### SUN NEWS NETWORK

It seems David Suzuki has expensive tastes for someone who wants to shut down the carbon economy within a generation.

Sun News has learned that Suzuki owns four properties in some very exclusive areas. One of his properties includes part of an island he shares with an oil company, among others.

Jessica Hume has more.

**POLL: David Suzuki, who made a name for himself championing the environment and fighting against development and excess, owns four homes with his primary residence valued at around \$8.2 million. Should Suzuki practice what he preaches?**

Ezra Levant confronts David Suzuki and shares new details about Suzuki's hypocritical lifestyle.

Suzuki, and Al Gore, are HYPOCRITES. They do not practice what they preach. No respect for either one of them, and all those ec-nuts.

NOTHING in this article identifies Suzuki as a hyptcrite! So, he has money... He should, he started a corporation! And 8 Mil is nothing compared to, say, a 2 billion dollar provincial scandal... So, you got it, you have permission to remain a sheep!

Dan Fenning I guess you didn't bother to actually read and listen to the evidence.

Nothing identifis him as a hypocryte? Are you kidding? He preaches against excess, carbon footprint, greed and too many people on the planet. He has a non-profit foundation but lives the lifestyle others only dream of. He rants about taxing the rich and giving to the poor yet lives in excess. His whole life is a con. The worst of it is ourtax dollars through CBC and university speaking engagements made him those millions. Not a real job. You must be the last of a dying breed of Suzuki fans that are in total denial.

I for one am tired of paying his CBC welfare cheque, time to cut them both loose, no more of this phony, or the wasteful CBC

I agree with you Kelly and Robert Anes. It's time for an Investigation. Enough of wasting taxpayers money.
