LETTER TO THE EDITOR — MEDIA RELEASE

RESPONSE TO COQUITLAM CITY COUNCIL

THE TRI-CITY NEWS

COQUITLAM, PORT COQUITLAM, AND PORT MOODY, BRITISH COLUMBIA

Coquitlam's Friggin' Rose Garden Should Die

On March 5th, 2012, in the City of Coquitlam, British Columbia, Councillor Bev Welsh had the TEMERITY to ask for an EXCEPTION STATUS for the CENTENNIAL ROSE GARDEN, a local tourist attraction and wedding venue that boasts 800 plants and 60 varieties of roses.

Coquitlam is currently proposing a NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION against pest control products used in the Urban Landscape.

If Coquitlam is somehow concerned about the use of so-called « *potential carcinogens* » for the purposes of the mere cosmetic enhancement for the appearance of lawns, it should also be concerned about the alleged deadly effects of pesticide-treated rose gardens.

In other PROHIBITION-STRICKEN jurisdictions, cities like Windsor, Ontario, have found it IMPOSSIBLE to maintain its ROSE GARDENS WITHOUT THE USE OF CONVENTIONAL PEST CONTROL PRODUCTS.

Rose gardens represent the BEST EXAMPLE of THE FAILURE OF ORGANIC PESTICIDE-FREE MAINTENANCE and the RIDICULOUSNESS of Anti-Pesticide PROHIBITION.

Coquitlam's councillors should COME SEE Windsor, Ontario, with its DEAD rose gardens, and its GARBAGE DUMP green spaces.

The DEMISE of Windsor's rose gardens represents THE CATASTROPHIC CARNAGE CAUSED BY ANTI-PESTICIDE PROHIBITION.

The SAME fate awaits Coquitlam.

NORAHG

Rose gardens WILL DIE, and dandelions will be RAMPANT.

It is now LUDICROUS for Windsor to maintain its claim of being the « *City of Roses* ».

Observers have suggested that Windsor now be called ...

The City of DEAD Roses

Or simply ...

The City of Dandelions with NO Roses

By 2011, the City of Windsor had reduced its rose gardens by more than 50 per cent directly because of the 2009 Ontario Pesticides Ban Act.

It is expected that ALL Roses will be ENTIRELY REMOVED within two years.

WINDSOR COULD NOT MAINTAIN ROSES ORGANICALLY ... PEST CONTROL PRODUCTS WERE ABSOLUTELY REQUIRED.

Coquitlam's Own Friggin' Rose Gardens Should Also Die and Disappear.

In fact, if/when Coquitlam IMPOSES PROHIBITION, the Professional Lawn Care Industry MUST DEMAND THAT ALL EXCEPTIONS TO PROHIBITION BE RESCINDED.

In essence, Coquitlam must PROHIBIT ALL conventional pest control products from uses that include agriculture, forestry, golf, mosquito control, nursery, sod production, sports fields, AND rose gardens.

Since CENTENNIAL ROSE GARDEN is a source of income for Coquitlam, of course the city councillors have ABSOLUTELY NO SCRUPLES regarding the use of pest control products ... when it suits THEM !

IRONICALLY ... rose gardens required the VERY SAME INGREDIENTS that are needed to control pests in turf maintenance programs.

IRONICALLY ... Professional Lawn Care maintenance requires LESS PESTICIDE-INPUTS than rose gardens.

NORAHG

If it is safe for children to touch and hold pesticide-treated roses, it is also safe for them to walk and play on pesticide-treated lawns.

If Coquitlam wants to DESTROY the Professional Lawn Care Industry with its Anti-Pesticide PROHIBITION, then it should also allow for the DESTRUCTION of its rose gardens.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE or ABANDONMENT of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

NORAHG was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

HUJE are enviro-lunatics, anti-pesticide activists, and lawn-haters, who particularly DESPISE the golf industry.

There is NO RECOURSE but LITIGATION against these HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of their organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library Force Of Nature Reports and References, which is a VAST ARCHIVE of DOCUMENTS, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION against Anti-Pesticide Vermin.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that there is sufficient information to lead to a SUCCESSFUL PROSECUTION !
