Regional Cancer Society team wins award for cosmetic pesticide work

[Comments](#) [Tweet](#) [1](#) [Like](#)

OCTOBER 11, 2011

CAROLYN GRANT

The Kootenay Region of the Canadian Cancer Society has received a prestigious national award from the Canadian Cancer Society, and Kimberley played a part in making it happen.

The award, called the Circle of Distinction, recognizes team effort between Canadian Cancer Society volunteers and staff and their partners in contributing to the goals and mission of the Society.

In this particular case, the Kootenay team from the Canadian Cancer Society are being honoured for partnering with other agencies and raising awareness of the potential risks of cosmetic pesticides and playing a part in several Kootenay communities, including Kimberley, adopting cosmetic pesticide bylaws.

The local Cancer Society team partnered with local government stakeholders, physicians, community coalitions and partners including Wildsight, Prevent Cancer Now, and Kootenay Citizens for Alternatives Pesticides to form the Pesticide Free Columbia Basin network.

In the region, five municipalities including the District of Invermere, the City of Nelson, the City of Kimberley, the City of Fernie and the Town of Golden, have adopted by-laws restricting the use of cc pesticides. More communities are considering taking action and this momentum has contributed to t

Receiving the Canadian Cancer Society's national Circle of Distinction Award on behalf of the Kootenay Region Prevention Team are Maric Stotts (left), Advocacy Leader with the Canadian Cancer Society Columbia Valley Unit and Pa Moore (right) Health Promotion Coordinator the Canadian Cancer Society, Southern Intero Region. The award was presented by Canadian Cancer Society BC and Yukon Board Chair, Lorraine Grant (centre).

groundswell of support for a provincial cosmetic pesticide ban. Recently, the Regional District of East Kootenay passed a motion in support of provincial legislation.

According to the Society's Public Issues Manager Kathryn Seely, "The award recognizes the outstanding leadership, dedication and contribution demonstrated by the team. By working together in this unique the Kootenay network has assisted the Canadian Cancer Society greatly in carrying out its mission to eradicate cancer and enhance the quality of life for people living with cancer."

Kimberley physician Dr. Ilona Hale worked with the network and made a strong case in favour of the to Kimberley City Council.

"Pesticides have been linked to a multitude of illnesses including both adult and childhood cancers," said. "For our region to be recognized on this important issue at a time when our provincial government exploring provincial legislation is both timely and exciting."

"This is an incredible honour," says Marion Stotts, Volunteer Advocacy Leader for the Canadian Cancer Society Columbia Valley Unit. "It's inspiring to work with countless parents, doctors, teachers, sport coaches and so many others who are concerned about unnecessary pesticide use in our communities means a lot to know that our collective efforts are not only having a local impact, but are also provincially and nationally making a difference."

WILLIAM H GATHERCOLE & NORAH G, National Organization Responding Ag...

OCTOBER 11TH, 2011

LETTER TO THE EDITOR

RESPONSE TO PATTI MOORE & MARION STOTTS

THE BULLETIN / CRANBROOK DAILY TOWNSMAN

CRANBROOK, BRITISH COLUMBIA

Anti-Pesticide HIRED-GUNS employed by Canadian Cancer Society continue to benefit from SAFE, SECURE, WELL-PAYING JOBS, with AWARDS, INCENTIVES, BONUSSES, an BOUNTIES.

AWARDS FOR BEST ANTI-PESTICIDE TERRORISTS

In October 2011, two PAID-FOR-PROFIT HIRED-GUNS in the Kootenay Region of British Columbia received AWARDS called Circle of Distinction.

The AWARDS were given to them by their employer, Canadian Cancer Society, for the contributions towards the GOALS and MISSION of this Anti-Pesticide Organization.

Patti Moore and Marion Stotts were honoured for CONSPIRING to PROHIBIT pest control products in their region, which will INEVITABLY LEAD TO THE DESTRUCTION the Professional Lawn Care Industry.

Observers have nick-named these honours as « Awards For BEST Anti-Pesticide Terrorists of the Year ».

Why ? Because the actions of these two Anti-Pesticide HIRED-GUNS, and that of the organization, is seen as a form of TERROR against the Professional Lawn Care Industry.

ANTI-PESTICIDE TERROR AND CARNAGE

Canadian Cancer Society has MERCILESSLY TERRORIZED, BASELESSLY SMEARED, FALSELY ACCUSED, GROTESQUELY PUNISHED, INNOCENTLY CONVICTED, SHAMELESSLY PERSECUTED, and WRONGFULLY DEPRIVED those people working in the Professional Lawn Care Industry.

Anti-Pesticide CONSPIRACIES by Canadian Cancer Society have led to NEEDLESS and SENSELESS PROHIBITION of pest control products used in the Urban Landscape.

Because of these CONSPIRACIES, DAMAGES to the Professional Lawn Care Industry have been EXTENSIVE because there were NO valid economical alternatives to replace the prohibited products.

Consequently, Professional Lawn Care Companies were UNABLE to provide adequate weed and insect control, and were UNABLE to keep their customers satisfied.

Because of these CONSPIRACIES, EXTENSIVE DAMAGES in the Province of Ontario alone reached 500,000,000 DOLLARS, with up to almost 800 BUSINESS FAILURES and BANKRUPTCIES, and UP TO 12,500 UNEMPLOYED.

40 to 70 per cent of Ontario Professional Lawn Care customers have been

ANNIHILATED.

Because of these CONSPIRACIES, Professional Lawn Care businesses have been force to TERMINATE many or most of their employees.

It is IRONICAL that Anti-Pesticide HIRED-GUNS, like Moore and Stotts, obtain SAFE, SECURE, WELL-PAYING JOBS, with AWARDS, INCENTIVES, BONUSES, and BOUNTIES ...

... These PAY-OFFS are AT THE EXPENSE OF the jobs they will ultimately destroy in the Professional Lawn Care Industry.

PAY-OFFS FOR ANTI-PESTICIDE HIRED-GUNS

In the Kootenay Region, the Anti-Pesticide CONSPIRACIES by Moore and Stotts have resulted in FIVE municipalities that adopted by-laws PROHIBITING the use of pest control products.

Anti-Pesticide HIRED-GUNS, like Moore and Stotts, RECEIVE AWARDS for CONSPIRING to PROHIBIT pest control products.

In addition to these AWARDS, they are paid an INCENTIVE OF 2,000 DOLLARS by Canadian Cancer Society the ORGANIZATION of EVERY Anti-Pesticide Forum.

Anti-Pesticide HIRED-GUNS, like Moore and Stotts, are also paid a BONUS OF 1,000 DOLLARS by Canadian Cancer Society FOR EVERY PRESENTATION MADE TO EACH MUNICIPAL TOWN COUNCIL.

Additionally, for making presentations to Government Officials, they are given a BOUNTY OF 5,000 DOLLARS by Canadian Cancer Society upon SUCCESSFUL PROHIBITION LEGISLATION.

And overall, Anti-Pesticide HIRED-GUNS are PAID a BASE SALARY of OVER 40,000

DOLLARS PER YEAR, plus expenses, by Canadian Cancer Society, to COERCE, INTIMIDATE, and ALARM GOVERNMENT OFFICIALS.

With the FIVE municipalities that Moore and Stotts CONVINCED to adopt PROHIBITION, their PAY-OFF was at least 100,000 DOLLARS.

Since 2005, OVER 30 HIRED-GUNS have been paid by Canadian Cancer Society to CONSPIRE TO PROHIBIT pest control products used in the Urban Landscape.

Observers estimate that these PAYMENTS for Anti-Pesticide HIRED-GUNS have cost OVER 1,500,000 DOLLARS.

REACTION TO MOORE-STOTTS AWARDS AND PAY-OFFS

The fact that Canadian Cancer Society actually doles out AWARDS for « BEST Environmental Terrorists of the Year » has led to a DEAFENING OUTRAGE within the Green Space Industry.

Several observers are also AGHAST about the Golf Industry raising millions for these NARCISSISTIC Anti-Pesticide HIRED-GUNS.

But the GREATEST OUTRAGE is fueled by the fact that Canadian Cancer Society SQUANDERS and MISAPPROPRIATES MILLIONS OF DOLLARS in an effort to PROHIBI products that are HEALTH-CANADA-APPROVED and SCIENTIFICALLY-SAFE.

NO MORE TAX-EXEMPT STATUS

Canadian Cancer Society MISAPPROPRIATES the DONATIONS and GRANTS it collects for cancer research, and DOES NOT PUT HEALTH AND ENVIRONMENT FIRST.

In fact, THE MAJORITY OF ITS FUNDS DO NOT GO INTO RESEARCH.

The MAJORITY OF DONATIONS goes to paying for Activists / Lobbyists / HIRED-GUN and clerical employees.

Canadian Cancer Society also SQUANDERS MILLIONS OF DOLLARS ON SUBVERSIVE Anti-Pesticide CONSPIRACIES.

Observers estimate that these CONSPIRACIES have cost OVER 2,500,000 DOLLARS.

Consequently, demands have been made to have this Anti-Pesticide Organization INVESTIGATED by Government Agencies.

DEMANDS have also been made to REVOKE the TAX-EXEMPT STATUS of Canadian Cancer Society.

WILLIAM H. GATHERCOLE AND NORAH G

National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG).

NORAHG is a NATIONAL NON-PROFIT NON-PARTISAN organization dedicated to representing the work of RESPECTED and HIGHLY-RATED EXPERTS who promote PESTICIDE-REALISM and PESTICIDE-TRUTHS — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry. They are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.
