British Columbia DOES NOT need
a ban on safe, tested, regulated,
and legislated pest control products

The Daily News

[Kamloops, British Columbia]

Letter to the Editor

I respectfully must DISAGREE with Mr. Donovan Carvers' statement, « *A province-wide cosmetic-pesticide ban would demonstrate a strong start in your tenure as British Columbia's minister of the environment* ». (March 16th, The Daily News).

[Donovan Carvers is an Organic Farmer and an Active Member of Green Drinks Kamloops, the local drunken Enviro-Lunatic excuse for swilling beer, and SUBVERSIVE Green Party of Canada, the POLITICAL-SHIELD for the Environmental-Terrorist-Movement.]

As a citizen of British Columbia, I would expect more from our newly-appointed Minister of Environment when dealing with the issue of a provincial pesticide ban.

Speaking Out Against

Ramming through such a ban just to strengthen his tenure would certainly prove that the Honourable Terry Lake is not capable of handling this important position.

[Honourable Terry Lake was appointed Minister of Environment on March 14th, 2011. He was first elected in 2009 as Member of the Legislative Assembly for the riding of Kamloops–North Thompson. A veterinarian by profession, Lake served as Mayor of the City of Kamloops from 2005–2008 and as a City Councillor from 2002–2005.]

Before making a knee-jerk decision, I would expect the Honourable Lake to REFER TO EXPERTS on the subject.

And, by experts I DO NOT MEAN the Canadian–Cancer–Society or other advocacy groups, as THEY DO NOT HAVE ANY EXPERTISE IN THE FIELD OF PESTICIDES.

Experts are toxicologists, doctors, and scientist, whose expertise is in the field of pesticides — Health Canada would be a good start.

If the Honourable Lake refers to such experts, he and Premier Clark will find the current Integrated Pest Management Act, regulations, and legislation, are ALL THAT IS NEEDED.

There is NO EVIDENCE that the combined federal and provincial acts are failing to protect the health of British Columbians.

British Columbia DOES NOT need a ban on these safe, tested, regulated, and legislated pest control products.

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
