# Cavers stands up for health

Re: ('Cavers wants total city pesticide ban,' Feb. 14):

Thank you to city councillor Donovan Cavers for trying to protect the health and well-being of ourselves, our children and our grandchildren. It is comforting to know someone cares.

There are so many illnesses and diseases over which we have little or no control.

We need to stand up for the ones over which we do have control, such as respiratory attacks brought on by pesticide use.
