Response No. 1

B.C. & Ontario Polls Say NO Pesticide Ban

Environment Minister Terry Lake is WRONG !

The ONLY people who want Anti-Pesticide PROHIBITION in British Columbia (B.C.) are a SMALL GROUP of activists with VESTED INTERESTS defended by the IMAGINARY DANGER of pest control products.

A recent POLL conducted by Canadian Consumer Specialty Products Association (CCSPA) showed that the VAST MAJORITY of residents in British Columbia are OPPOSED to the PROHIBITION of conventional pest control products, and they actually FAVOUR the continued use of these products around their homes and in public green spaces.

For more information about BRITISH COLUMBIA POLL, please go to the following web-page ...

<http://wp.me/P1jq40-2bo>

According to another recent Ontario poll, MORE THAN HALF of Ontario home-owners believe that the provincial government DID NOT DO THE RIGHT THING by implementing Anti-Pesticide PROHIBITION.

Ontario home-owners WOULD RATHER HAVE THE BAN SCRAPPED OR MODIFIED.

For more information about ONTARIO POLL, please go to the following web-page ...

<http://wp.me/P1jq40-3kB>

Not surprisingly, Kamloops Councillor Cavers NEVER conducted a serious scientific study on pest control products ... evidently because he is NOT COMPETENT OR MOTIVATED to do so.

Let's keep in mind that Cavers operates an Organic Food business that would clearly PROFIT from Anti-Pesticide PROHIBITION.

Nonetheless, Cavers COULD NOT EVEN BE BOTHERED to have used the EXTENSIVE TOXICOLOGY DATABASE that is available from both Environmental Protection Agency and Health Canada.

Cavers prefers to attempt PROFITING from Anti-Pesticide PROHIBITION, at the expense of the Professional Lawn Care Industry.

For more information about CAVERS, go to the following web-page ...

<http://wp.me/P1jq40-3mO>

Any PROHIBITION of pest control products is NOT JUSTIFIED because STRICT REGULATIONS based on scientific research already PROTECT our health and our environment.

Scientific research shows that, as reported through Health Canada's VAST TOXICOLOGY DATABASE, NO HARM WILL OCCUR when pest control products are used according to label directions.

The RISK ASSESSMENT of pest control products indicates that they are PRACTICALLY-NON-TOXIC.

Consequently, it is a fact that pest control products CAUSE NO HARM, including chronic effects such as CANCER.

The Fraser Institute, one of the Top 25 leading THINK-TANKS in the world, has said that the proposed B.C. ban is ILL-CONCEIVED, and DOES NOT accurately reflect the current state of scientific knowledge.

Terry Lake ... Stay Off Our grASS !

Response No. 2

Commission Receiving Record Number of Submissions !?!?

Predictably, Anti-Pesticide Activists, such as those in Canadian Cancer Society, DELUGED the government with THOUSANDS, YES THOUSANDS, of submissions with COMMENTS that can only be described as LIES and MIS-INFORMATION.

The issue here is CREDIBILITY of the source of information, since the VAST MAJORITY of the COMMENTS were ORCHESTRATED, through a coast-to-coast CAMPAIGN, using NON-EXPERT VOLUNTEERS with Canadian Cancer Society.

Incredibly, NOT A SINGLE Anti-Pesticide Activist has ANY recognized expertise, training or back-ground in matters concerning pest control products!

NORAHG

Any PROHIBITION of pest control products is NOT JUSTIFIED because STRICT REGULATIONS based on scientific research already PROTECT British Columbian health and environment.

If (or when) British Columbia IMPOSES PROHIBITION, it will be 100 per cent Politically-Based and 0 per cent Science-Based.

If (or when) British Columbia IMPOSES NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION against pest control products used in the Urban Landscape, there will be NO RECOURSE but LITIGATION against Anti-Pesticide Activists and Government Officials.

Moreover, demands will continue for the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti-Pesticide Organizations like Canadian Cancer Society.

Anti-Pesticide Activists and Government Officials are advised that all names, statements, activities, and affiliations have been ARCHIVED for eventual CRIMINAL CHARGES.

When criminal charges for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION!

The Government of British Columbia may wish to consider providing an EXCEPTION STATUS to ALL CERTIFIED APPLICATORS, including those in the Professional Lawn Care Industry.

EXCEPTION STATUSES have been adopted in jurisdictions like Kamloops and Salmon Arm, where Government Officials have left pest control products in the hands of professionally-trained applicators.

WILLIAM H. GATHERCOLE AND NORAH G

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry.

There is NO RECOURSE but LITIGATION against these HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of their organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library Force Of Nature Reports and References, which is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION against Anti-Pesticide Vermin.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !
