Chicago's Pesticide-Free FAILURE

City of Chicago

Selected and adapted excerpts

Chicago's boulevard parkways LOOK LIKE GARBAGE DUMPS, but the city still wants to give the public the FALSE and FRAUDULENT impression that they are, somehow, HEALTHY places for you to enjoy.

CARNAGE

The CARNAGE Caused by LUNATIC-PROHIBITION of Pest Control Products
Has DESTROYED Chicago's Public Green Spaces

This implies that THICK, GREEN, and PEST-FREE areas maintained with pest control products were somehow UNHEALTHY for the public. [Wrong !]

There is NO EVIDENCE that pest control products pose a THREAT to health and environment.

Chicago Government Officials COULD NOT CARE LESS because the city is now operated by NON-EXPERT ENVIRO-LUNATIC-BASTERDS who are LYING SACKS OF CWAP.

They LIE and LIE and LIE and LIE.

Because of Chicago's LUNATIC-TERRORIST-PROHIBITION, the public will see MILLIONS AND MILLIONS OF DANDELIONS in the Chicago parkways.

This is a sign that Chicago has ARBITRARILY IMPOSED a PROHIBITION of the pest control products that are typically sprayed to remove weeds.

Chicago's PROHIBITION was executed under the PRETEXT that conventional pest control products represent some IMAGINARY DANGER to health or environment. [Wrong !]

Chicago mows regularly to keep the Dandelion flowers down, but the public is NO LONGER INTERESTED in using parkways that nevertheless LOOK LIKE GARBAGE DUMPS — see photo in the next segment — the parkways are now ABANDONED and DISUSED.

CARNAGE

The CARNAGE Caused by LUNATIC-PROHIBITION of Pest Control Products
Has DESTROYED Chicago's Public Green Spaces

In keeping with BOGUS natural turf care basics, Chicago keeps grass three-inches high.

Taller-grass was implemented under the PRETEXT that, somehow, this was a form of non-chemical weed control. [Wrong !]

Unfortunately, the taller-grass WILL NOT shade out weeds and control them.

This is a MYTH.

Consequently, Chicago's parkways STILL LOOK LIKE GARBAGE DUMPS.

Chicago has PROHIBITED the use of pest control products that are otherwise EPA-APPROVED, FEDERALLY-LEGAL, and SCIENTIFICALLY-SAFE.

Since when do Chicago Non-Expert Government Officials know better than Environmental Protection Agency (EPA) on matters concerning pest control products ?!?!

Since PROHIBITION, Dandelion flowers are SPREADING IN THE MILLIONS.

Chicago parkways LOOK LIKE GARBAGE DUMPS.

It gives the impression that the parkways are MISMANAGED.

It gives the impression that Chicago's Parks & Recreation people are INCOMPETENT.

CARNAGE

The CARNAGE Caused by LUNATIC-PROHIBITION of Pest Control Products
Has DESTROYED Chicago's Public Green Spaces

It gives the impression that Chicago's Government Officials COULD NOT CARE LESS about its parkways, or the true well-being of the electorate.

It gives the impression that Chicago is now operated by NON-EXPERT ENVIRO-LUNATIC-BASTERDS who are LYING SACKS OF CWAP.

In order to DEFLECT criticism away from Chicago's PESTICIDE-FREE FAILURE, Government-Lunatics have decided to LIE EVEN MORE.

According to these NON-EXPERT ENVIRO-LUNATIC-BASTERDS —

... when you see a Dandelion, just remember —

... the grass is healthy and safe for you, your family, and your pets.
[Wrong !]

Chicago-Government-Lunatics LIE and LIE and LIE and LIE.

Actually, the grass was safe BEFORE PROHIBITION.

In fact, the grass is NO LONGER HEALTHY because it is RIDDLED WITH PEST PROBLEMS that Chicago refuses to control.

The parkways are now MISMANAGED, and the City Employees are INCOMPETENT, and the city is governed by LYING, DECEIVING, NON-EXPERT LUNATIC-Government-Officials who have NO IDEA what they are talking about.

CHICAGO'S NATURAL BOULEVARD PARKWAYS

Chicago's boulevard parkways are healthy places for you to enjoy.

During the spring and summer, you may see dandelions in the parkways. This is a sign that the Chicago Department of Transportation (CDOT) **has limited the use of chemicals** that are typically sprayed to control weeds. CDOT does this in an effort to minimize the impact on our environment.

CDOT also mows regularly to keep weeds down. In keeping with natural turf care basics, CDOT keeps grass three inches high. This allows roots to grow strong and access water deep in the ground. As a result, the taller grass naturally shades out some weeds.

Since CDOT has reduced the use of chemical weed killers, dandelion flowers can grow back quickly. When you see a dandelion, just remember: **the grass is healthy and safe for you, your family and your pets.**

For more information, contact CDOT at (312) 744.3600, e-mail cdotnews@cityofchicago.org or visit www.cityofchicago.org/transportation

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed. This is what we do. Don't thank us. It's a public service. And we are glad to do it.

HUJE are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Lunatic Culprit is a misguided adversary, each still deserves our respect. The use of the terms Lunatic, Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Lunatic Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry.

HUJE is a term used to describe Enviro Lunatic Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing there is some IMAGINARY DANGER with conventional pest control products. HUJE also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS CONSPIRACY to PROHIBIT conventional pest control products that are HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE.

HUJE have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Lunatic Culprit Terrorist Basterd HUJE is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.

This Report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in environmental compliance, government negotiations, public affairs, and workplace safety. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority.

Mr. Gathercole and his colleagues have followed the evolution of LUNATIC ENVIRONMENTAL TERRORISM for over a quarter century. For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of the VERMIN OF ENVIRONMENTAL TERROR for the entire Modern Green Space Industry across Canada. Their involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec.

Today, Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. He and his colleagues are recognized as THE MAJOR INFLUENCE for the decision by Canadian Cancer Society to STOP selling for profit PESTICIDE-TREATED DAFFODILS. Mr. Gathercole's vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! Mr. Gathercole is now retired, although his name continues to appear as FOUNDER of Force Of Nature.
