Guelph's HISTORY of Lunatic-Terrorist-Prohibition

The City of Guelph is located in the Province of Ontario, with a population of 115,000.

The Guelph City Council is generally INFESTED with Enviro-Lunatics who CONSPIRED to IMPOSE the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION of pest control products.

Guelph's Anti-Pesticide By-Law came into effect on April 1st, 2008.

The first stage of Guelph's LUNATIC-TERRORIST-PROHIBITION specifically TARGETED THE PROFESSIONAL LAWN CARE INDUSTRY, and by 2010, the Anti-Pesticide By-Law was set to extend to ALL RESIDENTS when it was superseded by the Government of Ontario's own PROHIBITION.

Pest control products used in the Urban Landscape were ARBITRARILY DEEMED by Guelph lunatics AS COSMETIC OR NON-ESSENTIAL.

Lunatic Government Officials then moved to develop a RIDICULOUS education and consulting service, to inform hapless residents about so-called Green Alternatives or Non-Chemical Methods, when in fact, NONE EXIST.

Despite claims to the contrary, overall, there are NO viable, efficacious, or economical Green Alternatives to replace conventional pest control products.

PROHIBITION IS NOW A DISMAL AND HYPOCRITICAL FAILURE !

LOST at least 30% of their business
because of Guelph's PROHIBITION*

Guelph's CARNAGE Caused by Lunatic-Terrorist-Prohibition

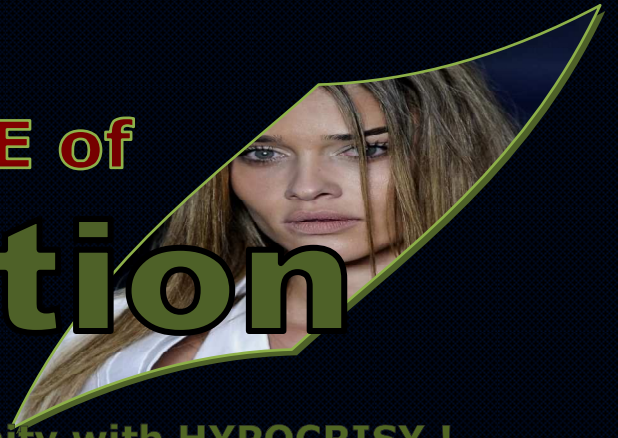

In the City of Guelph, PROHIBITION was DEVAVASTATING for companies like Kendall Lawn Care, which was founded in 1966.

Owner Marty Kendall said his family's business LOST 30 PER CENT OF ITS BUSINESS when the Anti-Pesticide By-Law first came into effect in 2008.

THE ONLY WAY TO TAKE THOSE WEEDS OUT FOR GOOD IS WITH PESTICIDES, Kendall added.

FOR PROFESSIONAL LAWN CARE COMPANIES, PROHIBITION IS NOW A DISMAL AND DEVASTATING FAILURE !

and SHUT UP !*

Guelph's Parks Look Like GARBAGE DUMPS
Because of Lunatic-Terrorist-Prohibition

Murray Cameron, Guelph's Manager of Parkland and Greenways, admitted that so-called NON-CHEMICAL METHODS OF WEED CONTROL are probably NOT ENOUGH to keep the weeds in check.

*<< It's not really possible to control them. We do our best,
but in some ways, it's the new esthetic. YOU HAVE TO GET USED
TO WEEDS. >>*

The city puts most of its lawn care resources into SPORTS FIELDS, but when it comes to PARKS, Cameron said, THE WEEDS ARE SOMETHING PEOPLE ARE JUST GOING TO HAVE TO ACCEPT.

FOR THE PUBLIC, PROHIBITION IS NOW A DISMAL AND ENVIRONMENTAL FAILURE !

Guelph's GARBAGE DUMPS and DANGEROUS Playing Surfaces

LUNATIC-TERRORIST-PROHIBITION in Guelph has created GARBAGE DUMPS and DANGEROUS PLAYING SURFACES — ESPECIALLY TO CHILDREN !

Guelph's public green spaces are now WEED-INFESTED and INSECT-INFESTED.

They are OVER-RUN by Dandelions and other weed pests, and are DESTROYED by damaging insect pests like European Chafer.

THE PROHIBITION OF PEST CONTROL PRODUCTS REPRESENTS A HAZARD TO ANYONE USING THESE PLAYING SURFACES, ESPECIALLY CHILDREN.

When it rains, Guelph's playing surfaces are SLIPPERY MUD BOGS.

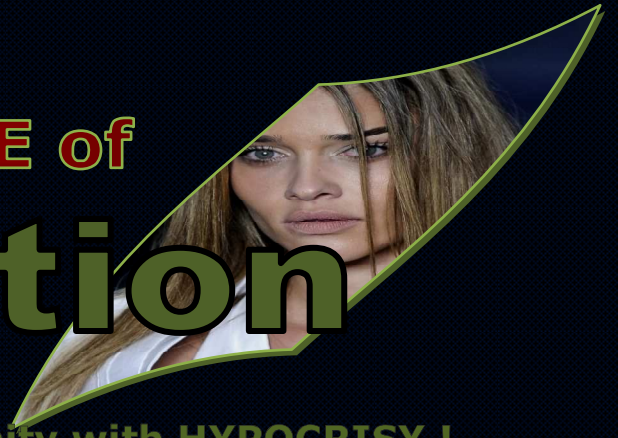

When dry, Guelph's playing surfaces are AS HARD AS CONCRETE.

Guelph's Anti-Pesticide By-Law has led to GARBAGE DUMPS, creating potentially DANGEROUS PLAYING SURFACES, and HURT CHILDREN.

FOR CHILDREN, PROHIBITION IS NOW A DISMAL AND DANGEROUS FAILURE !

Government Officials PROFITING from Lunatic-Terrorist-Prohibition

Non-Expert Enviro-Lunatic Government Official Karen McKeown PROFITED DIRECTLY from the Guelph Anti-Pesticide By-Law since she was employed as the city's so-called HEALTHY LANDSCAPES TECHNICIAN.

Non-Expert McKeown was CLUELESS when it came to weed control, and yet insisted that it was possible to prevent the weeds from spreading without using chemicals. [Wrong !]

Despite having NO recognized training or expertise in weed management, McKeown was PAID-FOR-PROFIT to provide USELESS consultations to assess residents' lawns and offer INCOMPETENT non-chemical suggestions.

Additionally, Karen McKeown comes from A FAMILY OF ENVIRO-LUNATICS associated with ENVIRONMENTAL-TERRORIST-ORGANIZATIONS that have CONSPIRED to IMPOSE PROHIBITION throughout Ontario.

Allan McKeown is Enviro-Lunatic-Leader of Sarnia-Lambton GREEN PARTY, and was a Candidate for GREEN PARTY OF ONTARIO.

David McKeown is Enviro-Lunatic Medical Officer for TORONTO PUBLIC HEALTH, and he has also served on the Environment Program Committee of LAIDLAW FOUNDATION, which finances Enviro-Terrorist-Organizations.

FOR THE MCKEOWN FAMILY, PROHIBITION IS A PROFITABLE SUCCESS !

Guelph Government Officials
REVERSE PROHIBITION When It SUITS THEM !

According to Jason Dodge, of the Guelph Mercury Community Editorial Board —

You may remember, not long ago, there was a RAMPAGE IN GUELPH that CONSUMED COUNTLESS TAX DOLLARS AND HOURS for the city and its representatives.

Guelph was fighting a battle against an ALLEGED DEADLY VILLAIN known as « *the cosmetic pesticide application* ».

This EVIL BUT CONVENIENT MONSTER had been running wild throughout Guelph, eliminating weeds and grubs and chinch bugs, making our parks and homes esthetically pleasing, and SUPPOSEDLY CAUSING CANCER in anyone that stood in or smelled its path.

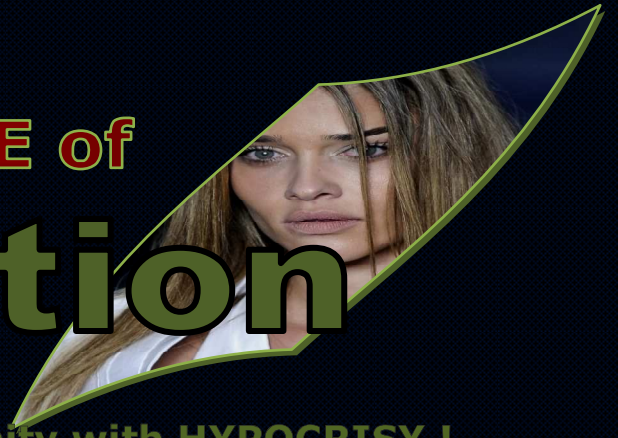

Luckily, with help from the provincial government, our city representatives became heroes and BANISHED THIS VILLAIN FROM OUR TOWN FOREVER.

Or so we thought.

Guelph has had a SUDDEN CHANGE OF HEART when it came to the Eastview Landfill Site.

PROHIBITION IS NOW A DISMAL AND HYPOCRITICAL FAILURE !

*The City of Guelph is leading
the community with HYPOCRISY*

Maybe this evil foe wasn't so bad after all ?

Maybe it was just a big misunderstanding ?

Maybe this is the city's way of saying WE WERE MISINFORMED and that PESTICIDES ARE OUR ALLIES (when used responsibly, of course).

The truth is, GUELPH IS LEADING THE COMMUNITY WITH HYPOCRISY on this one.

Time and time again, the city explained to us HOW UNNECESSARY pesticides are, and HOW DANGEROUS they can be.

PROHIBITION IS NOW A DISMAL AND HYPOCRITICAL FAILURE !

*The City of Guelph claimed
that natural remedies
and pulling weeds by hand
was the only way to go*

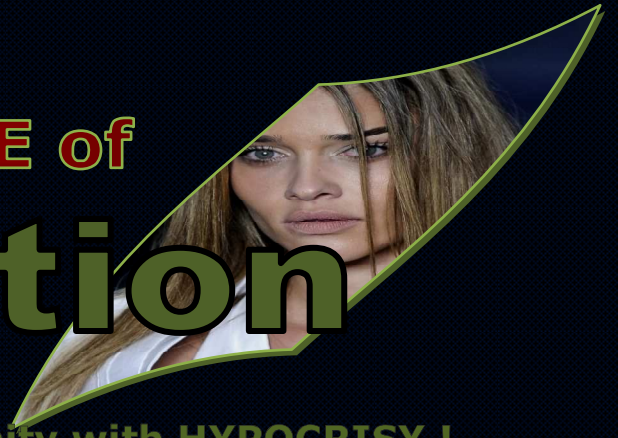

Guelph pushed to take these chemicals out of the hands of home-owners and licensed professionals claiming that NATURAL REMEDIES, aerating and mowing techniques, and PULLING WEEDS BY HAND is the only way to go.

One look at our city parks will tell you that Guelph is FAILING TO PRACTICE WHAT IT PREACHES.

Now we are told that THE CITY HAS HIRED A CONTRACTOR TO APPLY AT LEAST THREE APPLICATIONS HERBICIDES TO LAND TO ELIMINATE « NON-NATIVE SPECIES » OF WEEDS AND GRASSES.

They claim that non-herbicide controls are « *not practical on this scale of implementation* », yet they also claim that when the so-called pollinator park is complete, any new non-native plants will be controlled with trimming and hand-pulling.

non-native weed species*

Since Guelph doesn't use these techniques on our sports fields and parks now, why should we believe this new park will be any different ?

I believe pesticide applications are ACCEPTABLE and OFTEN NECESSARY.

That may very well be the case in this situation.

However, GUELPH WAS ADAMANTLY SUPPORTING A BAN ON THE USE OF PESTICIDES A SHORT TIME AGO.

*Pesticides are not a health hazard
if it is convenient ?*

Pesticides are AN UNNECESSARY HEALTH HAZARD, they claimed.

So, what message are we sending to other communities now ?

PESTICIDES ARE NOT A HEALTH HAZARD IF IT IS CONVENIENT ?

Using the term « *non-native species of weeds* » DOES NOT MAKE THIS HERBICIDE APPLICATION ANY LESS HYPOCRITICAL.

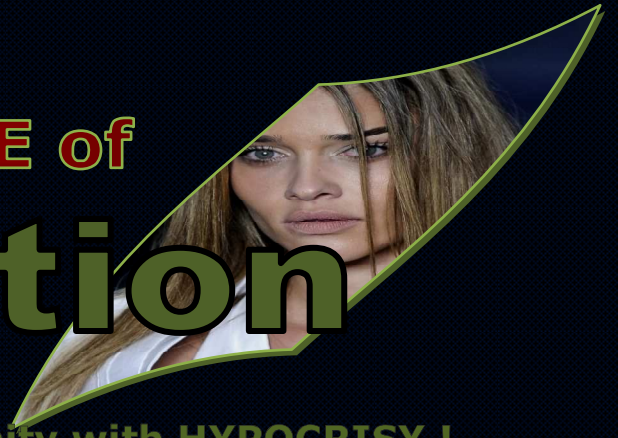

THIS PHRASE IS USED TO MAKE THEIR DECISION TO SPRAY SOUND MORE JUSTIFIED AND NECESSARY.

There are dozens of plants around Guelph that fall under this category.

What is one of the most common non-native species of weeds that the city will not apply pesticides to as it is an unnecessary health hazard ?

The dandelion.

The DISMAL FAILURE of Prohibition

**City of Guelph is leading the community with HYPOCRISY !
Pesticides are not a health hazard IF IT IS CONVENIENT ?

The dandelion is native to Asia, and THIS WEED IS OVER-TAKING OUR PARKS AND LAWNS here in Guelph.

Residents are encouraged to reduce the spread of this invasive plant by HAND-PICKING them.

Better yet, we should turn our lawns into so-called natural pollinator areas with native plants to attract butterflies and birds and bees.

Sounds wonderful doesn't it ?

The City of Guelph has now shown us that with these four simple steps.

It is surprisingly easy.

First, DOUSE THE AREA WITH REPEATED APPLICATIONS OF HERBICIDES.

Second, use creative terms such as « *non-native* », « *invasive* », and « *aggressive* » TO JUSTIFY YOUR SUDDEN CHANGE OF PERSPECTIVE ON THE USE OF PESTICIDES.

Third, install and grow native species plants.

Then, revert back to your belief that pesticides are our enemy.

Repeat as necessary ?

PROHIBITION IS A DISMAL FAILURE !

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. This is what we do. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. He and his colleagues are recognized as THE MAJOR INFLUENCE for the decision by Canadian Cancer Society to STOP selling for profit PESTICIDE TREATED DAFFODILS. Mr. Gathercole's vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
