Selected and Adapted Excerpts

The City of Durango is located in the State of Colorado, with a population of almost 17,000.

Anti-Pesticide Activists are CONSPIRING to IMPOSE a CITY ORDINANCE ( a.k.a. Anti-Pesticide PROHIBITION ) against conventional pest control products used in Durango parks and other city-owned property.

Anti-Pesticide PROHIBITION would FORCE Durango to use products and services that are ORGANIC AND PESTICIDE FREE whenever possible with the ULTIMATE GOAL OF TOTAL PROHIBITION.

City Government Officials, Professional Lawn Care Companies and supporters of the local Hillcrest Golf Course and playing fields are OPPOSED to exclusively relying on so-called ORGANIC PESTICIDE-FREE MAINTENANCE.

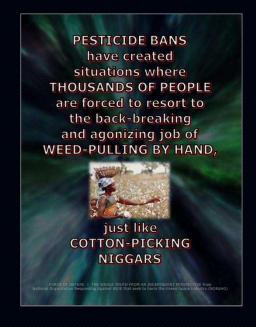

They cite the STUNNINGLY EXORBITANT COSTS and LACK OF NEED FOR ORGANICS.

According to the Director of Durango's Parks and Recreation Department —

- The costs for maintaining Durango's PARKS will INCREASE from \$34,550 to \$237,450 annually.
- The costs for maintaining Durango's NATURAL LANDS will IN-CREASE from \$8,000 to \$76,700 annually.

The COST INCREASES are based on the city having to rely on MANUAL OR ME-CHANICAL REMOVAL OF WEEDS and having to apply organic fertilizer monthly.

A PESTICIDE BAN will create a situation where Municipal Employees are forced to resort to the BACK-BREAKING and AGO-NIZING JOB of WEED-PULLING BY HAND, just like COTTON-PICKING NIGGARS.

## Organic Pesticide-Free Maintenance Is BOGUS

City Government Officials, Professional Lawn Care Companies and supporters of the local Hillcrest Golf Course and playing fields also pointed out that NO ONE HAS GOTTEN SICK FROM PESTICIDES in Durango.

Moreover, those cities that tried so-called Organic Pesticide-Free Maintenance have RETURNED TO USING SYNTHETICS.

With Organic Pesticide-Free Maintenance, public and residential green spaces become DANGEROUS AND PEST-INFESTED GARBAGE DUMPS.

Organic Pesticide-Free Maintenance is UNABLE TO PROVIDE ADEQUATE TURF AND PLAYING CONDITIONS.

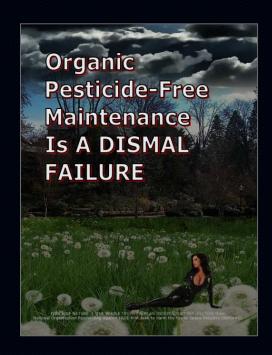

Organic Pesticide-Free Maintenance leads to UNBEARABLE AND DESTRUC-TIVE PEST PROBLEMS AND DISORDERS.

Moreover, Organic Pesticide-Free Maintenance is STUNNINGLY EXPENSIVE and NOT ECONOMICALLY VIABLE.

Municipalities are NOT able to afford the HIGH COST OF LABOUR needed to MANUALLY REMOVE MILLIONS OF PESTS, or the STUNNINGLY EXPENSIVE AND INEFFECTIVE Green Alternative Pesticides and Organic Fertilizers.

Organic Pesticide-Free Maintenance is promoted by ENVIRO-VERMIN with UN-VERIFIABLE SUCCESS STORIES!

Green Alternative Pesticides, as well as Organic Fertilizers, are often owned and distributed by the VERY SAME ENVIRO-VERMIN who CONSPIRE to IMPOSE Anti-Pesticide PROHIBITION.

Organic Pesticide-Free Maintenance is also promoted by people who FALSE-LY ALLEGE SUCCESS, and who are likely CONCOCTING LIES, MISCONCEP-TIONS, and DECEPTIONS for their own twisted VESTED INTERESTS.

Moreover, services using Organic Pesticide-Free Maintenance are operated by ENVIRO-VERMIN.

Many LIE and CHEAT — they NEVER SPEAK THE TRUTH!

Services using Organic Pesticide-Free Maintenance simply CANNOT BE SUC-CESSFUL when using Green Alternative Pesticides and Organic Fertilizers.

They must resort to ILLEGAL Green Alternative Pesticides, such as beet juice, copper sulphate, micro-organisms, and neem oil ... WHEN IT SUITS THEM!

They also must resort to conventional pest control products ... WHEN IT SUITS THEM!

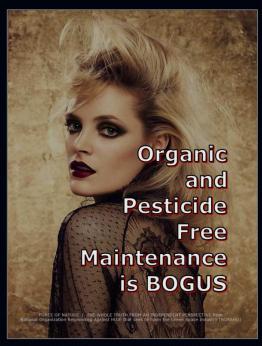

They must resort to conventional pest control products when customers are not present on the property ... WHEN IT SUITS THEM !.

Then, Anti-Pesticide Activists arque that services using Organic Pesticide-Free Maintenance are, somehow, innovative industry leaders. [?!?!]

If they can do it, why can't everybody else ?!?! — in fact, they CANNOT!

These services represent a MAJOR THREAT to the Modern Green Space Industry.

Moreover, any trend towards adopting Organic Pesticide-Free Maintenance will NEVER APPEASE Anti-Pesticide Enviro-Lunatic Terrorists.

# Durango's Anti-Pesticide Activists

In Durango, Anti-Pesticide Activists have created a little club with the cutesy title ... ORGANICALLY MANAGED PARKS TEAM DURANGO.

With Organic Pesticide-Free Maintenance, public and residential green spaces become DANGEROUS AND PEST-INFESTED GARBAGE DUMPS.

The SAME FATE awaits Durango if it listens to these LUNATICS!

This Anti-Pesticide Organization collected money in order to pay for an IL-LEGAL LOBBYIST, Paul Tukey, to come to Durango to COERCE, INTIMI-DATE, and TERRORIZE Government Officials.

Paul Tukey also RUSHED to Durango in order to PROTECT HIS VESTED IN-TERESTS in services using Organic Pesticide-Free Maintenance, Green Alternative Pesticides, and Organic Fertilizers.

The question of Anti-Pesticide PROHIBITION revolves less around health and environment concerns, and more around THE SALE OF PRODUCTS AND SERVICES that are SOLD AT STUNNINGLY EXORBITANT COSTS.

Anti-Pesticide PROHIBITION is a SALES STRATEGY used to keep people from purchasing conventional products that are NOT sold and distributed by Tukey.

In fact, Tukey is a FAILED AND BANK-RUPT LAWN CARE OPERATOR who was APPREHENDED BY AUTHORITIES for applying pest control products WITHOUT THE NECESSARY LEGAL LICENSING.

Tukey operates ILLEGALLY as a NON-REGISTERED LOBBYIST and TAX-EVADER, and HAS NEVER DISCLOSED THE FACT THAT HE IS A MERE SALES REPRESENTATIVE.
