

Cancer-Maniacs are LYING, CHEATING, and DECEIVING BASTERDS!

THEY CANNOT BE TRUSTED!

Cancer-Maniacs plan to TERRORIZE the Golf Industry NEXT!

Everybody must STOP making donations to Contemptible and Radical Canadian-Cancer-Society

> And ... What is going on with Golf Canada (RCGA) that supports Cancer-Terror with MILLIONS in donations ?!?!

CANCER-MANIACS HAVE PULLED THE TRIGGER AGAINST THE GOLF INDUSTRY!

In 2007, Canadian-Cancer-Society issued a statement regarding CARCINO-GENS and the Golf Industry —

<< Position Statement of Canadian Cancer Society —

The Canadian Cancer Society is very concerned about the use of POTENTIAL CARCINOGENS for the purposes of enhancing the appearance of lawns and gardens, as well as parks, recreational facilities, and GOLF COURSES.

We base this concern on the conclusions of the International Agency for Research on Cancer, which state that some substances used in pesticides are classified as known, probable, or possible carcinogens. >>

CANCER-MANIACS DEMAND GOLE-PESTICIDE PHASE-OUT

Environmental-Terror-Organizations, have become heavily involved in COERC-ING the public concerning the provincial PROHIBITION of pest control products —

- << The [British Columbia] coalition of health and environmental groups [that includes Canadian Association of Physicians for the Environment, CANADIAN CANCER SOCIETY, David Suzuki Foundation, and Toxic Free Canada] has recommended provincial legislation
- 1. Bans the use and sale of pesticides used to improve the appearance of lawns and gardens, including a requirement for GOLF COURSES TO PHASE-OUT PESTICIDES.
- 2. Allows exemptions only when necessary to protect public health and safety.
- 3. Allows municipalities to enact and enforce bylaws that are more restrictive of pesticide use than the provincial law.
- 4. Includes a « white list » of low-risk pesticides that are permitted on lawns and gardens to promote public awareness. >>
- April 20th, 2009. Canadian Cancer Society (BC And Yukon Division). Media Release.

CANCER-MANIACS DEMAND PROHIBITION ON PESTICIDE USE, INCLUDING GOLF COURSES

In the Province of Prince Edward Island, Canadian-Cancer-Society issued the following statement —

- << Canadian Cancer Society believes that in light of the potential for harm and the lack of health benefit, PESTICIDE BANS should be implemented for residential lawns and gardens, as well as recreational spaces, such as parks and GOLF COURSES. >>
- January 14th, 2008. Canadian Cancer Society (Prince Edward Island Division). Media Release.

Cancer-Maniacs were able to successfully coerce Government Officials in Prince Edward Island through relentless pressure.

In December 2009, the Government of the Province of Prince Edward Iscides will be managed in the province ». Moreover, on December 2nd, 2009, a Government Official in the Province of Prince Edward Island issued the following WARNING to the Golf Industry —

<< We're allowing (2,4-D) on golf courses because it's a major</pre> industry for P.E.I. and we're working towards getting off it. What we're basically saying is you [THE GOLF INDUSTRY] better find a way to get off it over the next couple of years. >>

GOLF SUPERINTENDENT IN THE MARITIMES IS DISMAYED OVER THE ACTIONS OF CANADIAN-CANCER-SOCIETY

<< Dear Force Of Nature,

I've asked this question a number of times to the Golf Association. Why is the Canadian Cancer Society STICKING THE KNIFE IN OUR BACKS WHEN THE GOLF INDUSTRY across Canada has raised millions of dollars in support of cancer victims and cancer research? This makes no sense. >>

CANCER-MANIACS CAN STICK A KNIFE IN THE BACK OF THE GOLF INDUSTRY WITH IMPUNITY BECAUSE THEY ARE FINANCED BY GOLF CANADA (RCGA)

On an annual basis, Golf Canada (formerly Royal Canadian Golf Association, RCGA) raises over eight-hundred-thousand-dollars for the Contemptible and Radical Canadian-Cancer-Society.

Moreover, Canadian-Cancer-Society is the Official Charity of Golf Canada (RCGA) Golf Fore the Cure.

The Loathsome and Ridiculous Golf Canada is supplying millions of dollars to an Environmental-Terror-Organization that Conspires to annihilate the en-CIOUS PROHIBITION of pest control products that are FEDERALLY LEGAL, SCIENTIFI-CALLY SAFE, and TOTALLY IRREPLACEABLE.

Cancer-Maniacs have TERRORIZED the Professional Lawn Care Industry ...

... and Cancer-Maniacs plan to TERRORIZE the Golf Industry NEXT!

Golf Canada must immediately STOP ALL FINANCIAL SUPPORT of Environmental-Terror.

Golf Canada must TERMINATE ALL RELATIONSHIPS with Environmental-Terror-Organizations like the Contemptible and Radical Canadian-Cancer-

Golf Canada and the ENTIRE Golf Industry must SUSPEND ALL CHARITABLE TOURNAMENTS AND PROGRAMS that provide financial donations and support to Environmental-Terror-Organizations like the Contemptible and Radical Canadian-Cancer-Society, World-Wildlife-Fund, and others.

As long as Golf Canada and the ENTIRE Golf Industry continue to finance Environmental-Terror, Cancer-Maniacs will benefit from SAFE, SECURE, GUARAN-TEED, and WELL-PAYING ENVIRO-TERROR-JOBS that will allow them to COERCE, IN-TIMIDATE, and ALARM Government Officials into PROHIBITING pest control products on a NATIONAL basis.

Golf is NEXT!

Cancer-Maniacs will TERRORIZE the Golf Industry NEXT!

THE GOLF INDUSTRY MUST IMMEDIATELY ADDRESS

- WARNING: Regardless of its Exception Status in many jurisdictions, the Golf Industry faces some huge challenges because of its high degree of vulnerability concerning several public affairs issues. In order to successfully deter the malicious efforts of all Enviro-Maniac-Activists, the Golf Industry must immediately address the following sixteen critical issues.
- 1. The Golf Industry must cease focusing on the ineffective integrated pest management (IPM) strategies as the solution to its public affairs problems. Unfortunately, IPM has been designed to be applicable to the Agriculture Industry, and NOT the Golf Industry.
- 2. The Golf Industry must publicly divulge to the public all scientific information that ascertains that its chemicals are definitely « minimum-risk » or « reducedrisk ».
- 3. The Golf Industry must publicly denounce the so-called green alternatives to conventional pest control products as bogus, and the biological-natural-organic methods, as almost ineffective and non-existent.
- 4. The Golf Industry must create a fully transparent database for right-to-know information concerning its chemicals.
- 5. The Golf Industry must directly and actively support litigation launched against those enviro-maniac-activists that have conspired to prohibit federally legal, scientifically safe, totally irreplaceable, and absolutely indispensable pest control products, and cease being a mere casual observer.
- 6. The Golf Industry must explain why some of its chemicals are prohibited by other nations, but not in Canada, and cease its wasteful « Wag The Dog » policies on irrelevant issues such as saving quintozene, which was ill-fated.

Health Canada (PMRA) followed with the same decision as the EPA by prohibiting the sale of quintozene beyond 2010. The Manufacturing Industry WILL NOT defend quintozene. Furthermore, the Manufacturing Industry will NO LONGER invest in ANY pest control products in Canada, since it abhors operating in markets made UNSTABLE by TERRORISM, whether political or Environmental.

- 7. The Golf Industry must vigorously embark on a massive public relations campaign to stop the proposed scheme by Enviro-Maniac-Activists and National Democratic Party of Canada threatening a national prohibition of pest control products. NDP is the political shield for the Environmental-Terror-Movement.
- 8. The Golf Industry must review and justify its current and extensive array of chemicals.
- 9. The Golf Industry must plan for the inevitable and total revocation of its exception status in most jurisdictions across Canada, in two to four years. The Golf Industry will lose many or ALL of its valued and necessary pest control products.
- 10. The Golf Industry must provide the public with scientific information supporting the idea that its innovative management practices may slightly reduce the use of pest control products.
- 11. The Golf Industry must develop and publish golf maintenance protocols and the performance standards expected by its playing customers. So far, the Golf Industry has been ridiculously inconsistent in defining « *suitable playing surfaces* ».
- 12. The Golf Industry must scientifically define and publically discredit the misleading term « *Organic Golf Course* », and establish policies for expelling clubs using this inaccurate and misleading term from its trade associations.
- 13. The Golf Industry must very strongly address and discredit the misconceptions concerning imidacloprid, chlorothalonil, 2,4–D, and other chemicals.
- 14. The Golf Industry must terminate all relationships with Environmental–Terror–Organizations like the Contemptible–Canadian–Cancer–Society, World–Wildlife–Fund, and others. All related charitable tournaments that provide financial donations and support to these Environmental–Terror–Organizations must be suspended and redirected.
- 15. The Golf Industry must oppose the loathsome and ridiculous Golf Canada (formerly RCGA) that raises millions of dollars for the Millionaire–Canadian–Cancer–Society, an Environmental–Terror–Organization that uses this money in its conspiracy to prohibit of federally legal, scientifically safe, totally irreplaceable, and absolutely indispensable conventional pest control products.
- 16. The Golf Industry must openly and financially support political candidates that oppose any prohibition of pest control products.

Pest control products are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, and TOTALLY IRREPLACEABLE

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed.

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of conventional pest control products that are FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from McGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the FOUNDER. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
