Dating Service For Enviro-Maniacs

Dating Websites Match.com and eHarmony are what lonely Enviro-Maniacs typically think of when online dating is mentioned.

Yet, these sites don't cater to the more bizarre or niche category of people who don't fit this bland kind of dating.

Whether it's Singlesnet, PlentyofFish and the like, it's pretty much the same routine :
Take dozens of pictures of yourself,
choose two or three that stand out,
write how awesome an Enviro-Maniac you are,
and you go for it !

But what of the atypical Enviro-Maniac markets ?

Is it possible for them to find love and happiness ?

The following is a pretty good indication that there is room for ALL Enviro-Maniacs.

It is hoped that if Enviro-Maniacs can find love and happiness, perhaps they will be less inclined to conspire in prohibiting federally legal, scientifically safe, and totally irreplaceable pest control products.

Don't thank the people at Force of Nature.

This is a public service.

And we are glad to do it.

FORCE OF NATURE was launched for continuous transmission on the Internet on January 1st, 2009. It is a series of e-newsletters destined for the Green Space Industry, the Environmental-Terror-Movement, Government Officials, and the Media, nation-wide across Canada, the United States, and overseas.

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Norah G is actually an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, and Orchard. Many of these people are leaders in their own industries. The opinions expressed in Force Of Nature, even though from an **INDEPENDENT PERSPECTIVE**, may not reflect those of everyone in the Green Space Industry, or Mr. Gathercole's many associates. Be warned ! Force Of Nature may sometimes be very irreverent and fearless with these e-newsletters. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder.

O

William H. Gathercole is a principal **FOUNDER** of the Modern Professional Lawn Care Industry in **BOTH** Ontario and Quebec. He holds a degree in Horticulture from the **UNIVERSITY OF GUELPH**, and another pure and applied science degree from **McGILL UNIVERSITY**. He has worked in virtually all aspects of the Green Space Industry, including **GOLF** and **PROFESSIONAL LAWN CARE**, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the execution of **HUNDREDS OF THOUSANDS** of pest control applications in the urban landscape. He has trained, instructed, and consulted with **THOUSANDS** of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for **TURF & Recreation Magazine**, Canada's Turf and Grounds Maintenance Authority.

R

Mr. Gathercole has followed the evolution of **ENVIRONMENTAL-TERRORISM** for over a quarter-century. His involvement in Environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the prohibition of pest control products in the Town of Hudson, Quebec. For **FIFTEEN YEARS**, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental-Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. Although he can be accused of being Anti-Environment-Movement, he is, in fact, simply a strong advocate **FOR** the Modern Green Space Industry. However, this position has not precluded him from criticizing the Green Space Industry itself. Nonetheless, his vast knowledge of our long journey with Environmental issues is **UNDENIABLE**. (Hopefully !)

A

Force Of Nature is the instrument of **National Organization Responding Against Huje** that harm the Green Space Industry (**NORAHG**) by concocting statements and activities seeking to prohibit **FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE** conventional pest control products. Enviro-Maniacs are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro-Maniac-Culprit is a mis-guided adversary, each still deserves our respect. The terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong-doing. Force Of Nature is simply holding Alleged culprits accountable for conspiring to change public policies that **TERRORIZE** and **THREATEN** the Green Space Industry. Their pretentious prohibitionist rants has created **LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT**, inflicting **DESPAIR** and **DESTITUTION** for **THOUSANDS** of hapless victims throughout the Green Space Industry. The **DEPRAVED INDIFFERENCE** of Maniac-Culprit-Terrorist-Basterds is viewed as a form of **TERROR** against the Green Space Industry. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events with commentary. Additionally, Force Of Nature inspires people to believe that **ENVIRONMENTAL-TERRORISM** can be **STOPPED** ! The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All document excerpts and pictures contained in Force Of Nature were found somewhere on the Internet. These documents and pictures are in the public domain, serving one of the following purposes : archive, education, promotion, publicity, or press release.
