### British Columbia 2013 General Election

---

The 40<sup>th</sup> British Columbia ( BC ) General Election, scheduled for May 14th, 2013, will elect the 85 members of the Legislative Assembly in the Canadian province of British Columbia.

The BC Liberal Party formed the government during the 39<sup>th</sup> Parliament prior to this general election, initially under the leadership of Premier Gordon Campbell, then, after his resignation, Christy Clark.

The New Democratic Party ( NDP ) under the leadership of Carole James, and then Adrian Dix, formed the Official Opposition.

The BC Green Party under the leadership of Jane Sterk and and the BC Conservative Party under John Cummins, though they had no representation in the last parliament, have also been included in the 2013 General Election.

New Democratic Party of British Columbia is a social-democratic political party that operates as the POLITICAL SHIELD for Anti-Pesticide and Environmental-Terrorist Organizations.

Prior to the 2013 Provincial Election Campaign, NDP also operated as the official opposition to the governing Liberal Party, following the 2009 Provincial Election.

The LUNATIC ENVIRO-POLICIES of NDP are justified by CONCOCTING the PRETEXT of somehow protecting the environment.

### NDP-Lunatics Threaten Anti-Pesticide PROHIBITION

---

In British Columbia, Anti-Pesticide and Enviro-Lunatic NDP Leader Adrian Dix rolled out his Environmental Platform ( a.k.a. LUNATIC ENVIRO-POLICIES ) on Earth Day in the City of Kamloops by reaffirming his NEEDLESS, SENSELESS, and MALICIOUS OPPOSITION against pest control products.

Dix said the NDP would pass a province-wide PROHIBITION against the use of pest control products on private lawns and gardens, while BC Liberal Leader Christy Clark said AN OUTRIGHT PROHIBITION GOES TOO FAR.

Dix said he will IMPOSE PROHIBITION IN DEFIANCE of a bi-partisan Special Committee that concluded in 2012 that there was NOT ENOUGH EVIDENCE TO WARRANT AN OUTRIGHT PROHIBITION.

The NDP-Lunatic PROHIBITION will DESTROY ALL BUSINESSES operating in the Professional Lawn Care Industry.

Moreover, according to Christy Clark —

*I guess Mr. Dix's plan would be to ignore ... what bi-partisan committees have to say, but that's not the way I want to run government.*

## 2013 Provincial Election Campaign

### British Columbia's Special Committee On Cosmetic Pesticides

---

On May 17<sup>th</sup>, 2012, British Columbia's Special Committee On Cosmetic Pesticides STOPPED THE TREND towards NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION.

The Special Committee announced that it DID NOT RECOMMEND PROHIBITION against pest control products used in the Urban Landscape.

Based upon the recommendation from the Special Committee, on February 20<sup>th</sup>, 2013, legislation was introduced in British Columbia that would GRANT an EXCEPTION STATUS to businesses operating in the Professional Lawn Care and Golf Industries.

Only CERTIFIED OR LICENSED EXPERTS working within these industries are PERMITTED to use pest control products in the Urban Landscape.

The Government of British Columbia made THE RIGHT CHOICE, and deserves CONGRATULATION.

### NDP-Lunatics Repeated Demands For PROHIBITION

---

On May 30<sup>th</sup>, 2012, New Democratic Party ( BC NDP ) introduced a PROPOSAL TO ARBITRARILY PROHIBIT against pest control products used in British Columbia.

# British Columbia

## 2013 Provincial Election Campaign

In total, New Democratic Party made FOUR ATTEMPTS to bring into law a province-wide PROHIBITION against the use of pest control products in British Columbia.

During the THIRD PROHIBITION ATTEMPT, on May 4<sup>th</sup>, 2011, Adrian Dix made the following statements —

*We introduced this legislation a number of years ago first, and then again last year [ 2010 ] on Earth Day.*

*The government has failed to respond again and again and again, while other jurisdictions, such as Quebec, such as Ontario, have acted, our government has failed to act. [ WRONG ! ]*

*I think it's a necessary piece of legislation at a time when the environmental health threats grow in our society. [ WRONG ! ]*

### NDP-Lunatic Exploitation Of Children

---

For example, on May 30<sup>th</sup>, 2012, Opposition NDP Anti-Pesticide Lunatic-Leader Adrian Dix personally ATTEMPTED TO INTRODUCE AN ILL-FATED BILL called the Cosmetic Use of Pesticides Control Act in the legislature.

According to NDP Anti-Pesticide Lunatic-Leader Dix —

*This bill will protect public health [ ?!?! ], safety [ ?!?! ], and the environment [ ?!?! ] of British Columbia by regulating, restricting, and prohibiting the use and sale of pesticides for res-*

# British Columbia

## 2013 Provincial Election Campaign

*idential and cosmetic use, and by regulating the use of pesticides around CHILDREN. [?!?!]*

Dix was DESPICABLE in his EXPLOITATION of CHILDREN as WEAPONS OF COERCION and ULTIMATE ANTI-PESTICIDE TERROR.

Dix EXPLOITED CHILDREN merely to ENRAGE AND ALARM the public into believing that PROHIBITION was somehow necessary.

PROHIBITION that is imposed under the PRETEXT of protecting children's health is WRONG !

It is COMMON KNOWLEDGE that pest control products are SCIENTIFICALLY-SAFE, CAUSE NO HARM, and are NO THREAT TO CHILDREN.

### NDP-Lunatic Conspiracy With Terrorist-Organizations

---

According to a statement issued by Canadian Association Of Physicians For The Environment ( CAPE ) updated on March 3<sup>rd</sup>, 2013 —

*Canadian Association Of Physicians For The Environment [ A KNOWN ANTI-PESTICIDE AND ENVIRO-TERRORIST ORGANIZATION ] has created an open letter allowing Canada's health professionals to SUPPORT A LAWN PESTICIDE BAN ACROSS BRITISH COLUMBIA.*

# British Columbia

## 2013 Provincial Election Campaign

*The letter – which was signed by nearly 100 doctors, nurses, and other health experts in its first week alone – will soon be presented to the BC government.*

*CAPE and its PARTNERS have been campaigning for a BC pesticide ban for a number of years.*

*The campaign has included a major advertising effort, in-person meetings with BC's Environment Minister and **NDP LEADER ADRIAN DIX**, and a massive online initiative which resulted in thousands of pro-ban e-mails being sent to government.*

*The province will be holding elections in May and polls show the NDP is well ahead of the governing Liberals. [ WRONG ! ]*

*CAPE urges all health professionals – doctors, nurses, therapists, psychologists, and others – to sign the open letter by going on-line.*

*Health professionals from across Canada ( not just BC ) are urged to sign the important letter.*

*Every person who signs – no matter where they live – adds weight to the campaign.*

### NDP-Lunatics Have NO Expertise

---

Not surprisingly, NOT A SINGLE PERSON within New Democratic Party ( NDP ) has ANY recognized expertise, training or background in matters concerning pest control products.

# British Columbia

## 2013 Provincial Election Campaign

New Democrats like Adrian Dix are RIDICULOUSLY IMPLYING that their NON-EXPERT ASSESSMENT is somehow being withheld from Health Canada and EVERY other regulatory agency in the world.

Health Canada, and NOT Adrian Dix, and NOT New Democratic Party, has the ESSENTIAL EXPERTISE regarding pest control products.

The OVERWHELMINGLY MASSIVE AND DETAILED ASSESSMENTS performed by Health Canada are being DISCREDITED by Adrian Dix and NDP-Lunatics who decided to set their own agendas for conspiring to change public policy regarding pest control products.

The ONLY people that truly have ANY recognized expertise, training or background in matters concerning pest control products are the HUNDREDS of expert scientists at Health Canada.

Health Canada oversees the testing and approval of pest control products by using SCIENCE-BASED EVIDENCE in order to ensure that they are SCIENTIFICALLY SAFE and will CAUSE NO HARM.

### Officials Are Thinking Twice Before Banning Pesticides

---

In other Provinces in Western Canada, Government Officials are now INCLINED TO ALSO STRONGLY SUPPORT the use of SCIENCE-BASED EVIDENCE when assessing pest control products.

Moreover, Government Officials are NOT INCLINED TO CREATE RESTRICTIONS OR LAWS THAT CONFLICT WITH HEALTH CANADA.

# British Columbia

## 2013 Provincial Election Campaign

Consequently, Government Officials are NOT INCLINED TO PROHIBIT ANY PEST CONTROL PRODUCT in their jurisdictions.

For example, in 2011, the GOVERNMENT OF ALBERTA STOPPED THE TREND towards needless, senseless, and malicious PROHIBITION.

And in 2012, BRITISH COLUMBIA'S SPECIAL COMMITTEE ON COSMETIC PESTICIDES DID NOT RECOMMEND PROHIBITION against the use of pest control products in the Urban Landscape.

### NDP-Lunatics Will DESTROY Businesses

---

In British Columbia, a vote for New Democrats will DESTROY ALL BUSINESS-ES operating in the Professional Lawn Care Industry.

The DEVASTATION AND DESTRUCTION of the Professional Lawn Care Industry will be EXTENSIVE because there are NO valid economical alternatives to replace the prohibited products.

Consequently, businesses operating in the Professional Lawn Care Industry will be INCAPABLE of providing adequate weed and insect control, and will UNABLE to keep their customers satisfied.

In provinces like Ontario, PROVINCIAL PROHIBITION created a TRAIL OF ECONOMIC DESTRUCTION WITH HUNDREDS OF SMALL BUSINESSES DESTROYED AND THOUSANDS OF PEOPLE OUT OF WORK, a MORE DANGEROUS OUTDOOR ENVIRONMENT, and a BLACK MARKET IN PESTICIDES.

# British Columbia

## 2013 Provincial Election Campaign

Because of Ontario's PROVINCIAL PROHIBITION, the Professional Lawn Care Industry LOST OVER 500,000,000 DOLLARS, with UP TO 12,500 UNEMPLOYED.

In Ontario, ONE-COMPANY-PER-WEEK DISAPPEARED INTO TOTAL OBLIVION.

In Quebec, OVER 60 PER CENT of the Professional Lawn Care businesses were ANNIHILATED AND DESTROYED because of PROVINCIAL PROHIBITION.

Even now in British Columbia, as a direct result of MUNICIPAL PROHIBITIONS, Professional Lawn Care businesses LOST OVER 40 PER CENT OF THEIR CUSTOMERS.

### Stopping The NDP-Lunatics

---

It is now time for the Professional Lawn Care Industry to select a municipality that has IMPOSED an Anti-Pesticide PROHIBITION, and SUE ITS BRAINS OUT — this will serve as an example to ALL Anti-Pesticide Terrorists.

Government Officials must be made to THINK TWICE before ARBITRARILY IMPOSING Anti-Pesticide PROHIBITION.

Moreover, ALL Anti-Pesticide Terrorists must be HOUNDED, no matter where they are — specifically David Suzuki, whose two-year contract with public television must not be renewed beyond 2014 — Suzuki's reign MUST BE ENDED.

# British Columbia

## 2013 Provincial Election Campaign

Suzuki, and ALL Anti-Pesticide Terrorists, must MAKE AMENDS FOR THEIR ACTS OF TERRORISM — **Adrian Dix**. Barbara Kaminsky. Gideon Forman. Kathryn Seely. Mae Burrows. Selina Robinson. And others.

And New Democrat Basterds MUST BE STOPPED in the 2013 Provincial Election.

Dix's reign MUST ALSO BE ENDED.

Get rid of this

We are living in the 9|11 Era of Anti Pesticide and Environmental Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

# A

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dermoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

# H

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

# G

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
