GARBAGE DUMP GREEN SPACES IN ONTARIO — Anti-Pesticide PROHIBITION created DISASTROUS, UNHEALTHY, and UNSIGHTLY CONDITIONS of yards, ditches, sport fields, and green spaces.

CHILDREN AT RISK IN ONTARIO — Anti-Pesticide PROHIBITION created SPORTS FIELDS THAT ARE DANGEROUS since weeds are flourishing, and sports fields surfaces are HARD because there is NO cushion of grass.

HEALTH ISSUES IN ONTARIO — Anti-Pesticide PROHIBITION created conditions where CHILDREN ARE SUFFERING from severe reactions to weeds like Poison Ivy.

ALLERGIES IN ONTARIO — Ragweed and other pollen-producing plants ALL GO UNCHECKED because of Anti-Pesticide PROHIBITION.

AGRICULTURAL DAMAGE IN ONTARIO — Anti-Pesticide PROHIBITION created WEEDS THAT ARE UNCONTROLLED IN DITCHES and that are INVADING NEARBY FARMS.

# Pesticide Bans Don't Work

Dear Editor,

Please ABANDON the idea [ of BANNING pesticides ].

I recently travelled to ONTARIO, a province that has BANNED COSMETIC PESTICIDES.

I observed the DISASTROUS CONDITIONS of GREEN SPACES, such as YARDS, DITCHES, and SPORT FIELDS, where drought had stopped grass growth and left weeds flourishing.

The weeds were going to seed because the mowers had stopped being used since the GRASS WAS SO SPOTTY.

The SPORTS FIELDS were DANGEROUS since they were HARD WITH NO GRASS CUSHION.

While farmers can use pesticides, WEEDS remain UNCONTROLLED IN DITCHES that are FULL OF WEEDS that are going to seed and INVADING NEARBY FARMS — this really puts the pressure on the farmer who needs to produce food to feed the cities.

While in Ontario, my grandson was SUFFERING FROM A SEVERE REACTION TO POISON IVY.

The COSMETIC PESTICIDE BAN STOPS PARKS OFFICIALS FROM CONTROLLING POISON IVY IN CAMPGROUNDS.

Poison ivy, ragweed and its pollen, Canada thistle, milkweed, and nodding thistle ... ALL GO UNCHECKED WITH THE COSMETIC PESTICIDE BAN.

# Carnage Leading To Garbage Dump Green Spaces In Ontario

Locally, [ in our home town of Portage La Prairie ], can you imagine what CRESCENT LAKE will look like when it takes the SAME APPEARANCE AS THE DUCK POND by the Portage General Hospital when the city cannot treat the weeds ?

[ In central Portage La Prairie, Manitoba, there is a peninsula known as Island Park, bounded by an oxbow lake called CRESCENT LAKE. ]

Why is it that the people that want this BAN think they should stop those of us that want to maintain OUR yards from doing so.

WE don't try to legislate those people into spraying fertilizing and watering THEIR lawns, so why should they stop US from doing so on OUR properties ?

Pesticides used in small amounts, which have been approved by Health Canada for use on crops, can alleviate some of these UNHEALTHY UNSIGHTLY SITUATIONS when judiciously applied in advance of fully blown issues.

It is time to speak up.

The SILENT MAJORITY should NOT be ruled by the SQUAWKING MINORITY.

Respectfully,

Garry Sloik

Letter to the Editor

The Daily Graphic

Portage La Prairie, Manitoba

August 13<sup>th</sup>, 2012

Selected and Adapted Excerpts

[ Portage La Prairie is a Rural Municipality in the Central Plains Region of Manitoba, with a population of 13,000. On July 13<sup>th</sup>, 2012, Portage La Prairie OPPOSED the Province of Manitoba's proposed PROHIBITION against pest control products used in the Urban Landscape. ]

# prohibition carnage

Ontario's PESTICIDE BAN DESTROYED PUBLIC AND RESIDENTIAL GREEN SPACES BY TURNING THEM INTO GARBAGE DUMPS.

Summary of CATASTROPHIC CARNAGE CAUSED BY GARBAGE DUMP GREEN SPACES ...

- Children are at HIGH RISK OF TRIPPING ON WEEDS and BECOMING HURT.
- Dandelions are the DOMINANT GROUND COVER ... EVERYWHERE !
- Invasive noxious weeds like Japanese Knotweed and Giant Hogweed.
- Lawns are DECIMATED and ruined by pests like white grubs.
- Mature street trees are DYING because of uncontrolled pests.
- Natural grass sports fields are being REPLACED by dangerous artificial turf.
- Parks are INFESTED with weeds that crowd out grass.
- People are SUFFERING from SEVERE REACTIONS to weeds like Poison Ivy.
- Pesticide-free maintenance is STUNNINGLY EXPENSIVE.
- Playing surfaces are INFESTED with damaging weeds and insects.
- Rose plantations are DYING and must be REMOVED by cities.
- Swarms of flies are EVERYWHERE !
- Weed-infested playing surfaces are HARD and DANGEROUS.
- Weeds are UNCONTROLLED in ditches and are INVADING nearby farms.
- WHO WANTS TO LIVE IN #@!!% PEST-INFESTED GARBAGE DUMPS ?!?!

# **Pesticide Bans Lead To GARBAGE DUMPS**

FORCE OF NATURE | THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from  
National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

# NORAHG

We are living in the 9/11 Era of Anti Pesticide Terrorism where at least ONE SUBVERSIVE ACT OF TERROR is Perpetrated EVERY SINGLE DAY by enviro lunatics.

We are living in the DARK AGE OF ANTI PESTICIDE TERRORISM where sound science is trumped by FAKE SCIENTISTS, JUNK SCIENCE and UNVERIFIABLE SECRET EVIDENCE through FABRICATION, INNUENDO, and INTERNET RUMOUR — scientific research PROVES that pest control products CAUSE NO HARM and can be USED SAFELY.

NORAHG is the National Organization Responding Against HUJE that seek to harm the Green space industry.

NORAHG morally represents the VAST SILENT MAJORITY of people associated with turf and ornamental plant maintenance who are OPPOSED to Anti Pesticide PROHIBITION and the CLOSURE of green spaces under the RIDICULOUS PRETEXT of somehow « saving » the environment.

NORAHG is a NATIONAL NON PROFIT NON PARTISAN organization that does not accept money from corporations or governments or trade associations, and represents NO VESTED INTERESTS WHATSOEVER.

NORAHG is dedicated to reporting the work of RESPECTED and HIGHLY RATED EXPERTS who promote ENVIRONMENTAL REALISM and PESTICIDE TRUTHS.

Anti Pesticide HUJE are enviro lunatics and lawn haters who particularly DESPISE the golf industry — they are Hateful Underhanded Jokes as Environmentalists who have been WRONG FOR OVER 50 YEARS.

There is NO RECOURSE but LITIGATION against Anti Pesticide HUJE.

Another RECOURSE is to SEEK the CANCELLATION of GOVERNMENT GRANTS and REVOCATION of the TAX EXEMPT STATUS of Anti Pesticide Organizations.

HUJE should Get OFF Our grASS, and they should Roast In Hell.

NORAHG manages the Library of Force Of Nature Reports and References, which is a VAST ARCHIVE of REPORTS, MEDIA REFERENCES, AUDIO CLIPS, and VIDEOS on ALL Anti Pesticide Terrorist Acts of Subversion.

The purpose of this ARCHIVE is to provide information that will lead to a SUCCESSFUL LITIGATION AGAINST Anti-Pesticide Organizations.

All names, statements, activities, and affiliations have been ARCHIVED for the intention of eventual CRIMINAL CHARGES.

When CRIMINAL CHARGES for FRAUD and CONSPIRACY are laid, legal experts say that the ARCHIVE is sufficient to lead to a SUCCESSFUL PROSECUTION !

NORAHG also produces FORCE OF NATURE, reports that present THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE about environmental issues, including anti pesticide terrorism.

FORCE OF NATURE is a series of reports destined for the green space industry, the environmental terrorist movement, governments, and the media, nationwide across Canada, the United States, and overseas.

FORCE OF NATURE is committed to SOUND SCIENCE, as well as ground breaking original reporting that informs, entertains, and creates real change.

The information presented in FORCE OF NATURE has been developed for the education and entertainment of the reader by providing a sequence of events WITH COMMENTARY, striving for accuracy in history, politics, and science.

FORCE OF NATURE is TOTALLY INDEPENDENT and provides NO guarantee regarding accuracy or completeness. In no event shall FORCE OF NATURE be liable for any incidental or consequential damages, lost profits, or any indirect damages.

NORAHG also produces A LOOK AT, a series of reports providing TECHNICAL INFORMATION on issues such as Career Management, Golf Course Maintenance, Green Alternatives, Summer Stress, Turfgrass Pests, and Turfgrass Species.

Finally, NORAHG frequently responds to anti pesticide activists in LETTERS TO THE EDITOR in newspapers across Canada and around the world.

All information, excerpts, and pictures contained in FORCE OF NATURE, A LOOK AT, and LETTERS TO THE EDITOR were retrieved from the Internet, and may be considered in the public domain.

FORCE OF NATURE, A LOOK AT, and their various incarnations, was the brainchild of William H. Gathercole and his colleagues in 1991. Mr. Gathercole is now retired, although his name continues to appear as founder.

Here is a brief summary of Mr. Gathercole's career —

Fields of study — Horticulture/Agriculture, Mathematics, Physics

Alma mater — McGill University • University of Guelph • the first person ever to obtain university degrees and contribute to both the professional lawn care and golf maintenance industries

Expertise in — environmental issues and anti pesticide terrorism • turf and ornamental maintenance and troubleshooting • history of the industry • sales and distribution of seeds, chemicals, fertilizers, and equipment • fertilizer manufacturing and distribution

Notable activities — worked in virtually all aspects of the green space industry, including golf, professional lawn care, distribution, environmental compliance, government negotiations, public affairs, and workplace safety • supervisor, consultant, and, programmer for the successful execution of hundreds of thousands of management operations in the golf and urban landscape, as well as millions of pest control applications • advisor, instructor, and trainer for thousands of turf and ornamental managers and technicians • pesticide certification instructor for thousands of industry workers • founder of the modern professional lawn care industry • prolific writer for industry publications and e-newsletters • first to confirm the invasion of European Chafer insect in both the Montreal region and the Vancouver / Fraser Valley region • with Dr. Peter Dernoeden, confirmed the presence of Take All Patch as a disease of turf in Eastern Canada • with Dr. David Shetlar, confirmed the presence of Kentucky Bluegrass Scale as an insect pest in South Western Ontario, and later, in the Montreal and Vancouver regions

Special contributions — creator of the exception status that has allowed the golf industry to avoid being subjected to anti pesticide prohibition • creator of the signs that are now used for posting after application • co-founder of annual winter convention for Quebec golf course superintendents • the major influence in the decision by Canadian Cancer Society to stop selling for profit pesticide treated daffodils • the only true reliable witness of the events of anti pesticide prohibition in the town of Hudson, Quebec • retired founder of FORCE OF NATURE and A LOOK AT reports

Notable award — the very first man of the year for contributions leading to the successful founding of Quebec professional lawn care industry, which served as a beach-head against anti pesticide activists in the 1980s and 1990s

Legacy — Mr. Gathercole and his colleagues ... designed and implemented strategies that reined anti pesticide activists to provide peace and prosperity for the entire modern green space industry across Canada • orchestrated legal action against anti pesticide activists in the town of Hudson, Quebec • launched the largest founding professional lawn care business in Canada • quadrupled the business revenues of one of the largest suppliers in Canada

Mr. Gathercole is now retired, although his name continues to appear as founder of FORCE OF NATURE and A LOOK AT reports.
