## The largest grassroots recreational golf participation program for women in Canada

The program is aimed to grow women's participation in the game of golf by introducing them to the game through fun, non-intimidating activities. Through a unique partnership structure with the Canadian Cancer Society, this fund-raising program allows the Canadian Cancer Society to MISAPPROPRIATE the money that it collects for cancer research by SQUANDERING hundreds of thousands of dollars on conspiracies leading to the needless, senseless, and malicious prohibition of federally legal, scientifically safe, and totally irreplaceable pest control products.

This program allows the Canadian Cancer Society to MISUSE the millions that it collects from public donations to pay a substantial amount of donation-money for activists to work as SUBVERSIVE and DESPICABLE PAID-FOR-PROFIT CANCER-LOBBYISTS.

With the support of other Environmental-Terror-Organizations, the actions of the Canadian Cancer Society has EXTENSIVELY DAMAGED the Professional Lawn Care Industry.

Furthermore, the Canadian Cancer Society has indicated that it will TERRORIZE the GOLF INDUSTRY NEXT !

Help us reach our goal for 2010 of having 18 900 women play in a Golf Fore the Cure event, and raise over \$950 000 to support Environmental-Terror-Organizations like the Contemptible & Radical Canadian Cancer Society.
