About Us

For five generations our family has been farming on Vancouver Island since our ancestors came to Canada from Dublin, Ireland over 120 years ago. Within that time we have become the largest Daffodil grower in Canada and the second largest in North America.

We are located on Vancouver Island where the tree covered mountain slopes meet the low-lying areas of the southeastern shores of Vancouver Island known as the Saanich Peninsula on Canada's west coast. With the perfect combination of abundant sunshine and year round warm Pacific winds this area hosts some of the most productive farmland in the world Canada and is very conducive to spring flower production.

Vantreight Farms is a progressive grower and shipper of quality cut [Daffodils](#), [Tulips](#), [Iris](#), [Narcissus](#), [French Tulips](#), [Baby Tulips](#), [Lilies](#), as well as [Daffodil and Tulip Bulbs](#), [Kiwifruit and Vegetables](#). Our packing facility is second to none with a 50,000 sq. ft. warehouse, 8 coolers, shipping and receiving loading dock areas, and a processing plant and equipment with room for further expansion.

As one of the most advanced and progressive bulb operations in North America we recognize the need to invest in our people. Where necessary we have recruited the finest people from around the world for our operations. We have a friendly and knowledgeable Sales Staff with a combined experience of 65 plus years.

Vantreight Farms is highly committed to keeping the tradition of delivering the best quality products, in the most affordable way, while servicing the needs of our valued customers. We look forward to serving you and your needs with the highest of standards now and in the future.

Thank you for your continued business and support,

[Ian Vantreight](#)
