## INTRODUCTION ■

### OUR WORLD OF POLITICIZED SCIENCE

---

The discussion of « *politicized science* » is ANATHEMA to the Environmental-Terror-Activists, who do not like it when certain issues are examined that may not be generally known, but need to be explained.

Many deeply held beliefs need to be re-examined. Many of these beliefs have been entrenched in our minds for decades by our trust in social policies that has become « *politicized* » with the perpetuation of « *junk science* », and the use of coercion through « *environmental terrorism* ».

In our world, the « *politicization* » of science occurs when Environmental-Terror-Activists use economic or legal pressures to influence public policy. In many cases, « *environmental terror* » policies spread to certain portions of the population, such as the Green Space Industry, because these policies often lead to business failures, bankruptcies, unemployment, despair, and destitution.

The depraved indifference of « *environmental terrorism* » has even led to DEATH — on a MASSIVE scale.

« *Politicized science* » has triumphed whenever politics have outweighed scientific fact.

« *Politicized science* » has prevailed when measures were taken that often had little basis in fact or « *sound science* ».

It is now common knowledge that the world of « *politicized science* » DEMONIZED one of the most impressive chemicals of the Twentieth Century — DDT.

We are told that the current array of modern and conventional pest control products used by the Green Space Industry MAY create the problems once encountered with the likes of DDT. This is false !

The Green Space Industry needs to remind the public of the many MISCONCEPTIONS concerning DDT.

The public needs to be given a reality check on this matter.

## REMOVING DDT ■

### AN EXAMPLE OF DEPRAVED INDIFFERENCE

---

The removal of DDT from the world market is a good example where social politics were implemented based upon « *junk science* ».

The measures that were urged for the removal of DDT had LITTLE BASIS in fact or science.

DDT had to be eliminated in order to « *save* » the environment — a move that was self-serving and under-handed by Environmental-Terror-Activists.

The fact that millions of people were hurt and killed with the removal of DDT has been ignored, since, sadly, the « *saving* » of the environment appeared to be a cause that was greater than any human suffering.

Some observers have described this as a form of « *depraved indifference* », and even « *eco-manslaughter* », by Environmental-Terror-Activists.

A classic example of « *depraved indifference* » by Enviro-Terror-Activists was displayed in 1971, during Congressional testimony before the U.S. House Committee on Agriculture. The discussion focused on the chemical alternatives to DDT.

The alternatives may have been more acceptable to Enviro-Terror-Activists, but they were truly UNSAFE for use by applicators, such as farm workers.

The response from Enviro-Terror-Activists was SHOCKING !

The following statement was attributed to an executive of the Environmental Defense Fund, a U.S. Environmental-Terror-Organization —

<< *It doesn't make a lot of difference because the organophosphate [ alternative ] acts locally and only kill [ sic ] farm workers, and most of them are Mexicans and Negroes.* >>

This is it ! Now that we have your attention ... we shall see where all this leads to.

LET'S GET TO IT !

---

The following nine statements will challenge the « *politicized science* » that DEMONIZED DDT.

These statements will be examined in detail in future reports.

Many deeply held beliefs about DDT need to be re-examined.

1. Things were not better before DDT.
2. DDT was a pretty good product.
3. DDT saved countless lives.
4. The turf industry embraced DDT.
5. The environmental effect of DDT was contradictory.
6. The effect of DDT on birds was exaggerated.
7. Removing DDT was politically motivated.
8. The removal of DDT led to the death of millions.
9. DDT is back again today.

# NORAH HUG

**Force Of Nature** presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from **National Organization Responding Against Huje** that seek to harm the **Green Space Industry (NORAHG)**. It is a series of reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these reports might be disputed.

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing that families are in some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

All information, excerpts, and pictures contained in this document were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
