IEPMA pushes for proper use initiative
versus outright prohibition of
pest control products in British Columbia

December 2009

T&R Government Affairs

Selected and adapted excerpts

As turfgrass management professionals in British Columbia brace themselves for the possibility of a province-wide ban on certain pest control products, organizations such as the Integrated Environmental Plant Management Association of Western Canada (IEPMA) are hoping TO LAUNCH A PRE-EMPTIVE STRIKE.

According to IEPMA's Communications Director **John J. Holland** —

Late yesterday, I was e-mailed the following question from one of our members who had received my latest email —

« Do you have suggestions on how to get fence-sitters to become involved ? »

That is, those who think prohibition is inevitable.

I think this is a very good question, even though I do not have a definite answer on how to get the fence-sitters involved.

It is difficult to convince everyone in our membership — and others with whom I correspond — to do something, even if it is in their own best interest.

In case some of you have not yet realized it, the guillotine is over your heads, and could soon be crashing down if we do nothing.

However, the situation need not be terminal, particularly if we all pitch in to do what we can.

I met last week with STEVE THOMSON, THE BRITISH COLUMBIA MINISTER OF AGRICULTURE, and we talked for about an hour.

Minister Thomson has a background in farming, and has been chairman of British Columbia Tree Fruits, so should have NO REASON to be anti-pesticide.

He told me that no decision has been made on the use of « cosmetic » pesticides, and that the subject has not yet been discussed in cabinet.

He also says that GARY PENNER, MINISTER OF THE ENVIRONMENT, usually GOES WITH THE SCIENCE.

One of our members also met, on our behalf, with BILL BENNETT, MINISTER OF COMMUNITY AND RURAL AFFAIRS, and got a similar story.

However, there is obviously a lot of pressure being put on the British Columbia Government by the Canadian Cancer Society, the Suzuki Organization, Toxic Free Canada, and other uninformed and biased anti-pesticide groups.

Do I think our petition alone will be what makes the Government decide in our favour ?

No, but it certainly is a way to show that more people are willing to complete a petition against a ban than there are those who would do so for the opposite side.

It is just one of the ways for us to be as pro-active and vocal as our opponents.

This petition is not the only way the IEPMA plans to get involved, or has been involved.

As I have mentioned, there have been meetings with cabinet members.

I have forwarded information to Government members.

The IEPMA has been assured it will be a stakeholder in any discussions taking place about « cosmetic » pesticides.

Most of you have seen the letters I have written to the Canadian Cancer Society — letters, as it turns out, that have been forwarded by others to hundreds of people across Canada, including Government officials, some of whom have taken the time to thank me for putting the information together.

I have spent many hundreds of hours this year alone trying to put information together about the real science behind pesticides, making Power Point presentations to various groups (including municipal councils) around British Columbia, and corresponding with scientists around the world.

In September [2009], I took part — at the request of the Pest Management Regulatory Agency of Health Canada — in a panel discussion on « cosmetic » pesticide bans at the annual Federal/Provincial/Territorial Health Canada meeting in Winnipeg.

I made a number of good contacts, and had discussions with many people from regulatory agencies across Canada.

NO ONE I SPOKE TO WAS IN FAVOUR OF BANNING PESTICIDES — except, of course, the few from anti-pesticide groups that had also been invited.

The bottom line — our petition does matter, but it is only a small part of what we are undertaking.

If you are one of those sitting on the fence, then it is time to take a stand and do something.

IT IS YOUR LIVELIHOOD THAT IS BEING THREATENED BY KNOW-NOTHINGS AND CHARLATANS.

The battle will certainly be lost if we do nothing, sit on the fence, and allow those emotionally opposed to pesticides to run the circus.

IT IS APATHY THAT CAN DEFEAT US.

BRITISH COLUMBIA CONSULTATION

In the August 25th 2009 Speech from the Throne, the Government of **British Columbia** committed to consult British Columbians on —

« *new statutory protections to further safeguard the environment from cosmetic chemical pesticides* »

So-called ENVIRO-TERROR-ALLIANCES were CONCOCTED by Enviro-Lunatic-Activists to SUBVERT the consultation process.

These ENVIRO-TERROR-ALLIANCES CONSPIRED TO PRETENTIOUSLY PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

In many cases, the LEADER of these ENVIRO-TERROR-ALLIANCES is The Puppet-Master himself, **David Suzuki**.

Suzuki is the fund-raiser for David Suzuki Foundation, seeking members and donations for his own organization.

Neither Suzuki, nor ANY of his co-conspirators, has ANY recognized expertise, training, or background, in matters concerning pest control products or the Green Space Industry.

The Suzuki ENVIRO-TERROR-ALLIANCES are actually SHIELD organizations.

REASONS FOR ENVIRONMENTAL-TERROR-SHIELDS

Prohibition-Terrorist-Organizations have often used SHIELDS, which are also called UMBRELLAS or FRONT GROUPS or ALLIANCES or COALITIONS.

SHIELDS have been set up and controlled by one or several PARENT ORGANIZATIONS to become part of ENVIRO-TERROR-ALLIANCES.

SHIELDS can perform acts of FRAUD, CONSPIRACY, and SUBVERSION without the actions being attributed to the PARENT ORGANIZATIONS, and SHIELDS may provide some limited protection from legal liability for the PARENT ORGANIZATIONS.

Background Information from an Independent Perspective

MORE REASONS FOR ENVIRONMENTAL-TERROR-SHIELDS

SHIELDS have also been set up for the following reasons —

- For collecting MILLIONS OF DOLLARS in memberships and donations for the PROFIT of GREEDY RADICAL Prohibition-Terrorist-Organizations.
- For concealing the views of supposedly moderate professionals, such as Enviro-Lunatic-Health-Care-Workers, in an attempt to mask their SUBVERSIVE LUNATIC views, hence DISCRETELY satisfying their cravings as a POWER-HUNGRY, AVARICIOUS, UNSCRUPULOUS, DEPRAVED ENVIRO-LUNATIC PSEUDO INTELLIGENTSIA.
- For ensuring that the non-profit tax status of the PARENT ORGANIZATIONS is not jeopardized by their SUBVERSIVE LUNATIC activities.
- For giving everyone the FALSE and FRAUDULENT impression that the Environmental-Terror-Movement has considerable size and power, when in fact, it DOES NOT.
- For giving the public the FALSE and FRAUDULENT impression that there is grass-roots support for SUBVERSIVE LUNATIC public policies.

SUBVERSIVE LUNATIC PROHIBITION-TERRORIST-ORGANIZATIONS OPERATING IN BRITISH COLUMBIA

Directly or indirectly, previously or currently, the following Prohibition-Terrorist-Organizations control, operate, and/or support the CONSPIRACY to PROHIBIT pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE —

- Canadian Association of Physicians for the Environment (CAPE)
- Canadian Cancer Society (CCS) — BC and Yukon Division
- Canadian Coalition for Health and Environment (CCHE)

- Pesticide Free BC
- Pesticide Free Columbia Basin Coalition
(Formerly Pesticide Free Columbia Valley Coalition)
- Prevent Cancer Now
- Sierra Club of Canada
- Sunshine Coast Clean Air Society
- Toxic Free Canada (the public affairs shield for Labour Environmental Alliance Society, LEAS)
- West Coast Environmental Law (WCEL)
- Western Canada Wilderness Committee
- Wildsight.

ENVIRO-LUNATIC-ACTIVISTS OPERATING LUNATIC ORGANIZATIONS

NOT A SINGLE Enviro-Lunatic-Activist has ANY recognized expertise, training, or background, in matters concerning pest control products.

Consequently, Enviro-Lunatic-Activists compensate for their lack of expertise by resorting to MYTHS, DECEPTIONS, MISCONCEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, TERROR, COERCION, THREATS, and PARANOID CONSPIRACIES about pest control products.

Background Information from an Independent Perspective

Overall, Prohibition-Terrorist-Organizations are composed of NON-PROFESSIONAL and IGNORANT Enviro-Lunatic-Activists with the cravings of a POWER-HUNGRY, AVARICIOUS, UNSCRUPULOUS, DEPRAVED ENVIRO-LUNATIC PSEUDO INTELLIGENT-SIA.

Despite the seemingly large number of organizations that CONSPIRE to PROHIBIT pest control products, these Prohibition-Terrorist-Organizations are operated by a mere dozen or so Enviro-Lunatic-Activists who are mostly BORED and OUT-OF-CONTROL HOUSE-WIVES, and UNEMPLOYED or UNEMPLOYABLE social outcasts.

CONTEMPTIBLE TACTICS OF LUNATIC ORGANIZATIONS

Prohibition-Terrorist-Organizations concoct MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES to SCAM and DECEIVE the public into believing there is some NON-EXISTENT danger with conventional pest control products.

Prohibition-Terrorist-Organizations also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IR-REPLACEABLE, and ABSOLUTELY INDISPENSABLE.

Prohibition-Terrorist-Organizations give the FALSE and FRAUDULENT impression that the public is being exposed some IMAGINARY DANGER whenever a pest control product is used in the Urban Landscape. [Wrong !]

ARE LUNATIC ORGANIZATIONS MORE KNOWLEDGEABLE THAN HEALTH CANADA ?!?!?

NO ! Prohibition-Terrorist-Organizations conveniently consider the hundreds of qualified scientists of Health Canada's respected Pest Management Regulatory Agency to be incompetent and/or incapable of arriving at correct scientific findings concerning conventional pest control products.

Background Information from an Independent Perspective

In order to allow SOUND SCIENCE to be effectively practiced, it would be preferable leave the interpretation of scientific research to those people who ARE competent to do it — Health Canada, and NOT Prohibition-Terrorist-Organizations.

NO pest control product can be sold or used until Health Canada's scientists have evaluated ALL the existing evidence to determine whether the product meets stringent health and safety requirements.

Conventional pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada.

Overall, when they are used properly, there are NO harmful irreversible effects to health and the environment.

INTEGRATED ENVIRONMENTAL PLANT MANAGEMENT ASSOCIATION OF WESTERN CANADA

The Integrated Environmental Plant Management Association of Western Canada (IEPMA), in conjunction with its membership, has been VERY decisive regarding the CONSPIRACY to PROHIBIT pest control products in British Columbia.

After all, conventional pest control products are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

The Integrated Environmental Plant Management Association has correctly recognized that this is a BEACH-HEAD in the FIGHT FOR VICTORY against the Terrorist Conspiracy to Prohibit pest control products in British Columbia.

The future of the entire Modern Green Space Industry is at stake.

Force Of Nature is NOT Propaganda Just The Whole Truth From An Independent Perspective

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
