

SEPTEMBER 28th, 2011
LETTER TO THE EDITOR (SHORT VERSION)
RESPONSE TO MICHELLE KRAMER
HIGHLAND PARK PATCH NEWSPAPER
HIGHLAND PARK (CHICAGO), ILLINOIS

Anti-Pesticide Activists, like Kramer, use the public's FEAR OF CANCER in order to CONCOCT ALLEGATIONS about the IMAGINARY DANGER of pesticides.

Pesticides cause NO HARM when they are used according to label directions.

Moreover, without pesticides, playing surfaces become GARBAGE DUMPS, and are a DANGER for children to play on.

Any trend favouring Pesticide-Free Maintenance will lead to GARBAGE DUMPS, DANGEROUS PLAYING SURFACES, and HURT CHILDREN.

Kramer's comparison of CIGARETTES to pesticides is PITIFULLY RIDICULOUS, as well as LAUGHABLY STUPID !

Cigarettes have NOTHING IN COMMON with conventional pesticides.

There is NO FEDERAL REGISTRATION of tobacco products, but there IS a FEDERAL REGISTRATION of pesticides.

Our governments have chosen to HEAVILY REGULATE pesticides, and NOT cigarettes.

The same can be said about Thalidomide — it has NOTHING IN COMMON with pesticides.

NON-EXPERT Anti-Pesticide Activists like Michelle Kramer are THE LEAST QUALIFIED to provide ANY advice concerning pesticides.

William H. Gathercole and Norah G

National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

NORAHG is a NATIONAL NON-PROFIT NON-PARTISAN organization representing RESPECTED EXPERTS who promote PESTICIDE-REALISM and PESTICIDE-TRUTHS — scientific research PROVES that pesticides cause NO HARM and can be USED SAFELY
