

OCTOBER 20th, 2011

LETTER TO THE EDITOR — MEDIA RELEASE (LONG VERSION)

RESPONSE TO SANGEET SINGH-GASSON

HIGHLAND PARK PATCH & TRIB LOCAL NEWSPAPERS

HIGHLAND PARK (CHICAGO), ILINOIS

Anti-Pesticide Activists Are NEVER Satisfied

Highland Park wants to use Confront, a product that NON-EXPERT Sangeet Singh-Gasson has ARBITRARILY DECREED as being a « *dangerous herbicide* ».

Confront was actually brought to market as an alternative to the HATED 2,4-D, but clearly, this form of APPEASEMENT was NOT ENOUGH to satisfy Anti-Pesticide Activists like Sighn-Gasson.

And evidently, Sighn-Gasson is among the MANY activists that will SAY ANYTHING in order to get their way.

Sighn-Gasson ALLEGES that some provinces in Canada « *forbid* » the product Confront.

Well, well, well ... Sighn-Gasson CONVENIENTLY IGNORES THE FACTS ! — Confront was and has NEVER been available in Canada, and it certainly has NOT been « *forbidden* » from that market.

Overall, Sighn-Gasson is WRONG about Confront, and is MOST DEFINITELY WRONG about the safety of pest control products.

Thanks to Sighn-Gasson, we are living in the DARK AGE OF ANTI-PESTICIDE TERRORISM where science is trumped by FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NOT Credible

Anti-Pesticide Activists, like Sighn-Gasson, are NOT CREDIBLE experts on pest control products.

This PROBLEM WITH LACK-OF-ACTIVIST-CREDIBILITY reflects the overall larger problem with ALL Anti-Pesticide Activists.

There are NO Anti-Pesticide Activists who are scientists or researchers with credentials in the field of pest control products.

NONE ! — they are NOT COMPETENT to talk about pest control products.

Nonetheless, Anti-Pesticide Activists are PARTISAN, ARROGANT, and NARCISSISTIC ENOUGH to DEMAND that other people do things their way.

Sighn-Gasson is DEMANDING that Highland Park employ Chip Osborne as a FOR-PROFIT consultant, despite the fact that Osborne has NO background, training or expertise in the SUCCESSFUL management of Green Spaces.

Osborne is merely a PARTISAN-DIRECTOR for an Anti-Pesticide Organization with a HUGE VESTED INTEREST IN SUBVERSIVELY PERPETUATING IMAGINARY DANGERS about pest control products.

Beyond Pesticides

Beyond Pesticides is a Non-Expert Tax-Exempt Partisan Anti-Pesticide Organization.

This organization is an expert in FUND-RAISING, but has NO EXPERTISE in science or research.

The PRIMARY CONCERNS of Beyond Pesticides is BUSINESS, CASH-FLOW, PROFIT, and CELEBRITY.

Beyond Pesticides PAID-FOR-PROFIT two of its PARTISAN-DIRECTORS to operate as Anti-Pesticide LOBBYISTS in the CONSPIRACY to PROHIBIT pest control products in the High Land Park.

One Beyond Pesticides DIRECTOR was a mere zoology professor, Warren Porter, and the other, Chip Osborne, was an organic lawn care operator with a failing business.

Neither one of these directors has ANY recognized background, training, or expertise in matters concerning pest control products.

Their advice is TOTALLY WORTHLESS and UTTERLY USELESS.

Children Are NOT At Risk

According to Sighn-Gasson, applying pest control products to playing fields is somehow unsafe.

As do so many Anti-Pesticide Activists, Sighn-Gasson associates ANY problem with ANY pesticide (even if only perceived and not proven) with ALL pesticides, and evidently, the FEAR-MONGERING is now being applying BEYOND the mere use of a single product like Confront.

Non-Expert Anti-Pesticide Activists, like Sighn-Gasson, are GREATLY MISTAKEN by saying that, as a result of the PROHIBITION of pest control products, fewer children will be exposed to some IMAGINARY DANGER.

What DANGER !?!? — pest control products CAUSE NO HARM, including chronic effects such as CANCER.

Pest control products have a WIDE SAFETY MARGIN.

NO HARM WILL OCCUR when pest control products are used according to label directions.

Anti-Pesticide Activists like Sighn-Gasson are THE LEAST QUALIFIED TO PROVIDE ANY ADVICE concerning pest control products.

Conveniently IGNORING Leading Authorities

Sighn-Gasson expresses MOCK-PARTISAN-OUTRAGE about Professor Bruce Branham.

Professor Branham was the LEADING EXPERT who provided COMPETENT ADVICE to Park District Board of Highland.

Predictably, Sighn-Gasson was NOT satisfied with a LEADING EXPERT who presented the fact that pest control products are SCIENTIFICALLY-SAFE.

Anti-Pesticide Activists, like Sighn-Gasson, also CONVENIENTLY IGNORE the expertise of ANY leading authority in matters concerning pest control products.

Partisan Anti-Pesticide Activists like Sighn-Gasson are NEVER satisfied !

Anti-Pesticide Activists, like Sighn-Gasson, also CONVENIENTLY IGNORE the fact that pest control products are EPA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACTICALLY-NON-TOXIC.

They do so when it suits THEM !

Scientifically Safe — Experts

Since Sighn-Gasson appears to be dissatisfied with Professor Branham, perhaps she could avail herself to OTHER LEADING EXPERTS.

The following LEADING EXPERTS have RECOGNIZED expertise, training and background in matters concerning pest control products —

- AMES, Bruce N., Professor
- DOST, Frank N., Doctor
- DRYSDALE, Art C., Horticulturist
- EDWARDS, J. Gordon, Doctor
- MILLOY, Steven J., Juris Doctor
- RITTER, Leonard, Doctor
- ROSS, Gilbert L., Doctor
- SCHWARCZ, Joseph A., Doctor
- SOLOMON, Keith R., Professor
- STEPHENSON, Gerald R., Professor
- WHELAN, Elizabeth M., Doctor
- WOOD, Joel, Doctor

Children AT RISK

Non-Expert Sighn-Gasson ALLEGES that « *spraying children's playing fields with pesticides is unnecessary* », and somehow believes that Pesticide-Free Maintenance is a good idea for children.

This is FALSE ! — Sighn-Gasson is using UNVERIFIED SUCCESS STORIES that, in fact, are FALSE !

Moreover, PROHIBITING pest control products under the PRETEXT of somehow protecting children's health is actually HARMFUL TO CHILDREN.

There are NO valid reports of pest control product problems with children.

In fact, children are AT RISK with the PROHIBITION of pest control products.

The use of pest control applications on playing fields is NOT ONLY SAFE, it is also NECESSARY.

Without pest control products, playing surfaces become GARBAGE DUMPS, and are a DANGER for children to play on.

Pesticide-Free Maintenance creates GARBAGE DUMPS and DANGEROUS PLAYING SURFACES — ESPECIALLY FOR CHILDREN !

Furthermore, Anti-Pesticide Activists are willing to COMPROMISE ON THE SAFETY OF CHILDREN who need a CUSHION OF HIGH-QUALITY TURFGRASS when playing and running and falling.

Without conventional pest control products, playing surfaces become THIN AND YELLOW, and OVER-RUN WITH WEEDS, INFESTED WITH INSECTS, and DISMALLY DESTROYED.

Turfgrass pests DISRUPT THE UNIFORMITY OF THE TURF and MAY AFFECT THE SAFETY and PLAYABILITY of the playing surface for footing, ball bounce, etc ...

WELL-MAINTAINED, THICKER, GREENER, and PEST-FREE playing surfaces have MANY PRACTICAL BENEFITS.

WELL-MAINTAINED turfgrass playing surfaces act as a NATURAL CUSHION as well as an EFFECTIVE SPONGE for rain water.

THIN AND YELLOW playing surfaces OVER-RUN WITH WEEDS and INFESTED WITH INSECTS provide NONE of these benefits.

They are OVER-RUN by Dandelions and other weed pests, and are DESTROYED by INFESTING insect pests like White Grubs.

When it rains, THIN AND YELLOW playing surfaces become SLIPPERY MUD BOGS.

When dry, THIN AND YELLOW playing surfaces become AS HARD AS CONCRETE.

Pesticide-Free Maintenance actually HURTS kids — falling on SLIPPERY MUD or BAKED SOIL is the direct cause of BROKEN BONES, TWISTED ANKLES, and SKINNED KNEES.

Any trend favouring Pesticide-Free Maintenance will lead to GARBAGE DUMPS, DANGEROUS PLAYING SURFACES, and HURT CHILDREN.

TURFGRASS QUALITY and SAFETY are generally IMPROVED when pest control products are used judiciously to control pests that can't be controlled in other ways.

Pest control products ENHANCE the Urban Landscape, and makes playing surfaces SAFE FOR CHILDREN.

WILLIAM H. GATHERCOLE AND NORAH G

National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG).

NORAHG is a NATIONAL NON-PROFIT NON-PARTISAN organization dedicated to representing the work of RESPECTED and HIGHLY-RATED EXPERTS who promote PESTICIDE-REALISM and PESTICIDE-TRUTHS.

We are living in the DARK AGE OF ANTI-PESTICIDE TERRORISM where sound science is trumped by JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry. There is NO RECOURSE but LITIGATION against these HUJE, as well as CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX-EXEMPT STATUS of their organizations.

NORAHG manages the Library Computer Access and Retrieval System for all Anti Pesticide Terrorist Acts of Subversion.

The NORAHG Library Computer Access and Retrieval System is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti-Pesticide Activities has been made AVAILABLE through NORAHG to anyone interested in litigation.

These ARCHIVES contain names, statements, activities, and affiliations of ALL Anti-Pesticide Vermin, including Government Officials, as well as Charitable Prohibition-Terrorist-Organizations that DO NOT DESERVE ANY Tax Exempt Status.

Interested parties need only to send NORAHG their REQUESTS for ANY INFORMATION needed in the War Against Lunatic-Terrorist-PROHIBITION.

When criminal charges for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !

FOR MORE INFORMATION, PLEASE GO TO THE PESTICIDE TRUTHS WEB-SITE ...

Pesticide Truths is a web-site managed by Uncle Adolph that contains History, Links, News, Audios, Videos, ALL Force Of Nature reports, and information right-off-the-press, in Black & White Documents.
