Pesticide ban is good

Re: Halton MP seeks amendment to pesticide ban, The Oakville Beaver, Wednesday, May 23, 2012.

I read with great sadness that Halton MPP Ted Chudleigh is proposing to change the provincial pesticide ban.

The ban was not entered into lightly. A great many knowledgeable, caring people worked tirelessly because they cared deeply about their children, their health and the environment in general.

We cannot afford to take a step backwards. The spraying of pesticides, and it makes no difference whether it is a licenced professional or not (the end result is the same), is irresponsible.

I think the majority of citizens of Ontario are proud, and should be proud, to know that we were one of the first provinces to become pesticide-free. Good for us. What a wonderful example for our children.

MAJORITY of Ontarians DO NOT WANT PESTICIDE BAN

Pest control products are SCIENTIFICALLY SAFE, and NO HARM WILL OCCUR when they are used according to label directions. Not surprisingly, Mr. Chudleigh AGREED ? and deserves CONGRATULATION. The MAJORITY of Ontarians AGREE with Mr. Chudleigh, since according to a recent Ontario poll, MORE THAN HALF of Ontario residents believe that the provincial government DID NOT DO THE RIGHT THING by implementing Anti-Pesticide PROHIBITION. Ontario residents WOULD RATHER HAVE THE BAN SCRAPPED OR MODIFIED.
