Overview from an Independent Perspective

KAMINSKY, Barbara

Canadian Cancer Society

Kaminsky is an Enviro–Lunatic–Activist who SUPPORTS the PROHIBITION of the use of pest control products in the Urban Landscape.

Kaminsky has operated as Leader / Spokesperson for —

- Canadian Cancer Society — British Columbia and Yukon Division

Kaminsky and other lunatics have CONSPIRED in the Province of British Columbia to PROHIBIT pest control products, despite the fact that they are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

Neither Kaminsky nor any of her Enviro–Lunatic co–conspirators have ANY recognized expertise, training or background in matters concerning pest control products.

Kaminsky has a MERE Bachelor of Art Degree in English, a MERE Master's of Social Work, and a Master's of Science in Health Services Planning and Administration.

Consequently, Kaminsky's opinions concerning pest control products are TOTALLY VALUELESS and UTTERLY WORTHLESS.

Kaminski is NOT competent to give advice.

She is also an adjunct professor at University of British Columbia, which is a NEST of Enviro–Lunatic activity.

While the Canadian–Cancer–Society talks a big game about its distaste of the use of pest control products in the Urban Landscape, the Cancer–Daffodils SOLD–FOR–PROFIT through society's annual spring awareness campaign are grown in fields where potentially « *carcinogenic* » herbicides and fungicides are used to ensure proper production.

Here are some notable quotations from Kaminsky.

2008 03 19 — Kaminsky Promising Pesticide–Free Cancer–Daffodils

> *Following this season, we will be putting out a request for proposals that includes pesticide-free daffodils commencing in 2008.*

[To this day, Kaminsky and her cancer–lunatics still sell Pesticide–Treated Formaldehyde–Drenched Toxic–Cancer–Daffodils.]

Force Of Nature

Overview from an Independent Perspective

2009 10 30 — Kaminsky Throwing a Tantrum

> *We have waited long enough for the provincial government to act on this public health threat.* [?!?!] *We are not asking the British Columbia government to lead this initiative. All they need to do is follow in the* [lunatic–terrorist–prohibition] *foot-steps of Ontario, Quebec and the Union of BC Municipalities.*

2010 01 07 — Kaminsky Describing Patchwork Created by Cancer–Lunatics

> *Right now we have this incredible patchwork* [of some municipalities that have banned pesticides for cosmetic purposes because of fear, coercion, and terror inflicted by cancer–lunatics]. *It doesn't seem reasonable when you can be protected in one city and not in another.*

2010 01 14 — Kaminsky Imposing Needless, Senseless and Malicious Life–Style Choice

> *We want legislation that meets or beats the strongest protections in place in other provinces. British Columbia's current approach is inadequate because it continues to allow the use of pesticides to improve the appearance of lawns and gardens.* [?!?!] *British Columbia has an opportunity to demonstrate national leadership by adopting the strongest cosmetic pesticide ban in Canada.*

2010 01 20 — Kaminsky Demonstrating Lack of Credible Expertise

> *What we're saying is that for cosmetic purposes, just to improve the appearance of lawns and gardens, you don't really need to use these toxic substances.* [?!?!] *There are some alternatives* [Wrong !] *and there's no harm that you'll experience as a result.* [Wrong ! Overall, Green Alternatives are BOGUS, and are deemed as MORE HARMFUL.]

2010 02 05 — Kaminsky Throwing Another Tantrum

> *We have waited long enough for this provincial government to act on this public health threat.* [?!?!] *Pesticides can contain toxic chemicals that CAUSE CANCER.* [Wrong !]

Force of Nature

[Kaminsky CANNOT BE HONEST about the fact that pest control products are SCIENTIFICALLY SAFE since IMAGINARY DANGERS about them continue to attract HUGE SUMS OF PROFIT in the form of donations.

Canadian–Cancer–Society has NEVER STOPPED giving the FALSE and FRAUDULENT impression that the public was being exposed to cancer–causing agents whenever a pest control product was being used in the Urban Landscape. As proof, it has alleged that cancer problems were INCREASING, a « *fact* » that was CONTRADICTED once again by AMERICAN CANCER SOCIETY in 2010.

In 2010, AMERICAN CANCER SOCIETY reported that cancer incidence rates and deaths CONTINUED TO DECLINE. The incidence of cancer ... • decreased by 1.3 per cent per year from 2000 to 2006 in men • decreased by 0.5 per cent per year from 1998 to 2006 in women. Cancer death rates ... • dropped 21 per cent since 1991 among men • dropped 12 per cent since 1992 among women.]

2010 03 17 — Kaminsky Promising Again Pesticide–Free Cancer–Daffodils

> *We are asking British Columbians to join our fight for life by wearing a daffodil PIN as a symbol that demonstrates their support for cancer survivors, loved ones and friends on a cancer journey.*

[LIVE Daffodils simply cannot be produced without pest control products, so Kaminsky has attempted to switch over to Daffodil PINS.]

2010 06 04 — Kaminsky Throwing Yet Another Tantrum

> *It is time that the* [British Columbia] *government did the right thing and protected its residents from an unnecessary cancer risk. At some point, enough is enough.*

2010 06 04 — Kaminsky Lying Like a Sack of Cwap

> *This ban HAS NOTHING DO with pesticides used for AGRICULTURE or forestry — so why the delay ?*

[Since 2008, Cancer–Basterds HAVE BEEN PLANNING AND CONSPIRING TO TARGET THE AGRICULTURE INDUSTRY. For example, on August 13th, 2008, they hosted a convention in Toronto called *Exploring the Connection — A State of the Science Conference on Pesticides and Cancer*. According to Cancer–Lunatic–Organizers ... « *Experts from around the world will lead discussions on the cancer risks of pesticides used on AGRICULTURAL CROPS, at a ground–breaking conference organized and hosted by the Canadian Cancer Society.* »]

2010 06 04 — Kaminsky Admitting Green Alternatives DO NOT WORK

> *Either you HAND PICK those dandelions, or you just accept the fact that you have a few weeds in your lawn.*

Yet Another Industry

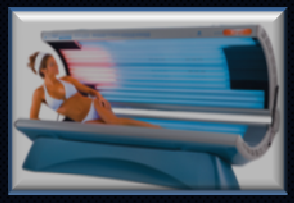
Selected and adapted excerpts



Victoria, British Columbia, and its neighbouring municipalities, may become the first in Canada to PROHIBIT teenagers from using TANNING BEDS.

On January 19th, the Capital Regional District — comprising Victoria and twelve adjoining communities on southern Vancouver Island — will vote on a by–law to regulate TANNING SALONS, including a BAN on anyone under 18 years of age.

BARBARA KAMINSKY, the head of the Canadian-Cancer-Society in British Columbia, STRONGLY ENDORSES the PROHIBITION. [Quelle surprise !]

« *Indoor tanning causes cancer. It's the cause of melanoma, a deadly form of skin cancer. Certainly for people that are under 18, we do not think they should be put in the position where they could be making a very costly mistake that would affect their health in the future.* »

KAMINSKY said the World Health Organization has declared the tanning bed « *a known carcinogen* » that produces five times more damaging ultra–violet radiation than exposure to the mid–day sun.

We are living in the 9/11 Era of Cancer-Lunatic-Terror !

Background Information Concerning Contemptible and Radical Canadian-Cancer-Society

Canadian–Cancer–Society is a PROHIBITION–TERRORIST–ORGANIZATION that CONSPIRES to ANNIHILATE the entire Modern Green Space Industry by PROMOTING the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

PROHIBITION has led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting TERROR, DESPAIR, and DESTITUTION on THOUSANDS of hapless victims throughout the Green Space Industry.

Canadian–Cancer–Society is a VAST PROFIT–MAKING–ORGANIZATION operated by a handful of Enviro–Lunatic–Activists who are PAID–FOR–PROFIT as SUBVERSIVE LOBBYISTS with a mandate to COERCE, INTIMIDATE, and ALARM THE PUBLIC.

SUBVERSIVE Cancer–Lunatic–Lobbyists have CONSPIRED towards NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

Canadian–Cancer–Society has also set its sights on the ANNIHILATING the GOLF and AGRICULTURE INDUSTRIES !

Not surprisingly, NOT A SINGLE Cancer–Lunatic has ANY recognized expertise, training or background in matters concerning pest control products !

Cancer–Lunatics have compensated for their lack of expertise by frequently resorting to MYTHS, DECEPTIONS, FEAR–MONGERING, FRAUDULENT LIES, COERCION, MISCONCEPTIONS, THREATS, TERROR, and PARANOID CONSPIRACIES about pest control products.

CANCER–LUNATICS KNOW NOTHING
ABOUT PEST CONTROL PRODUCTS

THEY LIE AND LIE AND LIE AND LIE

Everybody Must STOP Making Donations to the Cancer–Basterds

The LUNATIC CONSPIRACIES of Canadian–Cancer–Society have EXTENSIVELY DAMAGED and DESTROYED the Professional Lawn Care Industry, ANNIHILATED most of its customers, thus ensuring that THOUSANDS of companies became WORTHLESS and on the verge of being OBLITERATED.

The Cancer–Lunatic CONSPIRACIES have led to LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT.

Canadian–Cancer–Society has continued to BASELESSLY SMEAR, FALSELY ACCUSE, GROTESQUELY PUNISH, INNOCENTLY CONVICT, SHAMELESSLY PERSECUTE, and WRONGFULLY DEPRIVE those people working in the Professional Lawn Care Industry who used pest control products that were, in fact, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

In many jurisdictions across Canada, the owners, employees, and families dependent on Professional Lawn Care businesses have faced TERROR, DESPAIR, and DESTITUTION because of the Cancer–Lunatic CONSPIRACIES leading to NEEDLESS and SENSELESS PROHIBITION of pest control products.

Because of Canadian–Cancer–Society and its co–conspirators, Professional Lawn Care businesses, which at one time provided a good living and some equity for eventual sale for retirement, have become WORTHLESS !

Because of Canadian–Cancer–Society, DAMAGES to the Professional Lawn Care Industry have been EXTENSIVE because there have been NO valid economical alternatives to replace the prohibited products.

Consequently, Professional Lawn Care Companies have been UNABLE to provide adequate weed and insect control, and have been UNABLE to keep their customers satisfied.

In 2010, EXTENSIVE DAMAGES in the Province of Ontario alone has reached 500,000,000 DOLLARS, with up to almost 800 BUSINESS FAILURES and BANKRUPTCIES.

40 to 70 per cent of Professional Lawn Care customers have been ANNIHILATED.

Because of Canadian–Cancer–Society, Professional Lawn Care businesses have been forced to TERMINATE many or most of their employees — up to 12,500 have became UNEMPLOYED.

It is IRONICAL that Cancer–Lunatics have retained SAFE, SECURE, WELL–PAYING LUNATIC–TERRORIST JOBS ... AT THE EXPENSE OF THE JOBS THEY DESTROYED IN THE PROFESSIONAL LAWN CARE INDUSTRY.

We are living in the 9/11 Era of Cancer-Lunatic-Terror !

Cancer–Lunatics have been HIDEOUS HYPOCRITES since they LIE, CHEAT, and DECEIVE the public about Pesticide–Treated–Toxic–Cancer–Daffodils, which are SOLD–FOR–PROFIT in local stores and transported throughout North America, with many going to the Canadian–Cancer–Society's annual spring awareness campaign.

A MAJOR SOURCE OF PROFITS collected by Cancer–Lunatics has continued to originate from the sale of Daffodil flowers.

Every year, Contract–Daffodil–Growers located on Vancouver Island PRODUCE–FOR–PROFIT a STAGGERING 18 MILLION Pesticide–Treated–Toxic–Cancer–Daffodils.

Since Daffodils are an IMMENSE source of PROFIT for Contemptible Canadian–Cancer–Society, of course the Cancer–Lunatics have had ABSOLUTELY NO SCRUPLES regarding the use of pest control products ... when it suits THEM !

IRONICALLY ... Both Cancer–Daffodil–Production for Canadian–Cancer–Society and the Professional Lawn Care Industry have relied on the SAME ingredients that are needed to control insect and weed pests.

Furthermore, Cancer–Lunatics have continued to MISAPPROPRIATE the PROFIT that it has collected for cancer research by SQUANDERING HUNDREDS OF THOUSANDS OF DOLLARS on NEEDLESS LUNATIC ANTI–PESTICIDE CONSPIRACIES.

Canadian–Cancer–Society has also MISAPPROPRIATED its resources to further support even FOREIGN PROHIBITION–TERRORISTS.

For instance, in 2010, Canadian–Cancer–Society agreed to act as a distributor of ENVIRO–TERROR GOODS and SERVICES provided by Paul Tukey, a known U.S. Lunatic–Environmental–Terrorist with a repertoire of ILLEGAL LOBBYING SERVICES and SUBVERSIVE LUNATIC ANTI–PESTICIDE PROPAGANDA VIDEOS and PRESENTATIONS.

Throughout 2010, Canadian–Cancer–Society paid Tukey to INTERFERE with the court challenges against friendly Enviro–Terror–Organizations, as well as to PROMOTE the PROHIBITION of pest control products otherwise deemed to be SCIENTIFICALLY SAFE by Health Canada.

In 2010, Canadian–Cancer–Society ILLEGALLY used the lobbying services of Tukey, despite the fact that he was NOT was LEGALLY registered for meeting Government Officials, in violation of the Lobbying Act.

With Tukey, Canadian–Cancer–Society has proved yet again that it does NOT operate primarily as a health care organization.

CONTEMPTIBLE and RADICAL Canadian–Cancer–Society has obviously continued to MISAPPROPRIATE the PROFIT collected for cancer research.

Observers have concluded that Canadian–Cancer–Society ought to be INVESTIGATED by Government Agencies — Demands have been made to have the TAX–EXEMPT STATUS of Canadian–Cancer–Society REVOKED !

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
