According to Anti-Pesticide Activist Karen Montgomery, we need to somehow stand up against illnesses and diseases over which we do have control, such as respiratory attacks brought on by pesticide use.

We say ... show us which illnesses and which diseases ?!?!?

We say ... show us who had a respiratory attack ?!?!?

We say ... SHOW US THE BODIES.

More specifically, MEDICAL RECORDS.

Who are, or were, those people ALLEGEDLY harmed by pest control products ?

Where are the medical records ?

Unfortunately, Anti-Pesticide Activists like Montgomery are UNABLE to provide bodies, bodies, bodies.

Bodies of REAL evidence.

The public must be warned that the issues concerning pest control products are CONTROVERSIAL only because they were CONCOCTED by Anti-Pesticide Activists.

Anti-Pesticide Activists like Montgomery MUST STOP using TOTALLY FALSE and UNTRUE MIS-REPRESENTATIONS designed to alarm and enrage the public and enhance their BUSINESS, CASH-FLOW, PROFIT, or CELEBRITY.

It is a MYTH to believe that, without Anti-Pesticide PROHIBITION, there will be serious medical problems.
