The O.J. Seed Varieties for Municipalities.

The O.J. Varieties of Kentucky Bluegrass That Are The Best for Municipalities.

Absolute

Dark green leaf colour. High leaf density. Fine leaf texture. Good tolerance to low maintenance conditions, and short mowing. Good tolerance to heat and drought stress. Very good tolerance to wear or traffic. Good resistance to Leaf Spot disease.

Arcadia

Very dark green leaf colour. Fine leaf texture. High leaf density. Good tolerance to low maintenance conditions, and short mowing. Rapid germination. Good tolerance to heat, drought, and wear stress. Good resistance to Leaf Spot disease.

Baron

For a long time, the standard of excellence. Dark to medium green leaf colour. Good to moderate tolerance to low maintenance conditions. Good tolerance to drought and wear. Good to moderate resistance to Leaf Spot disease.

BLUE CHIP PLUS

Medium to dark green leaf colour. Rapid spring green-up. Good tolerance to low maintenance conditions. Vigorous seedling development. Rapid rate of establishment. Good tolerance to wear or traffic. Moderate tolerance to drought stress.

BLUE SAPPHIRE

Dark green leaf colour. High leaf density in spring and summer. Vigorous seedling development. Rapid rate of establishment. Good to moderate tolerance to low maintenance conditions. Moderate to good tolerance to heat and drought stress. Excellent tolerance to wear. Excellent to good resistance to Leaf Spot disease.

Brooklawn

Light green leaf colour. Very rapid or rather quick spring green-up. High leaf density. Rhizomes are very vigorous. Good to moderate tolerance to low maintenance conditions. Good tolerance to wear. Tolerates shade and resists Powdery Mildew.

IMPACT
BLUEGRASS

Dark green leaf colour. High leaf density. Good tolerance to low maintenance conditions. Very good tolerance to short mowing. Rapid rate of germination. Vigorous seedling development. Rapid rate of establishment. Good tolerance to heat and drought stress. Very good tolerance to wear. Excellent resistance to Leaf Spot.

Raven

Medium dark green. Rapid spring green-up. Good to moderate tolerance to low maintenance. Good tolerance to heat, drought, and wear. Moderate resistance to Leaf Spot.

SR 2100
Kentucky Bluegrass

Medium dark green to dark green leaf colour. Good tolerance to low maintenance. Very vigorous seedlings. Rapid establishment. Very aggressive. Good tolerance to heat and wear stress. Very good to moderate resistance to Leaf Spot disease.
