The background image is a dramatic photograph of a shipwreck. A large white cargo ship, the SS Golf Industry, is tilted at a steep angle, partially submerged in dark blue water. The sky is a mix of dark, heavy clouds and bright orange and yellow light from a low sun or fire, with several bright white lightning bolts striking down. The overall mood is one of power and destruction.

SUBVERSIVE, CONTEMPTIBLE, and RADICAL Canadian Cancer Society

Canadian Cancer Society CONTINUES TO DEMAND NO Golf Industry Exception Status.

Canadian Cancer Society is a MONEY-GRABBING FUND-RAISING FOR-PROFIT Anti-Pesticide Organization.

Canadian Cancer Society is a FUND-RAISING organization, and NOT a science or research organization.

It is PITIFULLY LUDICROUS to believe that Canadian Cancer Society is somehow concerned about health and the environment.

Canadian Cancer Society COULD NOT CARE LESS about health and the environment.

Canadian Cancer Society is a VAST FUND-RAISING MILLIONAIRE MULTI-MILLION DOLLAR PROFIT-MAKING MACHINE.

Canadian Cancer Society is operated by a handful of Non-Expert Fund-Raisers who are PAID-FOR-PROFIT as SUBVERSIVE Anti-Pesticide LOBBYISTS.

Canadian Cancer Society has a HUGE VESTED INTEREST IN PERPETUATING IMAGINARY DANGER pest control products.

Doing this attracts HUGE SUMS OF PROFIT.

The primary reason for the existence of Canadian Cancer Society has NOTHING TO DO with health and the environment.

The primary reason for the existence of Canadian Cancer Society is BUSINESS, CASH-FLOW, PROFIT, DONATIONS, and GOVERNMENT GRANTS.

The MAJORITY OF DONATIONS to Canadian Cancer Society are NOT USED FOR CANCER RESEARCH.

THE PRIMARY REASON FOR THE EXISTENCE of Canadian Cancer Society is BUSINESS, CASH-FLOW, and PROFIT.

THE MAJORITY OF ITS FUNDS DO NOT GO INTO RESEARCH.

The MAJORITY OF DONATIONS goes to paying for Activists / Lobbyists / HIRED GUNS, and clerical employees.

Canadian Cancer Society has SPENT OVER 2,500,000 DOLLARS on SUBVERSIVE Anti-Pesticide LUNATIC-CANCER CONSPIRACIES.

Canadian Cancer Society CONSPIRES TO PROHIBIT pest control products that are HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACTICALLY-NON-TOXIC.

NO ONE at Canadian Cancer Society has ANY recognized expertise, training, or background in matters concerning pest control products.

Cancer-Lunatics, operating as HIRED GUNS or lobbyists, are paid to COERCE, INTIMIDATE, and TERRORIZE Government Officials by CONCOCTING FRAUDULENT LIES AND IMAGINARY DANGER about pest control products.

Cancer-Lunatic HIRED-GUNS give Government Officials the FALSE AND FRAUDULENT IMPRESSION that children and adults are being exposed to cancer-causing agents whenever a pest control product is used.

SUBVERSIVE, CONTEMPTIBLE, and RADICAL Canadian Cancer Society

DESPICABLE Cancer-Lunatics use children as WEAPONS OF COERCION AND ULTIMATE ENVIRONMENTAL TERROR in order to convince Government Officials of the necessity of PROHIBITION.

Any PROHIBITION of pest control products is NOT JUSTIFIED because STRICT REGULATIONS BASED ON SCIENTIFIC RESEARCH ALREADY PROTECT OUR HEALTH and OUR ENVIRONMENT.

Canadian Cancer Society has MERCILESSLY TERRORIZED, BASELESSLY SMEARED, FALSELY ACCUSED, GROTESQUELY PUNISHED, INNOCENTLY CONVICTED, SHAMELESSLY PERSECUTED, and WRONGFULLY DEPRIVED those people working in the Professional Lawn Care Industry.

SUBVERSIVE Anti-Pesticide CONSPIRACIES by Canadian Cancer Society have led to NEEDLESS and SENSELESS PROHIBITION of pest control products used in the Urban Landscape.

Because of these CONSPIRACIES, DAMAGES to the Professional Lawn Care Industry have been EXTENSIVE because there were NO valid economical alternatives to replace the prohibited products.

Consequently, Professional Lawn Care Companies were UNABLE to provide adequate weed and insect control, and were UNABLE to keep their customers satisfied.

Because of SUBVERSIVE Anti-Pesticide CONSPIRACIES by Canadian Cancer Society, EXTENSIVE DAMAGES in the Province

of Ontario alone reached 500,000,000 DOLLARS, with up to almost 800 BUSINESS FAILURES and BANKRUPTCIES, and UP TO 12,500 UNEMPLOYED.

40 to 70 per cent of Professional Lawn Care customers were ANNIHILATED.

Because of SUBVERSIVE Anti-Pesticide CONSPIRACIES by Canadian Cancer Society, Professional Lawn Care businesses have been forced to TERMINATE many or most of their employees.

It is IRONICAL that Cancer-Lunatic HIRED-GUNS obtain SAFE, SECURE, WELL-PAYING JOBS, with PAY-OFFS in the form of AWARDS, INCENTIVES, BONUSES, and BOUNTIES ... these PAY-OFFS are AT THE EXPENSE OF the jobs they ultimately destroy in the Professional Lawn Care Industry.

Canadian Cancer Society ALLEGES having UNDISCLOSED, NON-EXISTENT AND UNVERIFIABLE SECRET EVIDENCE about the safety of pest control products.

In fact, Canadian Cancer Society is WASTING ITS MONEY AND RESOURCES because pest control products are HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACTICALLY-NON-TOXIC.

Observers are also AGHAST about the Golf Industry raising MILLIONS OF DOLLARS for these Anti-Pesticide HIRED-GUNS who are « coaching » people to ANNIHILATE the Golf Industry.

ANTI-PESTICIDE « COACHING » FOR E-QUESTIONNAIRE BY CANADIAN CANCER SOCIETY

In 2011, the Government of British Columbia invited the public to participate in MOCK-CONSULTATIONS concerning a proposal to PROHIBIT pest control products in the Urban Landscape.

This is organized by the government's « *Special Committee on Cosmetic Pesticides* », which was appointed by the Legislative Assembly of British Columbia.

The ULTIMATE GOAL of some Anti-Pesticide Lunatic members of this committee is to IMPOSE the PROHIBITION of pest control product used in the Urban Landscape.

While seemingly listening to all interested parties regarding the fate of « *cosmetic pesticides* », Special Committee on Cosmetic Pesticides will, BEYOND ANY DOUBT, recommend the PROHIBITION of pest control products in the Urban Landscape.

Nevertheless, Special Committee on Cosmetic Pesticides wants MAINTAIN THE PRETENSE that it wants to hear what the public has to say with MOCK-CONSULTATIONS.

CANCER-LUNATIC « COACHING » (CONTINUED)

Public comments were made by completing an on-line E-Questionnaire or by sending a written submission.

Canadian Cancer Society has issued « *Model Response* » to « *coach* » people in answering the questionnaire.

Predictably, Anti-Pesticide Activists have FLOODED the Special Committee on Cosmetic Pesticides with THOUSANDS, YES THOUSANDS, OF COMMENTS consisting of LIES and MIS-INFORMATION.

Anti-Pesticide Activists « *coached* » by Canadian Cancer Society have CARPET-BOMBED and TERRORIZED the Special Committee on Cosmetic Pesticides.

The issue here is CREDIBILITY of the source of information, since the VAST MAJORITY of the COMMENTS are ORCHESTRATED, through a coast-to-coast CAMPAIGN, using NON-EXPERT VOLUNTEERS with Canadian Cancer Society.

This CAMPAIGN gives an unsuspecting public the FALSE and FRAUDULENT impression that the Anti-Pesticide Movement has considerable size and power, when in fact, IT DOES NOT.

The 'cosmetic use of pesticides' are those pesticides used to improve the appearance of lawns, gardens, ornamental trees and shrubs, parks, sports fields, and other elements of landscaping such as controlling weeds between sidewalk cracks.

The regulation should be comprehensive and prohibit the cosmetic use of pesticides on private and public lands, including municipal, residential, and commercial areas - in short, ALL NON-AGRICULTURAL LANDSCAPING. [i.e. Golf Industry]

The regulation should also ban the sale of the products in question.

Their use does not control pests that constitute a danger to human beings.

/ Specific pesticide products based on their concentration or package size

/ Other — Please Specify — A combination of these approaches, together with a general prohibition on cosmetic pesticides, would be a good option.

CANCER-LUNATICS COERCE GOVERNMENT OFFICIALS

In Prince Edward Island (P.E.I.), Cancer-Lunatics COERCED Government Officials THROUGH RELENTLESS PRESSURE to IMPOSE PROHIBITION.

In December 2009, the Government of the Province of Prince Edward Island announced its intention to « *implement changes to how lawn-care pesticides will be managed in the province* ».

Moreover, on December 2nd, 2009, a Government Official in Prince Edward Island issued the following WARNING to the GOLF INDUSTRY —

We're allowing (2,4-D) on GOLF COURSES because it's a major industry for P.E.I. and we're working towards getting off it.

What we're basically saying is you [the Golf Industry] better find a way to get off it over the next couple of years.

CANCER-LUNATICS DEMAND GOLF-PESTICIDE PHASE-OUT

In the Province of British Columbia, Canadian Cancer Society, and other Anti-Pesticide Organizations, became heavily involved in COERCING THE PUBLIC concerning the provincial PROHIBITION of pest control products —

The [British Columbia] coalition of health and environmental groups [that includes Canadian Association of Physicians for the Environment, Canadian Cancer Society, David Suzuki Foundation, and Toxic Free Canada] has recommended provincial legislation that —

- 1. Bans the use and sale of pesticides used to improve the appearance of lawns and gardens, including A REQUIREMENT FOR GOLF COURSES TO PHASE-OUT PESTICIDES.*
- 2. Allows exemptions only when necessary to protect public health and safety.*
- 3. Allows municipalities to enact and enforce by-laws that are more restrictive of pesticide use than the provincial law.*

NOTE

There are NO viable, efficacious, economical, or lower-risk Green Alternative Pesticides to replace conventional pest control products.

Overall, Green Alternative Pesticides are BOGUS, INEFFECTIVE, MORE TOXIC, and STUNNINGLY EXPENSIVE !

Green Alternative Pesticides are BOGUS and DISMAL FAILURES — they DO NOT WORK and they are NOT INNOVATIVE products.

Green Alternative Pesticides are NOT SAFER, NOT BETTER, and NOT MORE EFFECTIVE.

A well-maintained conventional lawn and landscape can ONLY BE ACHIEVED WITH CONVENTIONAL pest control products and fertilizers.

Fortunately, CONVENTIONAL pest control products and fertilizers are SAFE, EFFECTIVE, and ECONOMICAL.

Green Alternative Pesticides and even Fertilizers often CONTAIN LIVING PATHOGENIC ORGANISMS, FERMENTED MATERIALS, OR METALS THAT MAY BE DEEMED UNSAFE FOR CHILDREN, ADULTS, AND THE ENVIRONMENT.

In many cases, Green Alternative Pesticides are questionably HIGHER IN TOXICITY, and pose HIGHER ENVIRONMENTAL RISKS.

CANCER-LUNATICS DEMAND
PROHIBITION ON PESTICIDE USE,
INCLUDING GOLF COURSES —
GOLF SUPERINTENDENT IS
DISMAYED OVER THE ACTIONS
OF CANADIAN CANCER SOCIETY

Dear Force Of Nature,

I've asked this question a number of times to the Golf Association.

Why is the Canadian Cancer Society STICKING THE KNIFE IN OUR BACKS when the Golf Industry across Canada has raised millions of dollars in support of cancer victims and cancer research ?

This makes no sense.

Golf Canada

Cancer-Lunatics can STICK A KNIFE IN THE BACK OF THE GOLF INDUSTRY with impunity because they are FINANCED BY GOLF CANADA.

Canadian Cancer Society CONTINUES TO DEMAND NO Golf Industry Exception Status.

Observers are AGHAST about the Golf Industry raising MILLIONS OF DOLLARS for Anti-Pesticide HIRED-GUNS at Canadian Cancer Society.

For example ... the Golf Fore The Cure program of Golf Canada (a.k.a. Royal Canadian Golf Association).

Canadian Cancer Society is the Official Charity for Golf Fore The Cure.

Golf Canada is LOATHSOME and RIDICULOUS !

Golf Canada raises over 700,000 DOLLARS per year for the SUBVERSIVE, CONTEMPTIBLE, and RADICAL Canadian Cancer Society.

Cumulatively, since 2004, Golf Canada has provided this Anti-Pesticide Organization with MILLIONS OF DOLLARS through fund-raising programs like Golf Fore The Cure.

Canadian Cancer Society is an Anti-Pesticide Organization that CONSPIRES TO ANNIHILATE the Green Space Industry.

Cancer-Lunatics have TERRORIZED and ANNIHILATED the Professional Lawn Care Industry ...

... and Cancer-Lunatics plan to TERRORIZE THE GOLF INDUSTRY **NEXT** !

Canadian Cancer Society is WASTING its money from Golf Canada by CONSPIRING TO PROHIBIT pest control products that are, in fact, are HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, SCIENTIFICALLY-SAFE, and PRACTICALLY-NON-TOXIC.

Golf Canada

Canadian Cancer Society MISAPPROPRIATES a large portion of donations to FINANCE ANTI-PESTICIDE TERRORIST-CONSPIRACIES that have already EXTENSIVELY DAMAGED the Professional Lawn Care Industry !

Furthermore, Canadian Cancer Society has publicly THREATENED, REPEATEDLY, that it PLANS TO TERRORIZE THE GOLF INDUSTRY NEXT !

As long as Golf Canada, and the entire Golf Industry, continue to provide money to Canadian Cancer Society, the Golf Industry WILL BE ANNIHILATED.

Canadian Cancer Society will ENSURE THE INEVITABILITY OF A TOTAL REVOCATION OF THE GOLF INDUSTRY EXCEPTION STATUS.

The Golf Industry will LOSE many or ALL of its valued and necessary pest control products.

THIS IS UNACCEPTABLE !

SUBVERSIVE Anti-Pesticide CONSPIRACIES by Canadian Cancer Society MUST END !

The Golf Industry must TERMINATE ALL RELATIONSHIPS with all Anti-Pesticide Organizations that conspire to prohibit pest control products, like Canadian Cancer Society, as well as World Wildlife Fund and others.

All related charitable tournaments that provide financial donations and support to these Anti-Pesticide Organizations must be SUSPENDED.

More specifically, the Golf Industry MUST DEMAND that Golf Canada (a.k.a. RCGA) TERMINATE ALL RELATIONSHIPS with all Anti-Pesticide Organizations that conspire to prohibit pest control products, like Canadian Cancer Society.

The Golf Industry, which includes Golf Canada, MUST ALSO OPPOSE ALL FORMS of Anti-Pesticide PROHIBITION.

Golf Canada

The Golf Industry must TERMINATE ALL RELATIONSHIPS with ALL Anti-Pesticide Organizations that conspire to prohibit pest control products, like Canadian Cancer Society, World Wildlife Fund, and others.

All related charitable tournaments that provide financial donations and support to these Anti-Pesticide Organizations must be SUSPENDED.

Golf Canada must TERMINATE ALL RELATIONSHIPS with all Anti-Pesticide Organizations that conspire to prohibit pest control products, like Canadian Cancer Society.

The fund-raising program Golf Fore The Cure MUST BE TERMINATED.

Golf Canada MUST CEASE SUPPLYING MILLIONS OF DOLLARS to organizations that have publicly THREATENED, REPEATEDLY, the Golf Industry with Anti-Pesticide PROHIBITION.

The fund-raising program Golf Fore The Cure MUST BE TERMINATED.

Golf Canada must immediately STOP ALL FINANCIAL SUPPORT of Anti-Pesticide Terrorism.

Golf Canada MUST CEASE SUPPLYING MILLIONS OF DOLLARS to organizations that have publicly THREATENED, REPEATEDLY, the Golf Industry with Anti-Pesticide PROHIBITION.

As long as Golf Canada, and the ENTIRE Golf Industry, continue to finance Environmental-Terror, Cancer-Lunatics will benefit from safe, secure, guaranteed, and well-paying enviro-terror-jobs that will allow them to coerce, intimidate, and alarm Government Officials into prohibiting pest control products on a NATIONAL basis.

Golf is NEXT !

Cancer-Lunatics will TERRORIZE THE GOLF INDUSTRY NEXT !

The Golf Industry is on a COLLISION COURSE with the BLACK DEATH of Environmental Terrorism !

We are now living in the 9|11 Era of Anti-Pesticide TERRORISM ...

The SUBVERSIVE CONSPIRACIES of Anti-Pesticide PROHIBITION will NEVER END — and it WILL SPREAD to the Golf Industry.

The Golf Industry is on a Collision Course with the LOOMING SHIP-WRECK of Anti-Pesticide and even Anti-Fertilizer TERRORISM !

The Anti-Pesticide PROHIBITION CONSPIRACY against pest control products has now attained NATIONAL proportions.

The provinces are TOPPLING LIKE DOMINOES.

The Professional Lawn Care Industry is being systematically ANNIHILATED across Canada.

Anti-Pesticide Activists have VIRTUALLY LIMITLESS GOVERNMENT AND PRIVATE FUNDS to wreak their havoc, and they understand full well that THERE IS NO UNITY within the Green Space Industry.

First municipal, then provincial, and finally national in scope, their FIRST DESTRUCTIVE ROUND OF ANTI-PESTICIDE ATTACKS will be complete within one or two years.

And then ... soon after the Anti-Pesticide Activists has tasted victory by OBLITERATING the Professional Lawn Care Industry, the HATED GOLF INDUSTRY will be targeted in the NEXT DESTRUCTIVE ROUNDS OF ANTI-PESTICIDE ATTACKS.

This time, the Golf Industry will be TOTALLY ALONE, and devoid of any allies to help defend itself.

The Golf Industry, because of its attitude of denial and protectionism and mock-dismay at any form of criticism, is ignoring the supreme historic opportunity to join forces with the Professional Lawn Care Industry, and LITIGATE against the Anti-Pesticide Activists.

A failure to do so will be lethal and final, and future generations will ask the question — *WHY DID YOU NOT ACT ?*

For the first time in all of our collective history, it can honestly be said that

The Golf Industry is on a COLLISION COURSE with the BLACK DEATH of Environmental Terrorism !

The Golf Industry Anti-Pesticide PROHIBITION EXCEPTION STATUS will be first rescinded in the Provinces of Prince Edward Island and British Columbia.

Even in the Province of Prince Edward Island (PEI), the Golf Industry was provided with an Anti-Pesticide PROHIBITION EXCEPTION STATUS, and its use of pest control products WAS NOT PROHIBITED.

The Golf Industry must plan for the INEVITABLE and TOTAL REVOCATION of its EXCEPTION STATUS in most jurisdictions across Canada, in two to four years.

In fact, the BEGINNING OF THE END of the Golf Industry EXCEPTION STATUS on December 2nd, 2009, when a Prince Edward Island (PEI) Government Official the issued the following WARNING —

We're allowing (2,4-D) on GOLF COURSES because it's a major industry for PEI and we're working towards getting off it.

What we're basically saying is you [THE GOLF INDUSTRY] better find a way to get off it over the next couple of years.

The SUBVERSIVE CONSPIRACIES of Anti-Pesticide PROHIBITION will NEVER END — and it WILL SPREAD to the Golf Industry.

On February 22nd, 2010, a Government Official in the Town of Revelstoke, located in the Province of British Columbia, issued the following WARNING to the Golf Industry —

Give it [PROHIBITION] a time frame for people to comply.

Everybody's going to cry, maybe extend the deadline if it's not working but get it started anyway.

There should be a phase in, especially to help the city-owned REVELSTOKE GOLF CLUB.

The SUBVERSIVE CONSPIRACIES of Anti-Pesticide PROHIBITION will NEVER END — and it WILL SPREAD to the Golf Industry.

The Golf Industry is on a Collision Course with the LOOMING SHIPWRECK of Anti-Pesticide and even Anti-Fertilizer TERRORISM !

The Golf Industry is on a COLLISION COURSE with the BLACK DEATH of Environmental Terrorism !

In the year 2020 ... (continued)

- Playing conditions are TOTALLY DISMAL at virtually ALL pesticide-free golf facilities
- Only the VERY RICH ELITE golfer can afford GREEN HEALTHY PLAYABLE courses
- Over seventy per cent of golfers ABANDON the sport
- All golf facilities are considered as WORTHLESS investments
- No one can buy or sell a golf facility, and owners are FRANTIC
- Golf facilities can NO LONGER AFFORD to pay the property taxes
- In North America, over sixty per cent of all golf clubs CLOSE DOWN or go BANKRUPT
- Superintendents are NO LONGER NECESSARY or NEEDED
- The Multi-Billion-Dollar-Golf-Industry is ANNIHILATED
- Large numbers of golf facilities are ABANDONED WASTE DUMPS
- The Golf Industry succumbs to BLACK DEATH

The Golf Industry Must Immediately Address Several Critical Issues

TO AVOID THE IMPENDING BLACK ANTI-PESTICIDE DEATH, the Golf Industry Must Immediately Address Several CRITICAL ISSUES.

Regardless of its Exception Status in many jurisdictions, the Golf Industry faces some huge challenges because of its high degree of vulnerability concerning several public affairs issues.

In order to successfully deter the malicious efforts of all Lunatic Golf-Hating Anti-Pesticide Terrorists, the Golf Industry must immediately address the following CRITICAL ISSUES.

1. The Golf Industry MUST ADOPT THE POSITION THAT CONVENTIONAL PEST CONTROL PRODUCTS ARE SCIENTIFICALLY-SAFE AND CAUSE NO HARM.
2. The Golf Industry MUST ALSO ADOPT THE POLICY that its use of ANY FERTILIZERS DOES NOT HARM THE ENVIRONMENT.
3. The Golf Industry MUST OPPOSE ALL FORMS OF PROHIBITION AGAINST PEST CONTROL PRODUCTS. It must OPPOSE even PROHIBITION on PUBLIC PROPERTY since this is a FIRST STEP towards TOTAL PROHIBITION.
4. The Golf Industry MUST DEMAND that ALL PROHIBITIONS pertaining to the use of pest control product in the Urban Landscape BE RESCINDED in ALL PROVINCIAL AND MUNICIPAL JURISDICTIONS.
5. The Golf Industry MUST ALSO OPPOSE ALL FORMS OF PROHIBITION AGAINST FERTILIZERS.
6. The Golf Industry must TERMINATE ALL RELATIONSHIPS with all Anti-Pesticide Organizations that conspire to prohibit pest control products, like Canadian Cancer Society, World Wildlife Fund, and others. All related charitable tournaments that provide financial donations and support to these Anti-Pesticide Organizations must be SUSPENDED.
7. More specifically, the Golf Industry MUST DEMAND that Golf Canada (a.k.a. RCGA) TERMINATE ALL RELATIONSHIPS with all Anti-Pesticide Organizations that conspire to prohibit pest con-

trol products, like Canadian Cancer Society. The fund-raising program Golf Fore The Cure MUST BE TERMINATED. Golf Canada MUST CEASE SUPPLYING MILLIONS OF DOLLARS to organizations that have publicly THREATENED, REPEATEDLY, the Golf Industry with Anti-Pesticide PROHIBITION.

8. The Golf Industry MUST CEASE ATTEMPTING TO EDUCATE and TO CONVINCE Anti-Pesticide Government Officials and Activists. They are to be considered ENEMIES of the industry. These Anti-Pesticide-Lunatics WILL NEVER reverse their attitudes AGAINST pest control products. NO ONE MUST NEGOTIATE WITH TERRORISTS, either environmental or political.
9. The Golf Industry MUST CEASE focusing on the INEFFECTIVE practices of Integrated Pest Management (IPM) as the solution to its public affairs problems. Besides, IPM practices DO NOT WORK in controlling pests.
10. The Golf Industry must plan for the INEVITABLE and TOTAL REVOCATION of its EXCEPTION STATUS in most jurisdictions across Canada. In fact, the BEGINNING OF THE END of the Golf Industry EXCEPTION STATUS on December 2nd, 2009, when a Prince Edward Island Government Official the issued the following WARNING — « We're allowing (2,4-D) on golf courses because it's a major industry for PEI and we're working towards getting off it. What we're basically saying is you [the Golf Industry] better find a way to get off it over the next couple of years. » Ultimately, in two to four years, the Golf Industry will LOSE many or ALL of its valued and necessary pest control products.
11. The Golf Industry MUST ADOPT THE POLICY that the ONLY COURSE OF ACTION AGAINST PROHIBITION IS THROUGH LITIGATION.
12. When Anti-Pesticide PROHIBITION is IMPOSED, the Golf Industry MUST LAUNCH LITIGATION against those Government Officials and Activists who CONSPIRED TO PROHIBIT PEST CONTROL PRODUCTS. These products are, in fact HEALTH-CANADA-APPROVED, FEDERALLY-LEGAL, and PRACTICALLY-NON-TOXIC.

We are living in the 9|11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.
