

The image is a deep space photograph showing a vast field of stars against a dark background. Several dark, irregularly shaped nebulae are visible, appearing as silhouettes against the starry background. The stars vary in brightness and size, with some showing prominent diffraction spikes. In the top right corner, there is a logo consisting of a dark, elongated shape with a pointed right side. Inside this shape, the words "Force of Nature" are written in a stylized, italicized font. The word "Force" is on the top line, "of" is in a smaller font size between the two lines, and "Nature" is on the bottom line. The entire logo is rendered in a light, possibly white or light yellow, color.

The Green Space Industry
Speaks Out Against Terror Enviro

Get Off Our grASS

Paul Visentin May 3rd, 2010 Cranbrook Daily Townsman
British Columbia Selected and adapted excerpts

The [Contemptible and Radical] Canadian Cancer Society continues to push the FALSE and MISLEADING INFORMATION on « *cosmetic pesticides* ».

International Agency for Research on Cancer, World Health Organization, Health Canada, United States Environmental Protection Agency, European Union, and others, DO NOT list any of the « *cosmetic pesticides* » as carcinogenic.

The anti-pesticide groups continue to IGNORE the studies done by world-recognized scientists that actually study pest control products, and their interaction with the environment and human health.

In one of the largest studies of its kind, American Health Study followed over 85,000 people associated to the application of pest control products. It found NO EVIDENCE or LINKAGE to cancers that would stand up to any scrutiny.

The Urban Landscape uses less than one per cent of the total pesticide use in Canada. By comparison, AGRICULTURE, COMMERCIAL, and FORESTRY use the SAME PRODUCTS, but in FAR LARGER QUANTITIES.

IF there was a CAUSAL RELATIONSHIP with garden or lawn products (and there is not), then you would be getting it ten-fold from AGRICULTURE, COMMERCIAL, FORESTRY, and other sources.

Any of the products you can purchase in Canada to use on your lawn or garden have been extensively tested and are safe when applied as directed.

Just like any pest control product you buy, there are instructions that come with it. Follow those and you will not have any issues.

Tell the Canadian Cancer Society to GET OFF OUR grASS.

Cancer-Terror MUST END !

Canadian Cancer Society

Get off our

grass

We must defend the industry, whatever the cost may be !

NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of e-newsletters destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY.

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing that families are in some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

All information, excerpts, and pictures contained in this document were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this document are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the founder. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status, that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

The Whole Truth from an Independent Perspective
