Re-Evaluation Work Plan for Glyphosate

February 2nd, 2010 Health Canada Media Release Adapted Excerpts

The active ingredient glyphosate is under « *re-evaluation* » by the respected Pest Management Regulatory Agency (P.M.R.A.) of Health Canada.

Glyphosate is a non-selective systemic, broad-spectrum herbicide. It is most commonly-known under the brand name of Roundup.

P.M.R.A. will be working cooperatively with the U.S. Environmental Protection Agency on the « *re-evaluation* » of glyphosate.

The Canadian « *re-evaluation* » is targeted for completion in 2014.

The « *re-evaluation* » considers potential risks, as well as the value of the pest control products to ensure it meets those modern standards established to protect human health and the environment.

Occupational and residential risk assessments may be revised, if required.

Dietary risk is well below the levels of concern based on current modern assessments. New assessments will likely not be needed.

P.M.R.A. does not have any evidence to support a « *special review* » of health effects. Only a « *re-evaluation* » has been found to be necessary.

Glyphosate is THE MOST used herbicide in North America, and Roundup is the NUMBER ONE SELLING HERBICIDE worldwide since at least 1980. As of 2009, sales of Roundup herbicides represent only about 10 per cent of Monsanto's revenue, due to competition from Chinese producers of other glyphosate-based herbicides.

The overall Roundup line of products (which includes Genetically Modified seeds) represents about half of Monsanto's annual revenue.

FORCE OF NATURE is a series of e-newsletters destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events with commentary. The Whole Truth From An Independent Perspective !

Force Of Nature is the brainchild of William H. Gathercole and his entourage. **NORAH G** is actually an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, and Orchard. Many of these people are leaders in their own industries. The opinions expressed in Force Of Nature, even though from an **INDEPENDENT PERSPECTIVE**, may not reflect those of everyone in the Green Space Industry. Force Of Nature may sometimes be very irreverent and fearless with these e-newsletters. Although Force Of Nature appears to be Anti Environment Movement, it is, in fact, simply a strong advocate **FOR** the Modern Green Space Industry. However, this position has not precluded Force Of Nature from criticizing the Green Space Industry itself.

William H. Gathercole is a principal **FOUNDER** of the Modern Professional Lawn Care Industry in **BOTH** Ontario and Quebec. He holds a degree in Horticulture from the **UNIVERSITY OF GUELPH**, and another pure and applied science degree from **McGILL UNIVERSITY**. He has worked in virtually all aspects of the Green Space Industry, including **GOLF** and **PROFESSIONAL LAWN CARE**, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the execution of **HUNDREDS OF THOUSANDS** of pest control applications in the urban landscape. He has trained, instructed, and consulted with **THOUSANDS** of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for **TURF & Recreation Magazine**, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder.

Mr. Gathercole followed the evolution of **ENVIRONMENTAL TERRORISM** for over a quarter century. His involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. For **FIFTEEN YEARS**, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental issues is **UNDENIABLE**. (Hopefully !)

Force Of Nature is the instrument of **National Organization Responding Against Huje** that seek to **TERRORIZE**, **HARM**, and **THREATEN** the **Green Space Industry (NORAHG)** by routinely concocting **FEARMONGERING**, **FRAUDULENT LIES**, **MISCONCEPTIONS**, **COERCION**, **THREATS**, **DECEPTIONS**, **TERROR**, and **PARANOID CONSPIRACIES** that are designed to **SCAM** and **DECEIVE** the public into believing that families are in some **NONEXISTENT** danger with conventional pest control products. They also **SCAM** and **DECEIVE** Government Officials into the **NEEDLESS**, **SENSELESS**, and **MALICIOUS** prohibition of **FEDERALLY LEGAL**, **SCIENTIFICALLY SAFE**, **TOTALLY IRREPLACEABLE**, and **ABSOLUTELY INDISPENSABLE** conventional pest control products. Enviro Maniac Activists are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro-Maniac-Activists accountable for conspiring to change public policies that **TERRORIZE**, **HARM**, and **THREATEN** the Green Space Industry. Their pretentious prohibitionist rants has created **LOSS OF REVENUES**, **BUSINESS FAILURES**, **BANKRUPTCY**, and **UNEMPLOYMENT**, inflicting **DESPAIR** and **DESTITUTION** for **THOUSANDS** of hapless victims throughout the Green Space Industry. The **DEPRAVED INDIFFERENCE** of Maniac Culprit Terrorist Basterds is viewed as a form of **TERROR**, **HARM**, and **THREAT** against the Green Space Industry. Additionally, Force Of Nature inspires people to believe that **ENVIRONMENTAL TERRORISM** can be **STOPPED !** The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All document excerpts and pictures contained in Force Of Nature were found somewhere on the Internet. These documents and pictures are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.
