The City of Roses NO MORE

If you stroll through Windsor's parks these days, the air is not quite as sweet as it used to be — that's because there's A LOT FEWER ROSE BEDS in public gardens compared to five years ago.

Windsor, or the former « *City of Roses* », has REMOVED HALF OF ITS ROSE BEDS because of a provincial lunatic-terrorist-prohibition on pest control product use in 2009.

Roses CANNOT be maintained without pest control products.

According to Don Sadler, Executive Director of Parks and Recreation —

<< When you have large areas of roses it's just IMPOSSIBLE for you to maintain large areas without the use of some chemicals to ward off some of the diseases that affect roses. >>

It is difficult for Windsor to maintain its claim of being the « *City of Roses* ».

Observers have suggested that Windsor now be called ...

The City of DEAD Roses

Or simply ...

The City of Dandelions with NO Roses

Another demonstration of the FAILURE of LUNATIC-PROHIBITION.

Commentary from an Independent Perspective —

The City of Windsor has reduced its Rose population by more than 50 per cent since the Ontario Pesticides Ban Act in 2009.

It is expected that ALL Roses will be ENTIRELY REMOVED within two years.

WINDSOR CANNOT MAINTAIN ROSES ORGANICALLY ... PEST CONTROL PRODUCTS ARE ABSOLUTELY REQUIRED.

Where are those Green Alternative Products that are supposed to work ?

The Government of Ontario has spent millions of dollars on educating the public on so-called Green Alternatives that are safer for the environment.

Where are they ?

Observers suggest that we get Jean Cottam, Canadian Cancer Society, and Gideon Forman out there, and take care of Windsor's Roses.

They will show everyone how to do it.

Or, let's just throw all of them in prison, for LYING AND DEFRAUDING THE PUBLIC.

They will end up on the HUDAK CONSERVATIVE ENVIRO-LUNATIC PRISONER CHAIN GANG hand-picking weeds anyhow.

The History of Lunatic Terrorist Prohibition in Ontario

PROHIBITION DESTROYED
the Modern Professional
Lawn Care Industry
created GARBAGE DUMPS and
DANGEROUS PLAYING SURFACES

LUNATIC-PROHIBITION in the Province of Ontario

On April 22nd, 2009, the Government of Ontario implemented legislation for the NEEDLESS, SENSELESS, and MALICIOUS PROHIBITION against pest control products used by the Modern Professional Lawn Care Industry.

An Exception Status was provided to industries like golf, sports fields, specialty turf, forestry, and agriculture.

These industries employed THE VERY SAME pest control products otherwise PROHIBITED for the Modern Professional Lawn Care Industry.

The legislation was implemented despite the fact that the PROHIBITED pest control products were still HEALTH CANADA APPROVED, FEDERALLY LEGAL, SCIENTIFICALLY SAFE and TOTALLY IRREPLACEABLE.

Moreover, there were serious issues with the Ontario Minister of the Environment, John Gerretsen, who was responsible for implementing PROHIBITION.

Gerretsen was INDISCREET with his CLOSE PUBLIC ASSOCIATIONS with RADICAL and SUBVERSIVE LUNATIC-PROHIBITION-TERRORISTS.

HORRENDOUS CARNAGE
Caused by LUNATIC-PROHIBITION in Ontario

The DEVASTATION of the Professional Lawn Care Industry was EXTENSIVE because there were NO valid economical alternatives to replace the prohibited products.

VIRTUALLY ALL Green Alternatives were almost TOTALLY INEFFECTIVE, except under very specific circumstances.

The Green Alternatives were BOGUS and DISMAL FAILURES.

Consequently, Professional Lawn Care Companies were UNABLE to provide adequate weed and insect control, and were UNABLE to keep their customers satisfied.

BOGUS Green Alternatives DRAMATICALLY INCREASED the PERSONAL WEALTH and REPUTATION of many of the lunatics operating in organizations related to the investment, sale, distribution, and research.

There was a conflict-of-interest having investors, salesmen, distributors, and researchers of Green Alternatives, like Sarritor and Fiesta, serving as Directors who were responsible for making critical decisions on behalf of the Professional Lawn Care Industry.

In 2010, the Province of Nova Scotia initially PROHIBITED Fiesta Herbicide, and the Province of New Brunswick PROHIBITED Corn Gluten Meal Herbicide.

LOSS OF REVENUES in Ontario
Caused by LUNATIC-PROHIBITION

In 2010, the Ontario Professional Lawn Care Industry lost over 500,000,000 DOLLARS.

By 2010, 40 to 70 per cent of Professional Lawn Care customers were ANNIHILATED, depending upon the type of company and its location.

The History of Lunatic Terrorist Prohibition in Ontario

UNEMPLOYMENT in Ontario Caused by LUNATIC-PROHIBITION

By 2009, OVER 5,000 HAPLESS VICTIMS were UNEMPLOYED (full time employees and summer students).

Because of the LUNATIC-TERRORIST-PROHIBITION, Professional Lawn Care businesses were forced to TERMINATE many or most of their employees.

By 2010, 8,300 to 12,500 were UNEMPLOYED.

BUSINESS FAILURES in Ontario Caused by LUNATIC-PROHIBITION

Because of LUNATIC-TERRORIST-PROHIBITION, Professional Lawn Care businesses, which at one time provided a good living and some equity for eventual sale for retirement, became WORTHLESS !

Many multi-vehicle Professional Lawn Care businesses were forced to DOWN-SIZE their operations to a single truck.

There was a GLUT OF USED-EQUIPMENT-FOR-SALE because of the DOWN-SIZING and EXODUS of Professional Lawn Care businesses.

Because of LUNATIC-TERRORIST-PROHIBITION, several dozen companies were forced to exit from the market.

Professional Lawn Care businesses were simply ABANDONED — no one was able to buy or sell a Professional Lawn Care business !

Observers have expected 780 BUSINESS FAILURES or BANKRUPTCIES.

LUNATIC-TERRORIST-PROHIBITION DESTROYED the Modern Professional Lawn Care Industry.

We are living in the 9/11 Era of Environmental Terror !

LUNATIC-PROHIBITION Created
GARBAGE DUMPS and DANGEROUS SURFACES

LUNATIC-TERRORIST-PROHIBITION in Canada has
created GARBAGE DUMPS and DANGEROUS PLAYING
SURFACES — ESPECIALLY TO CHILDREN !

In jurisdictions where LUNATIC-PROHIBITION was
imposed, organically-maintained playing surfaces
like home lawns, public green spaces, and sports
fields became WEED-INFESTED and INSECT-IN-
FESTED.

They became OVER-RUN by Dandelions and other
weed pests, and were DESTROYED by damaging in-
sect pests like European Chafer.

THE PROHIBITION OF PEST CONTROL PRODUCTS
REPRESENTED A HAZARD TO ANYONE USING THESE
PLAYING SURFACES, ESPECIALLY CHILDREN.

When it rained, organically-maintained pest-
infested playing surfaces were SLIPPERY MUD BOGS.

When dry, organically-maintained pest-infested
playing surfaces were AS HARD AS CONCRETE.

Any trend favouring BOGUS-Organic-and-Pesticide-
Free Maintenance will lead to GARBAGE DUMPS,
DANGEROUS PLAYING SURFACES, and HURT CHIL-
DREN.

Enviro-Vermin COULD NOT CARE LESS ABOUT
CHILDREN !

The History of Lunatic Terrorist Prohibition in Ontario

CARNAGE Caused by LUNATIC-PROHIBITION
in the Province of Quebec

PROHIBITION against pest control products in Quebec was legislated BEFORE Ontario, and provided observers with valuable facts about the LEVEL OF CARNAGE to expect for Ontario.

Since 2006, Quebec LUNATIC-PROHIBITION was DEVASTATING to the Professional Lawn Care Industry — OVER 60 per cent of the Professional Lawn Care Industry was ANNIHILATED !

LUNATIC-TERRORISTS
Lied and Lied and Lied and Lied !

LUNATIC-PROHIBITION-TERRORISTS assured Government Officials that the effects of prohibition would be positive. Not a single lunatic had ANY recognized expertise, training or background in matters concerning pest control products. The opinions of lunatics in matters concerning pest control products were TOTALLY VALUELESS and UTTERLY WORTHLESS.

Stopping the CARNAGE
Caused by LUNATIC-PROHIBITION

In January 2010, the Green Space Industry outlined the list of CHARGES against the Government of Ontario and the Ministry of the Environment.

The legal proceedings were organized by Jeffrey P. Lowes and M-REP Communications.

Additionally, individual members of Environmental-Terror-Organizations also faced CHARGES under the Canadian Criminal Code.

By August 2010, M-REP Communications commenced CIVIL ACTION to recover the HORRENDOUS LOSSES caused by PROHIBITION-TERRORISTS.

We are living in the 9/11 Era of Environmental Terror !

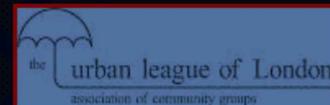

Summary of Alleged Offences by PROHIBITION-TERRORISTS

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG).

It is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY.

This report provides NO guarantee regarding accuracy or completeness. In no event shall Force Of Nature be liable for any incidental or consequential damages, lost profits, or any indirect damages.

Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating. All information, excerpts, and pictures contained in this report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his colleagues.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University — University of Guelph — the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and environmental terrorism — turf and ornamental maintenance and troubleshooting — history of the industry — sales and distribution of seeds, chemicals, fertilizers, and equipment — fertilizer manufacturing

Notable activities — worked in virtually all aspects of the Green Space Industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety — supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications — advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians — pesticide certification instructor for thousands of industry workers — founder of modern professional lawn care industry — writer for industry publications and e-newsletters — the only true reliable witness who intervened in the development of prohibition in the town of Hudson, Quebec

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to the prohibition of pest control products — creator of the signs that are now used for posting after application — co-founder of annual convention for Quebec golf course superintendents — the major influence for the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils — retired founder of Force Of Nature and A Look At e-newsletters

Notable award — man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against activism in the 1980s and 1990s

Legacy — for fifteen years, the strategies designed and implemented by Mr. Gathercole and his colleagues ensured the control of environmental activists, providing peace for the entire modern green space industry across Canada — orchestrated, with his colleagues, legal action against activists in the town of Hudson, Quebec

Mr. Gathercole is now retired, although his name continues to appear as founder of Force Of Nature and A Look At e-newsletters.
