How to use our Website

The menu across the top of each page shows the website's topics.

For example, "about pesticides" explains why BCers need to be concerned about cosmetic pesticide use. "take action!" has info on how you can help get a provincial ban.

For BC's 25 bylaws, click on "bylaw communities" on the top menu. Then click on "In British Columbia" in the top left sidebar ... sidebars are the "green lawn" boxes.

To search the website, use the bottom left sidebar on each page. Type in what you're looking for ("children", "pets", "golf", "ban") and hit your "enter" key.

Throughout the website, links to sources and additional info are grey and underlined.

Pesticide Free BC

Welcome to our website.

This website was created in April 2009 by a BC family who knows the risk of cosmetic pesticide exposure depends on where you live in British Columbia – this is wrong.

We also know of the harmful second-hand effects of exposure to invisible pesticide residue. Our daughter's Multiple Chemical Sensitivities (MCS) was likely caused by exposure as a toddler. She put EVERYTHING into her mouth, including sprayed stones.

Our family wants to accomplish four goals with this website:

- We want to help get a provincial ban on the sale and use of cosmetic pesticides.

A ban is needed to reduce the risk of pesticide exposure to protect all British Columbians (especially our vulnerable children and pets) and to protect BC's wildlife, fish, and water resources (especially our drinking water and prized BC salmon).

Ontario and Quebec have precautionary provincial pesticide bans. BC needs one too.

- We want to increase awareness of the risks that cosmetic pesticides pose to our health and the environment.
- We want to increase awareness of Pesticide Free initiatives across Canada and in BC communities.

BC has 11 precautionary "gold medal" pesticide bylaw communities (see bottom right sidebar). Use the "In BC bylaw communities" info to find out how your loved ones are protected from pesticide exposure and if not, what needs to be in place.

- We want to help British Columbians get our lawns & gardens off drugs and shift to sustainable lawn & gardening practices.

Audacious goals, yes. But, it is time to take action! Yes we can!

The Best Place on Earth must be Cosmetic Pesticide Free.

Will BC Govt Listen?

The BC Government has promised to consult with British Columbians "on new statutory protections to further safeguard our environment from cosmetic chemical pesticides".

Consultation details are being determined.

This process **MUST** address public health issues AND what will be in BC's "gold medal" ban.

Pesticide Part 1 Free BC

FORCE OF NATURE was launched for continuous transmission on the Internet on January 1st, 2009. It is a series of e-newsletters destined for the GREEN SPACE INDUSTRY, the Environmental Terror Movement, Government Officials, municipalities, and the media, nation-wide across Canada, and parts of the United States and overseas. **FORCE OF NATURE** is produced in two parts. First, The MEDIA REPORT itself that reports on the current events affecting the future of the GREEN SPACE INDUSTRY. Second, INDEPENDENT PERSPECTIVE, which is a running commentary, sometimes technical in nature. **FORCE OF NATURE** is the WHOLE TRUTH from an INDEPENDENT PERSPECTIVE ! **FORCE OF NATURE** is **TOTALLY INDEPENDENT** of any trade association or business operating within the Green Space Industry.

FORCE OF NATURE is the brainchild of William H. Gathercole and his entourage. Norah G is actually an acronym for the stable of anonymous producers and writers that contribute to this e-newsletter and have now replaced Mr. Gathercole. They consist of people from the following industries : Distribution, Fertilizer, Golf, Lawn Care, Manufacturing, Municipal, Nursery, Orchard. Many of these people are leaders in their own industries. The opinions expressed in **FORCE OF NATURE**, even though from an INDEPENDENT PERSPECTIVE, may not reflect those of everyone in the GREEN SPACE INDUSTRY, or Mr. Gathercole's many associates. Be warned ! **FORCE OF NATURE** may sometimes be very irreverent and fearless with these e-newsletters. **DON'T THANK US. IT'S A PUBLIC SERVICE. AND WE ARE GLAD TO DO IT.** Mr. Gathercole is now retired from **FORCE OF NATURE**, although his name continues to appear as the founder.

William H. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the GREEN SPACE INDUSTRY, including GOLF and PROFESSIONAL LAWN CARE, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised—consulted—programmed—overseen the execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with, THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole has followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter-century. His involvement in environmental issues reached a fevered pitch in the 1990s, when he orchestrated, with others, legal action against unethical and excessive municipal regulations restricting the use of pest control products. (i.e. the Town of Hudson, Quebec.) For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Enviro-Terror for the Entire Green Space Industry across Canada. Although he can be accused of being ANTI-ENVIRONMENT-MOVEMENT, he is, in fact, simply a strong advocate FOR the GREEN SPACE INDUSTRY, from an INDEPENDENT PERSPECTIVE. However, this position has not precluded him from criticizing the Green Space Industry itself. Nonetheless, his vast knowledge of our long journey with environmental issues is UNDENIABLE. (Hopefully !)

They are MODERN and GREATLY EFFECTIVE when compared to most DISAPPOINTINGLY INEFFECTIVE and STUNNINGLY EXPENSIVE Green Alternatives favoured by IGNORANT Enviro-Maniacs. © Enviro-Maniac-Culprits are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro-Maniac-Culprit is a mis-guided adversary, each still deserves our respect. The terms Enviro-Maniac-Culprit or terrorist or bastard are not accusations of any legal wrong-doing. **FORCE OF NATURE** is simply holding Enviro-Maniac-Culprits accountable for conspiring to change public policies that TERRORIZE and THREATEN the Green Space Industry. **FORCE OF NATURE** believes that the prohibitionist policies of the Environmental-Terror-Movement will lead to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, creating DESPAIR and DESTITUTION for THOUSANDS of people throughout the Green Space Industry. The actions of Maniac-Culprits-terrorists-basterds in the movement are viewed as a form of TERROR against the Green Space Industry.
