### Current Kamloops Pesticide Ban Is Fine As Is

February 16<sup>th</sup>, 2011

**Mary Morrison**

Responding to Anti-Pesticide  
City Councillor Donovan Cavers

Kamloops, British Columbia

Selected and adapted excerpts

## Overview from an Independent Perspective

In the City of Kamloops, British Columbia, Councillor Donovan Cavers has sought to IMPOSE the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION against pest control products used in the Urban Landscape.

Nonetheless, the Kamloops Town Council has provided an EXCEPTION STATUS to ALL CERTIFIED APPLICATORS, including those in the Professional Lawn Care Industry.

EXCEPTION STATUSES have not only been adopted in jurisdictions like Kamloops, but also in Kelowna and Salmon Arm, where Government Officials have left pest control products in the hands of professionally-trained applicators.

However, Cavers wants TOTAL Anti-Pesticide PROHIBITION.

On February 14<sup>th</sup>, 2012, Cavers expressed MOCK-CONCERN about PUBLIC HEALTH —

*« I think that we as a council [ with the City of Kamloops ] ... have the ability to make sure that everyone across the province has a really good [ anti-pesticide ] by-law and, therefore, have their HEALTH PROTECTED. »  
[ ?!?! ]*

It must be noted that Cavers is a HIGH-RANKING OFFICIAL with Green Party of Canada, with close ties to Canadian Cancer Society and Pesticide Free BC ... all three are Anti-Pesticide Organizations that IMPOSE LIFE-STYLE CHOICES by using FRAUD and CONSPIRACY in order to create a so-called healthy society.

Cavers also originates from a family of PROMINENT CAREER ACTIVISTS with Green Party of Canada.

Fortunately, Cavers had NO SUPPORT within City Council, and NO SIGNIFICANT SUPPORT within the community.

People recognized that Donovan Cavers KNOWS NOTHING about pest control products.

Cavers has NO TRAINING and NO BACKGROUND in matters concerning pest control products.

Cavers' opinion is TOTALLY VALUELESS and UTTERLY WORTHLESS.

Cavers is NOT COMPETENT to give advice about pest control products.

### Response to Anti-Pesticide Councillor Donovan Cavers, February 16<sup>th</sup>, 2012

I am concerned with the campaign by [ Anti-Pesticide ] City Councillor Donovan Cavers to ban the use of what are called cosmetic pest control products.

The anti-pesticide crusaders are saying that, as a home-owner, I don't read labels, nor am I able to follow directions on those labels.

They are saying I am stupid.

Well, I DO read labels, and I am able to follow directions.

The pesticides/herbicides available at Wal-Mart or Canadian Tire are VERY DILUTED PRODUCTS, specifically made for the home-owner.

If you go to the Health Canada web-site and read how these products are registered, you will see that SAFETY FACTORS ARE BUILT IN, from 100 times to as high as 1,000 times above the safe dose shown.

These products are SAFE TO USE.

Those home-owners I have spoken to are not so worried about a few dandelions in their yard.

But they are concerned about clover and black medick ( to name a couple ) that will take over your lawn if not controlled.

Believe me, you cannot just pull these weeds out as you can a dandelion.

There are also turf diseases and insects we need to be able to control.

I do not have the perfect lawn, nor do I strive for that.

## **Response to Anti-Pesticide Councillor Donovan Cavers, February 16<sup>th</sup>, 2012**

My lawn has some weeds and is not level, nor is it the greenest lawn in town, but I do take pride in trying to keep my lawn and property neat and tidy.

I do not want my grass over-run with weeds.

I am confident the small amount of herbicide applied to my lawn to keep it healthy is applied safely and my lawn is a safe place for me, my grandchildren and my pets to enjoy.

All I am asking is that people do their homework, check the Health Canada web-site, and listen to the scientists who specialize in pest control product toxicology and research.

I have.

The decisions made about the use of pest control products SHOULD NOT BE BASED ON JUNK SCIENCE provided by UNINFORMED individuals and groups with NO scientific expertise on the subject.

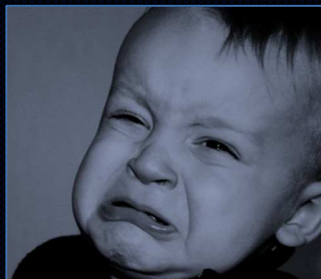

The City of Kamloops already has a by-law regulating the use of pest control products.

We do not need further restrictions on pest control products.

## Background Information from an Independent Perspective

**WAAAAHHHHHHH !**

**I don't wanna read  
a pesticide label !**

**I wanna lie and terrorize instead !**

READING LABELS, as well as OPERATING LEGALLY, appear to be greater problems with Anti-Pesticide Activists than with home-owners.

Paul Tukey is an American Journalist, Environmental-Lunatic-Terrorist, ILLEGAL Non-Registered Lobbyist, ILLEGAL Pesticide Applicator, and Tax-Evader.

Would you trust him ?

According to Tukey ...

*« I SPRAYED UNABATEDLY WITHOUT A PESTICIDE LICENSE. »*

When Paul Tukey was talking to a radio interviewer about his lawn care business, he admitted to spraying pest control products WITHOUT A LICENSE for SEVERAL YEARS until he was APPREHENDED by local authorities.

This is what he said on March 5<sup>th</sup>, 2010 ...

*« I actually owned my own lawn care company.*

*I sprayed for a couple of years just unabatedly WITHOUT A LICENCE, and I got FINED by the Maine Board of Pesticide Control.*

*So I ... with my tail between my legs ... I went and got my pesticide applicator licences. »*

How difficult can it be to READ A LABEL in order PASS AN EXAM and OPERATE A LAWN CARE BUSINESS LEGALLY !?!?

She is holding a black barbell with both hands, and several weights are visible on the bar. The background is a wooden floor. What can YOU do against Anti-Pesticide Lunatics ?

**WRITE AGAINST THE LUNATICS !**

**FIGHT AGAINST the CONSPIRACY  
to PROHIBIT pest control products

**RAT-OUT the Anti-Pesticide Lunatics

# NORAHG

We are living in the 9|11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.
