

*force of nature*

# We are living in the 9/11 Era of Environmental Terror !

Lunatics have been  
**WRONG**  
For Over 50 Years !

A typical Lunatic-Environmental-Terror ploy is to raise the spectre of DDT, an insecticide that was prohibited because of Enviro-Lunatic-Activists who conspired against it, with JUNK SCIENCE, FEAR-MONGERING, and ALARM !

✓ FACT — Enviro-Lunatic-Activists and their Environmental-Terror-Organizations are MOSTLY WRONG !

✓ FACT — DDT was NOT a cancer hazard.

✓ FACT — Enviro-Lunatic-Activists are PERSISTENTLY WRONG about the issue of cancer and pest control products.

The lunatics have relied upon JUNK SCIENCE, FEAR-MONGERING, and ALARM for OVER 50 YEARS !

✓ FACT — Enviro-Lunatic-Activists and their Environmental-Terror-Organizations are WRONG about conventional pest control products !

✓ FACT — Enviro-Lunatic-Activists are frequently ONLY able to provide information based upon JUNK SCIENCE, FEAR-MONGERING, and ALARMISM, instead of SOUND SCIENCE !

Here is an example of JUNK SCIENCE, FEAR-MONGERING, and ALARM from one of these lunatics —

« ... the oceans will die of DDT poisoning by 1979 ... the U.S. life expectancy will drop to 42 years by 1980 due to cancer epidemics. »

# We are living in the 9/11 Era of Environmental Terror !

This was light-hearted, wrong, and needlessly alarming warning from Paul R. Ehrlich.

The prediction was made in 1969. Was he correct !?!? ☺

It should be noted that Ehrlich is closely and personally allied with David Suzuki !

✓ FACT — Enviro-Lunatic-Activists and their Environmental-Terror-Organizations have relied upon JUNK SCIENCE, FEAR-MONGERING, and ALARM for OVER 50 YEARS !

✓ FACT — Enviro-Lunatic-Activists and their Environmental-Terror-Organizations are WRONG about conventional pest control products !

✓ FACT — Enviro-Lunatic-Activists know NOTHING about pest control products, but know lots about MINDLESS, SENSELESS, and FRAUDULENT FEAR-MONGERING !

✓ FACT — On the subject of DDT, MAGINARY DANGER, MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES was concocted by Enviro-Lunatic-Activists to SOW PANIC and MISTRUST INTO AN UNSUSPECTING PUBLIC.

✓ FACT — On the subject of so-called cosmetic pest control products, Enviro-Lunatic-Activists also concoct JUNK SCIENCE, FEAR-MONGERING, and ALARM !

✓ FACT — The removal DDT led to the death of millions.

In 2004, popular author Michael Crichton summed up the situation with the following excerpt from his book entitled « *State of Fear* » —

« *Arguably, the greatest tragedy of the Twentieth Century was the removal of DDT. DDT was the best insecticide for the control of mosquitoes.*

*Despite views to the contrary, no other products were as efficient, or as safe.*

*Since the removal of DDT, it has been estimated that thirty to fifty million people have died unnecessarily from the effects of malaria.*

*Sadly, REMOVING DDT HAS KILLED MORE PEOPLE THAN HITLER.*

*Before the removal of DDT, malaria had become almost a minor illness, with only fifty thousand deaths per year throughout the world. »*

# We are living in the 9/11 Era of Environmental Terror !

## Removing DDT Has Killed More People Than Hitler

It is believed that MALARIA acutely afflicts more than 515 MILLION PEOPLE per year. Two-thirds of all cases occur in Africa.

Additionally, it causes more than ONE MILLION DEATHS PER YEAR, principally among children under the age of five years and pregnant women.

It has been over THIRTY-FIVE YEARS since the removal of DDT.

The reader can do the math — MORE THAN THIRTY-FIVE MILLION DEAD BECAUSE OF THE REMOVAL OF DDT.

In 2003, Paul K. Driessen wrote the book « *Eco-Imperialism – Green Power, Black Death* ».

He claimed that malaria deaths are TWO MILLION PER YEAR — MORE THAN SEVENTY MILLION DEAD BECAUSE OF THE REMOVAL OF DDT.

Moreover, the hundreds of millions who « *survive* » the disease are too sick to work or take care of their families. They become more vulnerable to subsequent diseases, such as AIDS, dysentery, and tuberculosis. The survivors are obviously not able to adequately contribute to the economy.

« *It's no wonder that Sub-Saharan Africa is one of the most destitute regions on Earth.* »

It has been observed that the removal of DDT showed that Western Countries not only have a lack of compassion for those suffering in Third World countries, they also have DEPRAVED INDIFERENCE.

Our society is DEPRAVED because it has been subjected with OVER 50 YEARS of TERROR and PARANOIA from Enviro-Basterds who CANNOT BE TRUSTED !

# DDT

## Our World of Politicized Science

Pesticide Paranoia and Terror  
has resulted in needless deaths,  
countless preventable illnesses, and  
threats against the livelihoods of farmers

December 29<sup>th</sup>, 2010

The Washington Examiner

Selected and adapted excerpts

Government overreach led to U.S. voter revolt in November 2010, and congressional shake-up, but one wonders if President Obama is listening and will rein in his own administration, particularly the Environmental Protection Agency.

The U.S. Environmental Protection Agency has been the progressive agenda's vehicle on climate change, pesticide regulation and other orders totalling 29 major regulations and 172 major policy rules, far outpacing previous presidential administrations.

The more challenging legislative road ahead could lead the Environmental Protection Agency to an even more strident path in its regulatory overreach.

# DDT

## Our World of Politicized Science

Despite the THOROUGH DEBUNKING of the SUBVERSIVE book Silent Spring, Rachel Carson's SUBVERSIVE TERRORISM has been ENDLESSLY REPLICATED against one useful chemical after another

This could spell BAD NEWS, in particular for American farmers, when you consider the SHAKY FOUNDATIONS on which the Environmental Protection Agency builds its regulatory cases.

Why does the government increasingly seek TO QUASH the technologies that make the American farmer so phenomenally productive ?

Thank Rachel Carson, the FIRST Lunatic-Enviro-Terrorist and The Queen of Junk Science.

Children are still taught the environmentalist's SUBVERSIVE 1962 book, Silent Spring, that FALSELY ALLEGED that DDT thinned out bird egg-shells and led to the American Bald Eagle's extinction. [ !?! ]

Despite the THOROUGH DEBUNKING of Silent Spring, Rachel Carson's SUBVERSIVE ENVIRONMENTAL TERRORISM has been ENDLESSLY REPLICATED against one useful chemical after another.

SUBVERSIVE ENVIRONMENTAL TERRORIST POLICY has resulted in the NEEDLESS DEATHS OF MILLIONS OF AFRICANS FROM MALARIA, COUNTLESS PREVENTABLE ILLNESSES, and more threats today against the livelihoods of farmers across America.

# DDT

## Our World of Politicized Science

With DDT DEMONIZED, the Environmental Protection Agency's political leadership found it easy to ban it as a possible human carcinogen. [?!?!]

In fact, a 1997 Harvard Medical Study found NO LINK between DDT exposures and cancers of any type.

Carson's SUBVERSIVE ENVIRONMENTAL TERRORISM was repeated with greater success against Alar, a plant-growth regulator used to manage apple ripening.

In the 1980s, the Anti-Pesticide Terrorists at the U.S. Natural Resources Defense Council mounted a SUBVERSIVE CAMPAIGN to force the Environmental Protection Agency to conduct an ABSURD EXPERIMENT of pumping mice with doses of a breakdown product of Alar that were more than 100,000 times the highest estimate of a preschooler's daily intake.

This dubious experiment set the basis for the Natural Resources Defense Council and CBS-TV to negotiate an exclusive deal to HYPE the Alar Scare Story.

The Natural Resources Defense Council's public relations advisor said —

*<< The campaign was devised so that revenue would flow back to Natural Resources Defense Council from the public. The group sold a book about pesticides through a 900-number on The Phil Donahue Show, and to date, 90,000 have been sold. >>*

The Natural Resources Defense Council and its media allies PROSPERED from the panic, but MANY APPLE GROWERS WENT OUT OF BUSINESS, costing growers 250 million dollars.

These sums are small compared with the current campaign against atrazine, THE HERBICIDE THAT CORN GROWERS HAVE SAFELY USED FOR MORE THAN 50 YEARS.

Nationally, the loss of atrazine would cost nearly 50,000 jobs, and as much as 5 billion dollars.

# DDT

## Our World of Politicized Science

Politicians need to by-pass activist hype,  
carefully look at sound science,  
listen carefully to the farmers, and  
regulate some of their administrators

Once again, the facts don't match the hype.

Scientists from Maryland to Germany are unable to replicate harmful findings about atrazine.

The Environmental Protection Agency itself, before it was taken over by Obama Political Appointees, had just concluded a dozen years of study REAFFIRMING THE SAFETY of atrazine.

Fortunately, decades of SUBVERSIVE ENVIRONMENTAL TERRORISM and unnecessary regulation have finally seemed to awaken a sleeping giant.

Just before the mid-term elections, there was a farmer rebellion on Capitol Hill. Farmers and their Congressional Representatives grilled the Environmental Protection Agency's REGULATORY ASSAULT on useful pesticides and agriculture.

In the new Congress, we can expect more hearings and investigations into the Environmental Protection Agency's affairs.

If Obama wishes to extend his residence at the White House in 2012, he should by-pass activist hype, look at sound science, listen carefully to the heartland's farmers and regulate some of his own administrators.

# NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
