Over the next few years can you:

- effort to pay more for Renewables
- effort to pay more until the system is fixed
- Fix rates now
- Lower rates immediately is vital

BULLFROG POWER FINED \$25,000

by Richard Wakefield

Seems Bullfrog's contracts were illegal. So was their claim

"In Ontario, Bullfrog Power generation injects EcoLogoM certified wind power and low impact hydro power into the Ontario electricity grid to match the amount of power your home uses"

See ruling here:

http://www.ontarioenergyboard.ca/OEB/_Documents/Compliance/Bullfrog_Assurance%20Voluntary%20Compliance_20110909.pdf

Specifically note about moving out of the home/cancelling H1 contract.
