Canadian Manufacturers' Position Regarding Bio-Pesticides and Entomo-Pathogenic Nematode Products

In April 2009, CropLife Canada issued a public letter to the Ontario Ministry of the Environment regarding BIO-PESTICIDES like entomo-pathogenic nematode products.

CropLife is the trade association representing the manufacturers, developers and distributors of plant science innovations — pest control products and plant biotechnology — for use in agriculture, urban, and public health settings.

Here are excerpts from the CropLife letter —

<< The description used in Class 11, « certain bio-pesticides and naturally derived pesticides » DOES NOT CONSTITUTE SCIENTIFIC CRITERIA.

There is NO SCIENTIFIC MERIT for the differentiation between naturally derived and synthetic products.

This type of ARBITRARY DESIGNATION perpetuates the misconception that « natural » automatically means « safe ».

We know of numerous examples of substances that are naturally occurring — such as arsenic, lead, and nicotine — that would clearly NOT BE APPROPRIATE FOR THIS CLASS.

BOGUS

Green Alternatives

The active ingredients listed here certainly do not encompass the full range of innovative, low-risk products that have been made available by members of CropLife Canada.

CropLife Canada requests that the Ministry provide its rationale for the definition of Class 11. [...]

We would suggest that the Province of Ontario consider the Health Canada model, which bases all pesticide assessments on science and the inherent properties of all products — both natural and synthetic — as part of the risk assessment. [...] >>

Jeffrey P. Lowes is a spokesman for the Green Space Industry.

On August 11th, 2010, Lowes issued a report with comments concerning the manufacturers' position on entomo-pathogenic nematode products —

The large manufacturers and suppliers of pest control products have AVOIDED the sale of entomo-pathogenic nematode products to the Professional Lawn Care Industry in order to AVOID any long-term liabilities.

In the event of any LIABILITIES with entomo-pathogenic nematode products, the current suppliers DO NOT have the resources to deal with the situation.

In the event of any LIABILITIES with entomo-pathogenic nematode products, the BURDEN will fall squarely on the Professional Lawn Care Industry.

Neither the federal nor the provincial governments have officially SCHEDULED or CLASSIFIED entomo-pathogenic nematode products as a « *pest control product* ».

However, entomo-pathogenic nematode products are listed as « *alternative pest controls for turf* » by Guelph Turfgrass Institute of the University of Guelph and the Province of Ontario.

N

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed.

O

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

R

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the FOUNDER. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

A

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
