Port Alberni Employs Strategic Use of Pest Control Product Roundup

October 26th, 2010

Alberni Valley News (British Columbia)

Selected and adapted excerpts

INEFFECTIVE ALTERNATIVES have forced the city to re—think its pesticide spraying policy.

In British Columbia, Port Alberni city councillors VOTED TO ALLOW STRATEGIC USE of the herbicide Roundup at their October 25th meeting.

In 2009, the city adopted a PESTICIDE PROHIBITION that forewent the non-essential use of pesticides in favour of allegedly LESS STRINGENT OPTIONS.

According to Scott Kenny, the Parks and Recreation Director —

<< Those options don't cut it. >>

BOGUS Green Alternatives led to the FAILURE of Pesticide-Free Parks

FAILURE — VINEGAR—BASED product — Parks and Recreation staff tried this on weeds ... to no avail.

FAILURE — MANUAL CULTIVATION METHODS are too labour intensive.

FAILURE — PROPANE BLOW-TORCHING has little to no effect.

According to Scott Kenny, the Parks and Recreation Director —

<< It worked well on young plants but not on mature ones. >>

Kenny recommended REVERTING BACK TO USING Roundup on ball diamonds and hard surface areas - now and in the spring.

The other methods could be reverted to again during the sports playing season.

Councillor John Douglas spoke AGAINST the initiative.

According to Enviro-Maniac Councillor Douglas —

<< I'm reluctant to do what we said we weren't going to do. >>

Parks and Recreation Director Kenny was adamant that the problem needed to be dealt with now BEFORE IT GETS BIGGER AND MORE COSTLY TO DEAL WITH.

According to Kenny —

<< We need the help now. >>

<< If not, I'll be back here next year with a request for more staff than we already have. >>

The Carnage of Prohibition-Terror Caused by Cancer-Basterds

May 27th, 2010

Alberni Valley News (British Columbia)

Selected and adapted excerpts

Nancy Falconer and Adriane Schroeder, from the Contemptible and Radical Canadian—Cancer—Society came to Port Alberni to give MISIN-FORMATION to the public and to city council.

These Cancer-Basterds formed part of local delegations to council asking for a NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE.

These Cancer-Basterds took part in a public forum on pest control products arranged by the Alberni Environmental Coalition, a local Environmental-Terror-Organization.

Cancer-Basterds are paid a HEFTY SUM OF PROFIT as « experts » on the IMAGINARY DANGER of pest control products, despite the fact that they have NO recognized expertise, training, or background in this matter.

CARNAGE caused by PROHIBITION-TERRORIST LIES

THERE ARE NO VALID ALTERNATIVES TO CONVENTIONAL PEST CONTROL PRODUCTS!

Government Officials, the Green Space Industry, and the public were assured by Prohibition–Terrorists that so–called safe and effective Green Alternatives were already available to replace conventional pest control products. [Wrong !]

The Green Alternatives were BOGUS, LESS EFFECTIVE, and STUNNINGLY EXPENSIVE!

VIRTUALLY ALL Green Alternative Products were BOGUS, and had negatives ranging from almost TOTAL INEFFECTIVENESS except under very specific circumstances, to a question about their TOXICITY.

Prohibition-Terrorists did not know what they were talking about.

The CARNAGE of PROHIBITION-TERRORISM on Green Space Workers

Without the use of conventional pest control products, many jurisdictions have had to resort to the back-breaking and agonizing job of WEED PULLING BY HAND!

The CARNAGE of Prohibition–Terrorists converted the professional labour force of the Green Space Industry into a group of mere COTTON–PICKERS!

Without effective weed control products, professional workers were required to crawl on lawns on their hands and knees pulling weeds manually.

Moreover, municipalities COULD NOT afford the high cost manual labour required for weed pulling.

Consequently, Government Officials enlisted the help of UNRELIABLE resident VOLUNTEERS, most of whom were women, elderly, and unemployed.

The CARNAGE of PROHIBITION-TERRORISM in Municipal Green Spaces

Consequently, the prohibition of pest control products has RUINED municipal Green Spaces in both Canada and America!

Because of the prohibition imposed in many jurisdictions, Green Spaces were OVER-RUN by dandelions and other weeds, and were DESTROYED by damaging insect pests, and LOOKED LIKE GARBAGE DUMPS!

The MUNICIPAL CARNAGE of implementing and enforcing NEEDLESS, SENSELESS, and MA-LICIOUS PROHIBITION of pest control products cost from 200,000 DOLLARS to 1,000,000 DOLLARS PER YEAR for EACH municipality!

So far, the MUNICIPAL CARNAGE of PROHIBITION-TERRORISM across Canada has cost the public well over 30,000,000 dollars — OVER 30 MILLION DOLLARS!

The CARNAGE of PROHIBITION-TERRORISM in Surrey, British Columbia, Canada

For municipalities like Surrey, British Columbia, the COST OF PROHIBITION was estimated at 1,000,000 DOLLARS ANNUALLY to manage weeds without the use of chemicals.

The CARNAGE of PROHIBITION-TERRORISM in Lawrence, Kansas, USA

Although the parks and recreation department of Lawrence, Kansas, spent less than 10,000 dollars per year for pesticides, Prohibition-Terrorists had lobbied the city's commissioners to convert all of the city's 52 parks to pesticide-free maintenance by 2009.

95,000 DOLLARS annually for materials to achieve the pesticide-free goal.

Pesticide-Free Parks FAILED!

The CARNAGE of PROHIBITION-TERRORISM in Portland, Oregon, USA

Organization called Northwest Coalition For Alternatives To Pesticides (NCAP).

Both Portland and NCAP recognized that so-called Green Alternatives were BOGUS, and ALMOST TOTALLY INEFFECTIVE.

The only solutions were the huge cost in paid labour and volunteer work as BACK-BREAKING WEED-PICKERS, and potentially HAZARDOUS FLAME-THROWERS.

Ultimately, the City of Portland was only able to afford Pesticide-Free Parks through the use

Originally, 244 volunteers put in a combined 1,374 hours removing weeds at three parks.

The availability of Enviro-Maniac-Volunteers was UNRELIABLE, and SEVERELY DECLINED

In the first year, turn-out was low, but peaked 60 hours for one work party.

Maniacs at NCAP estimated that an average five-acre neighbourhood park in Portland cost 371 DOLLARS per year to keep the weeds out.

Pesticide-Free Parks in the City of Portland, on the other hand, came with the EXORBITANT COST of 3,621 DOLLARS in annual maintenance costs, and 9,455 DOLLARS in start-up costs for each new park.

High costs were required to pay parks department employees to haul weeds collected by volunteers, and to inspect the parks to make sure weeds were under control.

Another issue was the extraneous carbon emissions from cars used by volunteers driving to

PROHIBITION-TERRORISM led to

The CARNAGE of PROHIBITION-TERRORISM Created GARBAGE DUMPS and DANGEROUS PLAYING SURFACES

In jurisdictions where PROHIBITION-TERRORISM was successful, public green spaces and sports fields became WEED-INFESTED and INSECT-INFESTED.

They became OVER-RUN by dandelions and other weeds, and were DESTROYED by damaging insect pests.

THE PROHIBITION OF PEST CONTROL PRODUCTS REPRESENTED A HAZARD TO ANYONE USING THESE PLAYING SURFACES, ESPECIALLY CHILDREN.

When it rained, pest-infested playing surfaces were SLIPPERY MUD BOGS.

When dry, pest-infested playing surfaces were AS HARD AS CONCRETE.

OUS - ESPECIALLY TO CHILDREN!

PROHIBITION-TERRORISTS DID NOT KNOW WHAT THEY WERE TALKING ABOUT!

PROHIBITION-TERRORISTS repeatedly LIED about safe, effective, and affordable Green Alternatives being available to replace conventional pest control products. [Wrong!]

Not a single PROHIBITION-TERRORIST had ANY recognized expertise, training or background in matters concerning pest control products.

The opinions of PROHIBITION-TERRORISTS in matters concerning pest control products were TOTALLY VALUELESS and UTTERLY WORTHLESS.

Stopping the CARNAGE Caused by PROHIBITION-TERRORISM

In January 2010, the Green Space Industry outlined the list of CHARGES against the Government of Ontario and the Ministry of the Environment. The legal proceedings were organized by Jeffrey P. Lowes and M–REP Communications.

Additionally, individual members of Environmental–Terror–Organizations also faced CHAR-GES under the Canadian Criminal Code.

By August 2010, M-REP Communications commenced CIVIL ACTION to recover the HOR-RENDOUS LOSSES caused by PROHIBITION-TERRORISTS.

Summary of Alleged Offences by PROHIBITION-TERRORISTS

133 charges and 29 culprits
 Conspiring to prevent the supply of approved pest control products
 Defrauding access to products
 Impeding access to approved pest control products

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUN-DER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
