Lunatic–Premier

Enviro–Lunatic Premier–Designate CHRISTY CLARK has announced that she SUPPORTS the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products.

The Lunatic–Head of the British Columbia Government told reporters …

> *I promised that I wanted to pursue that if I became premier.*
>
> *We are going to do that.*

In the August 25th 2009 Speech from the Throne, the Government of British Columbia committed to consult British Columbians on —

> *New statutory protections to further safeguard the environment from cosmetic chemical pesticides.*

British Columbia Enviro-Terror-Alliances

So-called ENVIRO-TERROR-ALLIANCES were CONCOCTED by NON-EXPERT LUNATIC-PROHIBITION-TERRORISTS to SUBVERT the consultation process.

These ENVIRO-TERROR-ALLIANCES CONSPIRED TO PRETENTIOUSLY PROHIBIT conventional pest control products that are, in fact, HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, and SCIENTIFICALLY-SAFE.

In many cases, the LEADER of these ENVIRO-TERROR-ALLIANCES is The Puppet-Master himself, DAVID SUZUKI.

Suzuki is the fund-raiser for David Suzuki Foundation, seeking members and donations for his own organization.

Neither Suzuki, nor ANY of his co-conspirators, has ANY recognized expertise, training, or background, in matters concerning pest control products.

Consequently, these Lunatic-Prohibition-Terrorists compensate for their lack of expertise by resorting to MYTHS, DECEPTIONS, MISCONCEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, TERROR, COERCION, THREATS, and PARANOID CONSPIRACIES about pest control products.

Golf Industry Tees Off Against Prohibition

BRITISH COLUMBIA ALLIED GOLF ASSOCIATION (BCAGA) is STRIKING BACK AGAINST PROHIBITION.

BCAGA Chairman BARRIE McWHA said …

> *We think the policies that are in place right now are good and sufficient.*

So when the association holds its first GOLF INDUSTRY LOBBY DAY at the provincial legislature on May 18th, 2011, its members will be trying to find out more about Premier Clark's proposed LUNATIC–PROHIBITION.

According to McWha —

> *Our hope is that at least government can consider this issue on the basis of scientific fact as opposed to emotional opinion.*

The Golf Industry Must Address 16 Critical Issues

WARNING — Regardless of its Exception Status in many jurisdictions, the Golf Industry faces some huge challenges because of its high degree of vulnerability concerning several public affairs issues. In order to successfully deter the malicious efforts of all Enviro–Lunatic–Activists, the Golf Industry must immediately address the following sixteen critical issues.

1. The Golf Industry must CEASE focusing on the INEFFECTIVE Integrated Pest Management (IPM) strategies as the solution to its public affairs problems. Unfortunately, IPM has been designed to be applicable to the Agriculture Industry, and NOT the Golf Industry.

2. The Golf Industry must DIVULGE to the public ALL SCIENTIFIC INFORMATION that ascertains that its chemicals are definitely « *minimum–risk* » or « *reduced–risk* ».

3. The Golf Industry must publicly DENOUNCE the so–called Green Alternatives to conventional pest control products as BOGUS. There will be NO viable, efficacious, or economical Green Alternatives within our collective lifetime.

4. The Golf Industry must create a FULLY TRANSPARENT DATABASE for RIGHT–TO–KNOW INFORMATION concerning its chemicals.

5. The Golf Industry must directly and actively SUPPORT LITIGATION launched against those Enviro–Lunatic–Activists that have conspired to prohibit pest control products that are, in fact HEALTH–CANADA–APPROVED, FEDERALLY–LEGAL, and SCIENTIFICALLY–SAFE. The Golf Industry must CEASE BEING A MERE CASUAL OBSERVER.

6. The Golf Industry must EXPLAIN why some of its chemicals are PROHIBITED BY OTHER NATIONS, but not in Canada, and must cease its wasteful « *Wag The Dog* » policies on irrelevant issues such as saving quintozene, which was ill–fated.

The Golf Industry Must Address 16 Critical Issues

BACKGROUND INFORMATION FROM AN INDEPENDENT PERSPECTIVE — Quintozene was finally withdrawn from the Canadian market as of December 31st, 2010. It was also been withdrawn from the United States (U.S.) market. Moreover, quintozene has been withdrawn in Austria (1988) and Finland (1996), as well as in Germany (1988) and the European Union (2000). In the United States, the Environmental Protection Agency (EPA) concluded that the risks when using quintozene were substantial from an environmental stand–point. Despite the many questions concerning the safety of quintozene, the Golf Industry had launched a petition in support of this ingredient. By defending a product associated with serious health, environmental, and turf phyto–toxicity issues, the Golf Industry weakened its credibility. Even the Manufacturing Industry DID NOT attempt to defend quintozene. Furthermore, the Manufacturing Industry will NO LONGER invest in ANY new pest control products in Canada, since it abhors operating in markets made UNSTABLE by TERRORISM, whether political or Environmental.

7. The Golf Industry must vigorously embark on a MASSIVE PUBLIC RELATIONS campaign to STOP the proposed scheme by Enviro–Lunatic–Activists and National Democratic Party of Canada threatening a NATIONAL PROHIBITION of pest control products. NDP functions as a political shield for the Environmental–Terror–Movement.

8. The Golf Industry must REVIEW and JUSTIFY its current and extensive array of chemicals.

9. The Golf Industry must plan for the INEVITABLE and TOTAL REVOCATION of its EXCEPTION STATUS in most jurisdictions across Canada, in two to four years. The Golf Industry will LOSE many or ALL of its valued and necessary pest control products.

10. The Golf Industry must PROVIDE the public with SCIENTIFIC INFORMATION supporting the idea that its innovative management practices may SLIGHTLY REDUCE THE USE of pest control products.

The Golf Industry Must Address 16 Critical Issues

11. The Golf Industry must DEVELOP and PUBLISH the GOLF MAINTENANCE PROTOCOLS and the PERFORMANCE STANDARDS EXPECTED BY ITS PLAYING CUSTOMERS. So far, the Golf Industry has been ridiculously inconsistent in defining « *suitable playing surfaces* ».

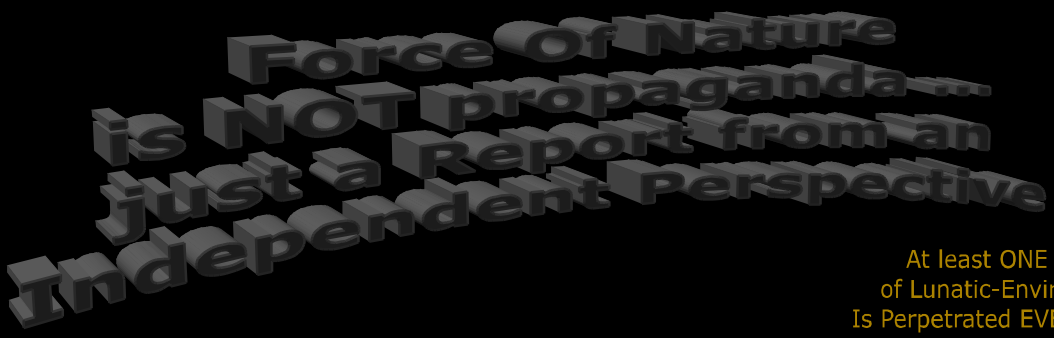
12. The Golf Industry must SCIENTIFICALLY DEFINE and PUBLICALLY DISCREDIT the mis–leading term « *Organic Golf Course* », and establish policies for EXPELLING clubs using this inaccurate and misleading term from its trade associations.

13. The Golf Industry must very STRONGLY ADDRESS and DISCREDIT the misconceptions concerning imidacloprid, chlorothalonil, 2,4–D, and other chemicals.

14. The Golf Industry must TERMINATE ALL RELATIONSHIPS with all organizations that conspire to prohibit pest control products, like Canadian–Cancer–Society, World–Wildlife–Fund, and others. All related charitable tournaments that provide financial donations and support to these Prohibition–Terrorist–Organizations must be SUSPENDED and RE–DIRECTED.

15. The Golf Industry must OPPOSE the Loathsome and Ridiculous Golf Canada (formerly RCGA) that RAISES MILLIONS OF DOLLARS for the Canadian–Cancer–Society, a Prohibition–Terrorist–Organization that uses this money in its conspiracy to prohibit pest control products that are, in fact, Health–Canada–Approved, Federally–Legal, and Scientifically–Safe.

16. The Golf Industry must OPENLY and FINANCIALLY SUPPORT POLITICAL CANDIDATES who OPPOSE ANY PROHIBITION of pest control products.



At least ONE MALICIOUS ACT
of Lunatic-Environmental-Terror
Is Perpetrated EVERY SINGLE DAY

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. This is what we do. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. He and his colleagues are recognized as THE MAJOR INFLUENCE for the decision by Canadian Cancer Society to STOP selling for profit PESTICIDE–TREATED DAFFODILS. Mr. Gathercole's vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature
