Quebec Prohibition

INVALIDATED

With NAFTA Challenge

May 26th, 2011

Financial Post

Selected and adapted excerpts

Dow scores NAFTA challenge VICTORY over famous herbicide.

The details have yet to emerge, but Dow AgroSciences, the manufacturer of the pest control product 2,4-D, says it has SETTLED A NAFTA CHALLENGE CASE with the Canadian federal government under NAFTA.

The North American Free Trade Agreement, or NAFTA, is an agreement signed by the governments of Canada, Mexico, and the United States, creating a tri-lateral trade bloc in North America.

As part of agreement, a VICTORY for the company, the GOVERNMENT OF QUEBEC has agreed to a STATEMENT saying that ...

2,4-D DOES NOT POSE AN UNACCEPTABLE RISK to human health or the environment.

Quebec was the first province to declare weed control products containing 2,4-D as POSSIBLY carcinogenic, which has now been DEEMED AS FALSE.

Victory

Against Lunatic Terrorists

On that basis, municipalities in Quebec instituted NEEDLESS, SENSELESS, and MALICIOUS PROHIBITIONS of 2,4-D use as a lawn pest control product.

Other jurisdictions outside of Quebec also CONSPIRED to IMPOSED the LUNATIC-TERRORIST-PROHIBITIONS of 2,4-D under the PRETEXT that it was a so-called carcinogen.

In fact, ABSOLUTELY NO regulatory body in the world classifies 2,4-D as a human carcinogen.

2,4-D is probably the MOST STUDIED and BEST UNDERSTOOD of ANY chemical — not just pesticide — in existence.

Enviro-Lunatic Activists and Government Officials were WRONG and MALICIOUSLY ALARMIST as they CONSPIRED to IMPOSE PROHIBITIONS that DESTROYED the Professional Lawn Care Industry.

Laws against the use of pest control products in the Urban Landscape may remain in place, but not because they pose any real health and environmental risk.

With this VICTORY, the Professional Lawn Care Industry and other injured parties are MOVING TO SEEK DAMAGES AND RESTITUTION, not only in the Province of Quebec, but in several jurisdictions across Canada.

The LOSSES to the Professional Lawn Care Industry have been IMMENSE — in the HUNDREDS OF MILLIONS OF DOLLARS.

Quebec Prohibition

INVALIDATED

With NAFTA Challenge

Under the NAFTA agreement with Dow AgroSciences ...

The government of Quebec agrees that products containing 2,4-D DO NOT POSE AN UNACCEPTABLE RISK to human health or the environment, provided that the instructions on their label are followed.

This is consistent with Health Canada's Pest Management Regulatory agency and regulators in the U.S. and Europe.

What this means in Canada is that we now have LUNATIC-TERRORIST-PROHIBITIONS in existence in several jurisdictions that are BASED ON JUNK SCIENCE SCARES PERPETRATED BY ENVIRONMENTAL ACTIVISTS.

When Quebec SET A PRECEDENT ON THE BASIS OF A CANCER SCARE, other jurisdictions followed.

Meanwhile, Canadian farmers — where almost 99 per cent of 2,4-D is used — can continue to spray know that there is now little chance that any LUNATIC-TERRORIST-PROHIBITION will ever be extended to their industry.

In many jurisdictions the have IMPOSED LUNATIC-TERRORIST-PROHIBITION, however, dandelions and other weeds cannot be removed from the Urban Landscape by using perfectly safe chemicals like 2,4-D.

How many safe chemicals can governments ban on the basis of junk science claims by Lunatic-Enviro-Terrorists.

**At least ONE MALICIOUS ACT
of Lunatic–Environmental–Terror
Is Perpetrated EVERY SINGLE DAY**

NORAHG

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. This is what we do. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culpit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culpit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culpit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. He and his colleagues are recognized as THE MAJOR INFLUENCE for the decision by Canadian Cancer Society to STOP selling for profit PESTICIDE-TREATED DAFFODILS. Mr. Gathercole's vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
