

NORAHG

APRIL 5TH, 2012

LETTER TO THE EDITOR — MEDIA RELEASE
RESPONSE TO KATHRYN SEELY AND GIDEON FORMAN
VANCOUVER SUN
VANCOUVER, BRITISH COLUMBIA

HIRED GUN LOBBYISTS Seely and Forman are WRONG.

The ONLY people who want Anti-Pesticide PROHIBITION in British Columbia (B.C.) are a SMALL GROUP of HIRED GUNS LOBBYISTS like Seely and Forman with VESTED INTERESTS defended by the IMAGINARY DANGER of pest control products.

NO Support For Anti-Pesticide Prohibition

A recent POLL conducted by Canadian Consumer Specialty Products Association (CCSPA) showed that the VAST MAJORITY of residents in British Columbia are OPPOSED to the PROHIBITION of conventional pest control products, and they actually FAVOUR the continued use of these products around their homes and in public green spaces.

For more information about BRITISH COLUMBIA POLL, please go to the following web-page ...

<http://wp.me/P1jq40-2bo>

Additionally, according to another recent Ontario poll, MORE THAN HALF of Ontario residents believe that the provincial government DID NOT DO THE RIGHT THING by implementing Anti-Pesticide PROHIBITION.

Ontario residents WOULD RATHER HAVE THE BAN SCRAPPED OR MODIFIED.

For more information about ONTARIO POLL, please go to the following web-page ...

<http://wp.me/P1jq40-3kB>

NORAHG

Anti-Pesticide surveys that are BOUGHT AND PAID FOR by Canadian Cancer Society are NO LONGER considered as legitimate.

Sadly, this is yet another survey that was commissioned by MISAPPROPRIATING AND SQUANDERING DONATION MONEY THAT WAS NOT DONATED FOR THIS PURPOSE.

Each survey costs OVER FIFTEEN-THOUSAND-DOLLARS.

To date, Canadian Cancer Society has WASTED OVER 750,000 DOLLARS on Anti-Pesticide surveys across Canada.

ALMOST ONE MILLION DOLLARS that could be used to care for those STRICKEN WITH CANCER are being DIVERTED to CAMPAIGNS to ban products that have been deemed SCIENTIFICALLY SAFE by Health Canada.

Canadian Cancer Society's Wasteful Conspiracy

Moreover, Canadian Cancer Society is WASTING ITS MONEY AND RESOURCES in its CONSPIRACY AGAINST pest control products.

It is common-knowledge that THE MAJORITY OF ITS DONATION MONEY DOES NOT GO INTO RESEARCH.

The MAJORITY OF DONATION MONEY goes to paying for HIRED GUNS or LOBBYISTS like Kathryn Seely and Gideon Forman, as well as clerical employees.

By early 2012, Canadian Cancer Society SQUANDERED between 2,500,000 and 5,000,000 DOLLARS on SUBVERSIVE Anti-Pesticide CONSPIRACIES.

Canadian Cancer Society MISAPPROPRIATED DONATION MONEY by DESTROYING the Modern Professional Lawn Care Industry.

Its CONSPIRACIES led to the ANNIHILATION of hundreds of legitimate businesses and to the UNEMPLOYMENT of thousands of decent hard-working people.

NORAHG

Misappropriated Donation Money

These HIRED GUNS or LOBBYISTS are PAID VAST SUMS OF MONEY to COERCE, INTIMIDATE, and TERRORIZE Government Officials by CONCOCTING FRAUDULENT LIES AND IMAGINARY DANGER about pest control products.

These HIRED GUNS or LOBBYISTS give the public the FALSE AND FRAUDULENT IMPRESSION that children and adults are being exposed to cancer-causing agents whenever a pest control product is used.

These HIRED GUNS or LOBBYISTS DESPICABLY USE CHILDREN AS WEAPONS OF COERCION AND ULTIMATE ENVIRONMENTAL TERROR in order to ALARM Government Officials into IMPOSING PROHIBITION of pest control products in the Urban Landscape.

Canadian Cancer Society's Secret Evidence

Canadian Cancer Society ALLEGES having UNDISCLOSED, NON-EXISTENT AND UNVERIFIABLE SECRET EVIDENCE about the safety of pest control products.

Canadian Cancer Society has NEVER provided ANY credible information to Health Canada that justify its Anti-Pesticide CONSPIRACIES.

Not surprisingly, NO ONE at Canadian Cancer Society, including Seely and Forman, has ANY recognized background, training, or experience in matters

NORAHG

concerning pest control products, making their opinions FLAWED, DISTORTED, VALUELESS and WORTHLESS.

Canadian Cancer Society has NOT SPENT A SINGLE PENNY to research pest control products.

Seely and her buddies DID NOT conduct a serious scientific study ... evidently because they are NOT COMPETENT OR MOTIVATED to do so.

Neither Seely, nor Forman, nor anyone else at Canadian Cancer Society, COULD EVEN BE BOTHERED to have used the EXTENSIVE TOXICOLOGY DATABASE that is available from Health Canada.

They are not only SCIENTIFICALLY IGNORANT, but also LAZY and OBTUSE.

It is a MYTH to believe that pest control products somehow cause cancer.

Health Canada's EXTENSIVE TOXICOLOGY DATABASE INDISPUTABLY PROVES that pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada !

Health Canada requires each new pest control product to go through about TWO-HUNDRED SEPARATE TESTS to examine health and environmental impacts as well as value, and costing about 250 MILLION DOLLARS.

Consequently, when pest control products are used properly, there are NO harmful irreversible effects to health and environment !

Furthermore, Canadian Cancer Society has NEVER explained how it can somehow accept other uses of pest control products, such as for the Agriculture Industry, which uses the VERY SAME INGREDIENTS as the Professional Lawn Care Industry.

Canadian Cancer Society's Daffodils

The Anti-Pesticide Activists who operate Canadian Cancer Society have ABSOLUTELY NO SCRUPLES regarding the use of conventional pest control products ... when it suits THEM !

NORAHG

In the Agriculture Industry, Fresh Daffodils SOLD-FOR-PROFIT by Canadian Cancer Society are PESTICIDE-TREATED and FORMALDEHYDE-DRENCHED.

Its Fresh Daffodils are PESTICIDE-TREATED with the VERY SAME INGREDIENTS used to maintain turf and ornamentals in the Urban Landscape.

If it is safe to TOUCH A PESTICIDE-TREATED DAFFODIL, then it is safe to WALK and PLAY on a pesticide-treated lawn.

THE MYTHS ABOUT ANTI-PESTICIDE PROHIBITION

<http://wp.me/P1jq40-3jm>

Anti-Pesticide Prohibition Is Not Necessary

Any PROHIBITION of pest control products is NOT JUSTIFIED because STRICT REGULATIONS BASED ON SCIENTIFIC RESEARCH ALREADY PROTECT OUR HEALTH and OUR ENVIRONMENT.

If Canadian Cancer Society were to devote the same level of energy to the primary causes of cancer, that being life-style, rather than SUBVERSION and FUND-RAISING, LESS PEOPLE WOULD DIE.

Canadian Cancer Society Must Be Stopped

Canadian Cancer Society DOES NOT DESERVE ANY DONATIONS OR SUPPORT.

Nor does Canadian Cancer Society deserve a TAX-EXEMPT status.

NORAHG

Canadian Cancer Society is SUBVERSIVE, CONTEMPTIBLE, and RADICAL.

Kathryn Seely and Gideon Forman ... Get Off Our grASS

WILLIAM H. GATHERCOLE AND NORAH G

NORAHG

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry.

There is NO RECOURSE but LITIGATION against these HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of their organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library Force Of Nature Reports and References, which is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION against Anti-Pesticide Vermin.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !
