Overview from an Independent Perspective

Ontario is a province located in east-central Canada, the largest by population and second largest, after Quebec, in total area.

Ontario is a haven for radical Environmental-Maniac-Activists, and provides a climate of Enviro-Terror against the Green Space Industry.

Ontario is currently under a Liberal government headed by Premier Dalton McGuinty. The present government, first elected in 2003, was re-elected on October 10th, 2007. It is affectionately called the McGuinty-Ontario-Enviro-Terror-Regime.

There are serious issues with the Ontario Minister of the Environment, John Gerretsen, who has been indiscreet with his close public ties with Enviro-Maniac-Activists, raising the question about the radical interests of the subversive Enviro-Lobby taking precedence. Gerretsen's ministry is directly responsible for Ontario's needless, senseless, and malicious prohibition of federally legal, scientifically safe, totally irreplaceable, and absolutely indispensable pest control products.

The McGuinty-Ontario-Enviro-Terror-Regime passed legislation implementing a « *cosmetic pesticides ban* » that took effect April 22nd, 2009. The requirements of the prohibition are detailed in Ontario Regulation 63/09 and the Pesticides Act, which was amended by the Cosmetic Pesticides Ban Act, 2008.

The legislation generally prohibits the sale and use of pest control products for cosmetic (i.e. « *non-essential* ») purposes — excluding golf courses, some sports fields, specialty turf, forestry, and agriculture.

There are fifteen principal Environmental-Terror-Organizations that operate in the Province of Ontario — • Canadian Association Of Physicians for the Environment (C.A.P.E.) • Canadian Cancer Society (C.C.S.) • Canadian Environmental Law Association (C.E.L.A.) • Children's Hospital of Eastern Ontario. (C.H.E.O.) • David Suzuki Foundation • Ecojustice Canada • Environmental Defence • Ontario Medical Association (O.M.A.) — Pediatrics Section • Ontario Public Health Association (O.P.H.A.) • Organic Landscape Alliance (O.L.A.) • Coalition For Pesticide Reform Ontario • Prevent Cancer Now • Registered Nurses' Association of Ontario (R.N.A.O.) • The Learning Disabilities Association of Canada (L.D.A.C.) • The Ontario College Of Family Physicians (O.C.F.P.).

In January 2010, the Green Space Industry outlined the list of charges against the McGuinty-Ontario-Enviro-Terror-Regime and the Ministry of the Environment. Additionally, individual Enviro-Maniac members of Environmental-Terror-Organizations are also facing fraud charges under the Canadian Criminal Code. The legal challenge is being organized by Jeffrey Lowes and M-REP Communications.

The rape and assault of the Green Space Industry by the McGuinty-Ontario-Enviro-Terror-Regime continues to be endless. It started with pest control products, and it continues now with fertilizers. In 2010, the McGuinty-Ontario-Enviro-Terror-Regime imposed the Municipal Hazardous or Special Waste Program Plan (M.H.S.W.) and Harmonized Sales Tax (H.S.T.). Consequently, the Green Space Industry is being forced to spend even more of its limited financial resources on fertilizers. ENVIRO-TERROR IN ONTARIO WILL NEVER END.

TERRORIST STATEMENTS —

May 15th, 2010 Letter to the Editor Guelph Mercury (Ontario)

Dandelions are not a threat.

In the aftermath of the province's ban on cosmetic pesticide some are making it sound as if dandelions are some sort of catastrophe.

Let's get a little perspective here.

We're talking about small edible plants that harm neither people nor animals.

Unlike the pesticides that were once used across Ontario, dandelions do not increase our risk of cancer, birth defects, or neurological illness.

Let's be clear on what actually threatens us.

Gideon Forman

Background Information from an Independent Perspective

Let's get a little perspective about Forman.

It is truly amazing how Forman attempts to DISTRACT everyone from the CAR-NAGE that he has wrought on society, and the Green Space Industry.

Let's be clear about the TRUE THREAT.

It is Forman himself, and his buddies.

*Forman and C.A.P.E. do not know
what they are talking about*

Forman's C.A.P.E.

Forman is an Enviro-Maniac fund-raiser for the REPUGNANT Canadian Association of Physicians for the Environment (C.A.P.E.).

C.A.P.E. is a vast PROFIT-MAKING Environmental-Terror-Organization operated by a handful of Enviro-Maniac-Activists who are PAID-FOR-PROFIT as SUBVERSIVE LOBBYISTS with a mandate to COERCE, INTIMIDATE, and ALARM the public.

NOT A SINGLE PERSON in C.A.P.E. has any recognized expertise, training or background in matters concerning pest control products !

Forman himself has NO recognized expertise, training or background in matters concerning pest control products ! Forman is neither a scientist nor a researcher nor an expert.

Overall, the opinions origination from Forman, and his Enviro-Basterd-Buddies, are VALUELESS and WORTHLESS in matters concerning pest control products. They do not know what they are talking about !

Forman, and his Enviro-Basterd-Buddies, compensate for their ignorance and lack of expertise by frequently resorting to MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES about pest control products.

Let's be clear about Forman. What has he really done ?

Forman has not prevented any cancer, birth defect, or neurological illness

Forman's Scam and Profits

Forman, and his Enviro-Basterd-Buddies, have CONSPIRED to give the FALSE and FRAUDULENT impression that the public is being exposed to health-threatening and cancer-causing agents whenever a pest control product is used in the Urban Landscape. [Wrong !]

It is truly amazing how Forman, and his Enviro-Basterd-Buddies, concoct UNPROVEN and NON-EXISTENT danger with conventional pest control products by SCAMMING and DECEIVING the public by blurting out HOLLOW and DESPICABLY-ALARMIST expressions like « *birth defects* » and « *cancer* » and « *neurological illness* » ! [Wrong !]

Forman's conspiracy to prohibit pest control products has not prevented a single case of cancer. Nor has there been any reduction in birth defects and neurological illness.

By preaching prohibition, it is common knowledge that Forman's GREEDY and AVARICIOUS organization attracts MORE MEMBERS, MORE DONATIONS, and MORE PROFIT by SCAMMING THE PUBLIC with the CONCOCTION OF FRAUDULENT LIES AND NON-EXISTENT DANGER regarding pest control products used in the Urban Landscape. When Forman and C.A.P.E. brandish JUNK SCIENCE and PROHIBITION, it is LUCRATIVE and PROFITABLE ! As a reward for spreading Environmental-Terror about pest control products, Forman and his Enviro-Basterd-Buddies have acquired a bit of INFAMY, CELEBRITY, and POWER, and have attracted millions of dollars to their coffers.

Forman's Folly

Enviro-Maniac-Activists, like Forman, conveniently consider the hundreds of qualified scientists of Health Canada's respected Pest Management Regulatory Agency to be incompetent and/or incapable of arriving at correct scientific findings concerning conventional pest control products.

In order to allow SOUND SCIENCE to be effectively practiced when evaluating pest control products, it would be preferable leave the interpretation of scientific research to those people who ARE competent to do it — Health Canada, and NOT people like Forman.

NO pest control product can be sold or used until Health Canada's scientists have evaluated ALL the existing evidence to determine whether the product meets stringent health and safety requirements.

Health-Canada-Registered pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada ! Overall, when they are used properly, there are NO harmful irreversible effects to health and the environment !

Let's be clear what actually threatens society, and the Green Space Industry in particular. The threat DOES NOT come from pest control products, but from Forman, and his Enviro-Basterd-Buddies. They CONSPIRED towards NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products. And what followed is CARNAGE !

*Forman is the REAL threat,
not pest control products*

Forman's Carnage

Forman, along with his Terrorist-Buddies, have DESTROYED the Modern Professional Lawn Care Industry. Their DEPRAVED INDIFFERENCE has led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on thousands of hapless victims throughout the Green Space Industry.

In 2009, the Ontario Professional Lawn Care Industry lost over THREE-HUNDRED-MILLION-DOLLARS.

By early summer 2009, Professional Lawn Care customers were OBLITERATED BY AT-LEAST-TWENTY-FIVE-PER-CENT !

By autumn 2009, up to FORTY-TO-SEVENTY-PER-CENT of customers were ANNIHILATED !

By late 2009, OVER-FIVE-THOUSAND HAPLESS VICTIMS were UNEMPLOYED (full time employees and summer students).

Consequences for Forman

Forman and his Enviro-Basterd-Buddies are experts in avoiding the consequences of their FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES regarding pest control products. But not for long. The Green Space Industry has outlined the list of CHARGES OF FRAUD AND CONSPIRACY against Forman and his Terrorist-Buddies, as well as the Government of Ontario. It is ironical that they will defend themselves in court with the tens of thousands of dollars acquired from public donations and government grants. Nonetheless, they will learn to feel the Terror of the Courts !

We must defend the industry, whatever the cost may be !

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of e-newsletters destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY.

O

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing that families are in some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

H

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
