LETTER TO THE EDITOR — MEDIA RELEASE

RESPONSE TO MARGARET SANBORN

THE LONDON FREE PRESS

LONDON, ONTARIO

A Mere 140 Undisclosed, Non-Existent, and Unverifiable Secret Evidence

In 2004, Margaret Sanborn and Ontario College of Family Physicians (OCFP) CONCOCTED an Anti-Pesticide Literature Review.

OCFP ALLEGES having A MERE **140** UNDISCLOSED, NON-EXISTENT, AND UNVERIFIABLE SECRET EVIDENCE about the safety of pest control products.

How could this Anti-Pesticide Organization obtain studies that have somehow been withheld from the entire world ?

Moreover, pest control products like 2,4-D Herbicide have been the subject of over 40,000 STUDIES.

40,000 !

Furthermore, since 1988, The Industry Task Force II on 2,4-D Research Data has submitted to U.S. Environmental Protection Agency over 250 studies concerning mammalian and environmental toxicology, environmental fate and residues.

2,4-D is probably THE MOST studied and best understood of ANY chemical ... not just pesticide ... in existence.

2,4-D HERBICIDE (Web-Page)

Even Canadian Cancer Society has STATED REPEATEDLY that scientific research does NOT provide a conclusive link between pest control products and cancer.

Ontario College of Family Physicians (OCFP) is a mere trade association, and NOT a science, research, or health organization.

What is their problem ?!?!?

Among the authors and reviewers of the review, there were doctors who were found guilty of professional mis-conduct over sexual activities, doctors whose license was suspended, and doctors who deny having reviewed the document.

There is a « *growing body of evidence* » that some the authors and reviewers of the Anti-Pesticide Literature Review were UNETHICAL and UNPROFESSIONAL.

The Anti-Pesticide Literature Review is INARGUABLY DISCREDITED.

Ontario College of Family Physicians (OCFP) is a DISCREDITED RADICAL Anti-Pesticide Organization that is INDIRECTLY OPERATED as a PUBLIC INFORMATION SHIELD by Canadian Cancer Society and Canadian Association of Physicians for the Environment.

OCFP DID NOT conduct a serious scientific study ... it conducted a mere Literature Review, and could only use those reports found in the OPEN PUBLIC LITERATURE.

OCFP is RIDICULOUSLY IMPLYING that its NON-EXPERT ASSESSMENT is somehow being withheld from Health Canada and EVERY other regulatory agency in the world.

INDISPUTABLE and CONCLUSIVE SCIENTIFIC RESEARCH shows that, as reported through Health Canada's VAST TOXICOLOGY DATABASE, NO HARM WILL OCCUR when pest control products are used according to label directions.

The RISK ASSESSMENT of pest control products indicates that they are PRACTICALLY-NON-TOXIC.

There is NOT ONE KNOWN ILLNESS or DEATH from the proper use of pest control products used in the Urban Landscape.

NORAHG

OCFP was NOT even in « *The Information Loop* » on issues regarding pest control products, and did not avail itself to the EXTENSIVE TOXICOLOGY DATABASE that is available from Health Canada.

OCFP never even bothered to request to look at the TOXICOLOGY DATABASE through a process that Health Canada refers to as The Reading Room.

The authors and reviewers of the BOGUS-OCFP-Review were not only SCIENTIFICALLY IGNORANT, they were LAZY and STUPID.

Ontario College of Family Physicians (OCFP) has MERCILESSLY TERRORIZED, BASELESSLY SMEARED, FALSELY ACCUSED, GROTESQUELY PUNISHED, INNOCENTLY CONVICTED, SHAMELESSLY PERSECUTED, and WRONGFULLY DEPRIVED those people working in the Professional Lawn Care Industry.

OCFP DESTROYED the Professional Lawn Care Industry.

Demands are now being made to have CRIMINAL CHARGES laid against OCFP for FRAUD and CONSPIRACY, and legal experts say that the NORAHG ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION!
