Prohibition-Terrorism in the Province of Quebec

Who ya gonna call for a Lunatic By-Law ? The Lunatics of Hudson

November 4th, 2010

The Gazette

Selected and adapted excerpts

The Lunatic Town of Hudson was once used as a SHIELD by Environmental-Terrorists to PROHIBIT pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

The Lunatic Town of Hudson now wants to PROHIBIT LIGHT POLLUTION AND UNNECESSARY GLARE.

But residents can rest easy. It doesn't mean night-time lighting will be prohibited, or that oil lamps will be recommended. Not yet.

It just means more responsible lighting will be encouraged. And then ... the next step will be PROHIBITION-TERRORISM AGAINST SO-CALLED LIGHT POLLUTION.

But while the Lunatic Council seems ready to take the issue seriously, what may prove to be most difficult if a by-law is eventually passed is enforcing it.

According to Enviro-Maniac Mayor Michael Elliott —

<< I suspect it will be hard to enforce. Kind of like a noise [nuisance] by-law. >>

Prohibition-Terrorism in the Province of Quebec

The Lunatic Town of Hudson had originally used « *nuisance* » as PRETENCE to PROHIBIT PEST CONTROL PRODUCTS.

However, Elliott said council is taking the advice of the its Enviro-Maniac Environment Committee, and will seriously consider PROHIBITION-TERRORISM AGAINST SO-CALLED LIGHT POLLUTION.

According to Enviro-Maniac Elliott —

<< It's true that places like public parking lots may not need as much light as they often pu.. >>

As usual the Enviro-Maniac Mayor refuses to acknowledge the REPERCUSSIONS and CARNAGE of his acts of PROHIBITION-TERRORISM.

A PROHIBITION ON LIGHTS IN PARKING LOTS will lead to a GREATER INCIDENCE OF VIOLENCE to hapless citizens, including the RAPE OF WOMEN.

Just like PROHIBITION OF PEST CONTROL PRODUCTS led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on thousands of hapless victims throughout the Professional Lawn Care Industry.

The Lunatic Town of Hudson is truly governed with DEPRAVED INDIFFERENCE.

Enviro-Maniac Pierre Tournay is the Hudson resident and amateur astronomer behind the idea PROHIBITION-TERRORISM AGAINST SO-CALLED LIGHT POLLUTION. He is thrilled that the wheels have been set in motion, and his goal of a light pollution by-law may become a reality.

Enviro-Maniac Tournay first went to the Vaudreuil Municipal Regional County, which represents twenty-three off-island communities. He presented a LIGHT POLLUTION BY-LAW in 2007, which was understandably ignored.

So ... he decided to target the Lunatic Town of Hudson as a starting point.

WHO YA GONNA CALL FOR A LUNATIC BY-LAW ? THE LUNATICS OF HUDSON.

*Most people in Hudson
who aren't actively mad
are, at best, reformed
or potential lunatics*
