Enviro Terror NEVER Ends !

The Continuing Conspiracy to Harm the Green Space Industry

Destructive U.S. State Prohibition on Fertilizers

April 1st, 2010

State of Wisconsin

Adapted Excerpts of the Law

Beginning April 1st, 2010, **fertilizer that is labelled as containing phosphorus, or available phosphate, cannot be applied to lawns or turf in the State of Wisconsin**, unless the fertilizer application qualifies under certain exceptions. The law was signed by Enviro-Maniac Governor Jim Doyle in April 2009. **The so-called intent of the law is to provide « protection » to Wisconsin's lakes, rivers, streams, and other water resources, from phosphorus run-off.**

This PROHIBITION law affects — • Athletic fields • Boulevards • Golf courses • Grassed areas in office complexes • Parks • Publicly owned land that is planted in closely mowed managed grass • Residential property • Rights of way. Additionally, no one may apply fertilizer, manipulated animal or vegetable manure, or finished sewage sludge product to turf WHEN THE GROUND IS FROZEN. Finally, TURF FERTILIZER CANNOT BE USED AS A SUBSTITUTE FOR ICE-MELTING PRODUCTS.

AGRICULTURE AND HORTICULTURE EXCEPTIONS — Fertilizer that is labelled as containing phosphorus, or available phosphate, CAN BE APPLIED to pastures, land used to grow grass for sod, gardens, flower beds, or any other land used for agricultural production or restoration of prairies.

LABORATORY SOIL TEST INDICATING DEFICIENCY — Fertilizer that is labelled as containing phosphorus or available phosphate CAN BE USED if the soil is an area DEFICIENT in phosphorus, as shown by a SOIL TEST performed no more than thirty-six months (three years) before the fertilizer is applied. The soil test must be performed by a laboratory.

NEW LAWNS — Fertilizer that is labelled as containing phosphorus, or available phosphate, CAN BE USED for NEW LAWNS, built with either seed or sod, during the growing season in which the grass is established.

Now that the Enviro-Maniac-Government of Wisconsin has been successful in imposing NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION OF FERTILIZERS on the Green Space Industry, and once other North American jurisdictions realize that they can easily inflict Environmental-Terror on the Green Space Industry with little or no resistance, the RAPE and ASSAULT of the industry will move to a larger scale. Fertilizer-Environmental-Terror in the form of PROHIBITION, FEES, and, TAXES will continue its CARNAGE throughout America and Canada ! Finally, it is expected that the Enviro-Maniac-Government of the State of Wisconsin will NEXT SPREAD TERROR BY PROHIBITING PEST CONTROL PRODUCTS !

We must defend the industry, whatever the cost may be !

FORCE OF NATURE is a series of e-newsletters destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events with commentary. The Whole Truth From An Independent Perspective !

O

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Norah G is actually an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, and Orchard. Many of these people are leaders in their own industries. The opinions expressed in Force Of Nature, even though from an **INDEPENDENT PERSPECTIVE**, may not reflect those of everyone in the Green Space Industry. Force Of Nature may sometimes be very irreverent and fearless with these e-newsletters. Although Force Of Nature appears to be Anti Environment Movement, it is, in fact, simply a strong advocate **FOR** the Modern Green Space Industry. However, this position has not precluded Force Of Nature from criticizing the Green Space Industry itself.

R

William H. Gathercole is a principal **FOUNDER** of the Modern Professional Lawn Care Industry in **BOTH** Ontario and Quebec. He holds a degree in Horticulture from the **UNIVERSITY OF GUELPH**, and another pure and applied science degree from **McGILL UNIVERSITY**. He has worked in virtually all aspects of the Green Space Industry, including **GOLF** and **PROFESSIONAL LAWN CARE**, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the execution of **HUNDREDS OF THOUSANDS** of pest control applications in the urban landscape. He has trained, instructed, and consulted with **THOUSANDS** of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for **TURF & Recreation Magazine**, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder.

A

Mr. Gathercole followed the evolution of **ENVIRONMENTAL TERRORISM** for over a quarter century. His involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. For **FIFTEEN YEARS**, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental issues is **UNDENIABLE**. (Hopefully !)

Force Of Nature is the instrument of **National Organization Responding Against Huje** that seek to **TERRORIZE, HARM, and THREATEN** the **Green Space Industry (NORAHG)** by routinely concocting **FEARMONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES** that are designed to **SCAM** and **DECEIVE** the public into believing that families are in some **NONEXISTENT** danger with conventional pest control products. They also **SCAM** and **DECEIVE** Government Officials into the **NEEDLESS, SENSELESS, and MALICIOUS** prohibition of **FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE** conventional pest control products. Enviro Maniac Activists are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro-Maniac-Activists accountable for conspiring to change public policies that **TERRORIZE, HARM, and THREATEN** the Green Space Industry. Their pretentious prohibitionist rants has created **LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION** for **THOUSANDS** of hapless victims throughout the Green Space Industry. The **DEPRAVED INDIFFERENCE** of Maniac Culprit Terrorist Basterds is viewed as a form of **TERROR, HARM, and THREAT** against the Green Space Industry. Additionally, Force Of Nature inspires people to believe that **ENVIRONMENTAL TERRORISM** can be **STOPPED !** The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All document excerpts and pictures contained in Force Of Nature were found somewhere on the Internet. These documents and pictures are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.
