY EMBARK ON A MASSIVE PUBLIC RELATIONS CAMPAIGN to STOP the proposed scheme by Anti-Pesticide Activists and New Democratic Party of Canada (NDP) threatening a NATIONAL PROHIBITION of pest control products. NDP functions as a political shield for the Anti-Pesticide Terrorist-Movement.
18. Integrated Environmental Plant Management Association MUST VIGOROUSLY EMBARK ON A MASSIVE PUBLIC RELATIONS CAMPAIGN declaring that Pesticide-Free Urban Green Spaces are a DISMAL FAILURE !
19. Integrated Environmental Plant Management Association MUST VERY STRONGLY ADDRESS AND DISCREDIT ALL MISCONCEPTIONS concerning imidacloprid, 2,4-D, and other ingredients.
20. Integrated Environmental Plant Management Association MUST TERMINATE ALL RELATIONSHIPS with ALL TEACHING AND RESEARCH INSTITUTIONS that SUPPORT the PROHIBITION of pest control products. These include Gaia College and University of British Columbia (UBC). ALL joint activities and educational seminars MUST BE ENDED FOR AN INDEFINITE PERIOD OF TIME. If they are not WITH US, then they are AGAINST US !
21. Integrated Environmental Plant Management Association MUST OPENLY AND FINANCIALLY SUPPORT ALL POLITICAL CANDIDATES WHO OPPOSE ANY PROHIBITION of pest control products.
22. Integrated Environmental Plant Management Association MUST CEASE focusing on the INEFFECTIVE Integrated Pest Management (IPM) strategies as the solution to its public affairs problems. Besides, IPM DOES NOT WORK.
23. Integrated Environmental Plant Management Association MUST ADVOCATE that using the services of a Professional Lawn Care company is SAFER than Do-It-Yourself-Home-Owners.
24. Integrated Environmental Plant Management Association MUST STRIKE BACK WITH LITIGATION against its ENEMIES who are Anti-Pesticide Environmental-Terrorists. These lunatics COULD NOT CARE LESS about SCIENCE-BASED EVIDENCE. THEY HATE AND DESPISE THE PROFESSIONAL LAWN CARE INDUSTRY, AND WILL DESTROY IT AT ANY COST.

WILLIAM H. GATHERCOLE AND NORAH G

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry.

There is NO RECOURSE but LITIGATION against these HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of their organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library Force Of Nature Reports and References, which is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION against Anti-Pesticide Vermin.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !
