

Overview from an Independent Perspective

Who Is Warren Bell?

BELL is a FOR-PROFIT HIRED-GUN, and UNREGISTERED LOBBYIST.

He is paid as an « *expert* » on the so-called threat of pest control products, despite the fact that he has NO recognized expertise, training, or background in this matter.

Overall, BELL's opinions concerning pest control products are TOTALLY VALUELESS and UTTERLY WORTHLESS.

Nonetheless, BELL has developed a successful career using JUNK SCIENCE and POLITICIZED SCIENCE.

BELL was Board Member, Co-Founder, and President of Repugnant CANADIAN ASSOCIATION OF PHY-SICIANS FOR THE ENVIRONMENT (CAPE), an Environmental-Terror-Organization.

Moreover, BELL has had personal affiliations with other Environmental–Terror–Organizations that have conspired to prohibit pest control products that are federally legal, scientifically safe, and totally irreplaceable —

- Board Leader on Medicine and Environment Committee. Contemptible and Radical CANADIAN CANCER SOCIETY, British Columbia Chapter.
- Member of PREVENT CANCER NOW, the public affairs shield for Contemptible and Radical CANA-DIAN CANCER SOCIETY.
- An outspoken speaker on near-death or out-of-body experiences.
- President of Medical Staff at Shuswap Lake General Hospital, located in British Columbia.

In addition to his 165,000-dollar-per-year salary as administrator of a hospital, BELL rakes in TENS OF THOUSANDS OF DOLLARS PER YEAR as a FOR-PROFIT HIRED-GUN, and UNREGISTERED LOBBY-IST, for Contemptible and Radical CANADIAN-CANCER-SOCIETY, and other Environmental-Terror-Organizations that conspire to prohibit pest control products that are federally legal, scientifically safe, and totally irreplaceable.

According to BELL —

« From any of these sources [concocted only within the Enviro—Terror—Movement], you can find abundant evidence that pesticide exposure is clearly associated with cancers, neuro-developmental problems and birth defects, among other harm. » — Warren Bell, February 24th, 2009

BELL conspires with several other Environmental-Maniac-Activists —

MAE BURROWS is a close associate of BELL. She is the Executive Director of the LABOUR ENVIRON-MENTAL ALLIANCE SOCIETY, another Environmental–Terror–Organization. It operates a SHIELD ORGANIZATION called TOXIC FREE CANADA.

BELL, MAE BURROWS, and KATHRYN SEELY, of Contemptible and Radical CANADIAN CANCER SOCIETY, have conducted a FOR-PROFIT TRAVELLING ROAD SHOW throughout British Columbia depicting the alleged threat of pest control products.

MAE BURROWS, like BELL, is also a Member of PREVENT CANCER NOW, the public affairs shield organization for Contemptible and Radical CANADIAN CANCER SOCIETY.

BELL is affectionately known as « *Ding-Dong* », See the next segment for more details.

the Green Space Industry

The evidence of Out-Of-Body Experiences IS JUST AS STRONG AS THE EVIDENCE THAT PEST CONTROL PRODUCTS ARE A THREAT FOR HEALTH AND THE ENVIRONMENT

Exploring Life's Mysteries with Warren Bell

May 19th, 2009

Barb Brouwer

Salmon Arm Observer

What happens to our consciousness when our physical bodies die?

This is the subject Dr. Warren Bell will present in a workshop at SPIRIT HEALS, an integrative medicine conference that will explore the role of spirituality in HEALTH AND HEALING.

The conference takes place at the University of Victoria [in British Columbia],

Scientific evidence that one's consciousness persists after the physical body DIES mostly falls into a couple of categories, says Bell.

It is well known that energy of some sort moves between people — that a person doesn't have to be physically present or touch someone for changes to take

the Green Space Industry

The second category of evidence is related to NEAR-DEATH EXPERIENCE or OUT-OF-

According to Bell —

<< Research on NEAR-DEATH EXPERIENCES in particular has under-</p> gone quite an explosion with what are called prospective studies be-

<< In prospective studies you decide what you're going to look for before you carry out the study and you stick to the rules. >>

Bell says these studies are generally considered to produce STRONGER EVIDENCE than retrospective ones that derive results from looking back at evidence that has already been collected.

<< But a careful reading of the literature makes it clear, in my opinion, that NEAR-DEATH EXPERIENCE evidence is too consistent and too unusual to be explained away by such simplistic ap-

Bell notes there are other sources of data, including one lengthy cross-cultural study of DEATH-BED VISIONS, which showed CONSISTENT PATTERNS of behaviour and reported experiences that STRONGLY SUGGEST a very particular communication between the dying and those loved ones who had previously died.

- << Science developed in the early Renaissance in many centres throughout Europe and elsewhere as a reaction against the superstition and dogmatic teachings of the church authorities. >>
- << Over the last 500 or 600 years the schism between science and

Pest control products are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed.

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCON-CEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the FOUNDER. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
