LETTER TO THE EDITOR — MEDIA RELEASE

RESPONSE TO GIDEON FORMAN

HQPRINCEGEORGE.COM

PRINCE GEORGE, BRITISH COLUMBIA

ALLEGATIONS from Gideon Forman about the IMAGINARY DANGER of pest control products are TOTALLY FALSE, and are UNTRUE MIS-REPRESENTATIONS designed to alarm and enrage the public and enhance the BUSINESS, CASH-FLOW and PROFIT of Canadian Cancer Society.

Forman has NO SCIENTIFIC PROOF that pest control products cause cancer.

There is NOT ONE KNOWN ILLNESS or DEATH from the proper use of pest control products used in the Urban Landscape.

Perhaps if Canadian Cancer Society were to prioritize its energy to the primary causes of cancer, such as life-style choices, LIVES WOULD BE SAVED.

The society's 8-week Anti-Pesticide ADVERTISING CAMPAIGN in newspapers across British Columbia, costing HUNDREDS OF THOUSANDS OF DOLLARS, is yet another example of the MISAPPROPRIATION and SQUANDERING of donations that could, otherwise, be used to SAVE LIVES and CARE FOR THOSE STRICKEN WITH CANCER.

This CLEARLY PROVES that Canadian Cancer Society operates as a FUND-RAISING organization, rather than a health organization, and FURTHER PROVES that you can ATTRACT MILLIONS OF DOLLARS ... WITHOUT CARING ABOUT HEALTH AND ENVIRONMENT.

Forman, who has NO TRAINING and NO BACKGROUND in matters concerning pest control products, has a HUGE VESTED INTEREST IN PERPETUATING IMAGINARY DANGER about pest control products ... BECAUSE HE IS PAID TO DO SO.

NORAHG

Donation money is SQUANDERED to pay for employees like Gideon Forman, who serves no other useful purpose in society other than to FABRICATE stories about the competence of Health Canada.

It is CLEARLY EVIDENT that neither Gideon Forman, nor anyone else at Canadian Cancer Society, COULD NOT EVEN BE BOTHERED to have used the EXTENSIVE TOXICOLOGY DATABASE that is available from Health Canada.

Unfortunately, Forman and his buddies DID NOT conduct a serious scientific study ... most likely because they are NOT COMPETENT OR MOTIVATED to do so.

They are not only SCIENTIFICALLY IGNORANT, but also LAZY and STUPID.

It is a MYTH to believe that pest control products somehow cause cancer.

Health Canada's EXTENSIVE TOXICOLOGY DATABASE CLEARLY PROVES that pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada !

Health Canada requires each new pest control product to go through about TWO-HUNDRED SEPARATE TESTS to examine health and environmental impacts as well as value, and costing about 250 MILLION DOLLARS.

Consequently, when pest control products are used properly, there are NO harmful irreversible effects to health and the environment !

Canadian Cancer Society is WASTING ITS MONEY AND RESOURCES because pest control products are, in fact, HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACTICALLY-NON-TOXIC.

For some SELF-SERVING REASON, Canadian Cancer Society has SPENT OVER 2,500,000 DOLLARS on SUBVERSIVE Anti-Pesticide CONSPIRACIES.

ONLY 22 PER CENT OF ALL THE MONEY RAISED BY CANADIAN CANCER SOCIETY GOES TO RESEARCH.

NORAHG

The remaining 78 per cent of the donation money is SQUANDERED and MISAPPROPRIATED to finance QUESTIONABLE CAMPAIGNS such as the CONSPIRACY to PROHIBIT pest control products in the Urban Landscape.

WILLIAM H. GATHERCOLE AND NORAH G

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry.

There is NO RECOURSE but LITIGATION against these HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of their organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library Force Of Nature Reports and References, which is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION against Anti-Pesticide Vermin.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !
