

Sod Quality.

Economical I

½–¾ inch mowing

This blend of improved varieties of Kentucky bluegrass will provide a dark to very dark green colour, a medium to fine leaf texture, and a medium to high density turf. Economical I can be used for the following locations : • Areas with no irrigation. • Cemeteries. • Golf course fairways (¾–inch). • Golf course primary rough. • Golf course secondary deep rough. • High–use parks. • Leisure green spaces. • Residential home lawns. • Sod farms. • Sports fields.
