PESTICIDE POSITIONS

June 7th, 2010

Letter to the Editor by Gideon Forman,

Fund-Raiser for Canadian Association
of Physicians for the Environment

The Telegram (Newfoundland)

STATEMENT BY CAPE-ENVIRO-MANIAC FORMAN —

There are some inaccuracies in [the June 1st letter « Duelling Pesticide Positions »].

They need to be cleared up so we can have a RATIONAL AND USEFUL DEBATE on pesticides.

Background Information from an Independent Perspective

Enviro-Maniac-Activists uttering the phrase « *rational and useful debate* » are simply HIDEOUS HYPOCRITES !

Enviro-Maniac-Activists represent their own interests ONLY, and often seek to impose their NEEDLESS, SENSELESS, and MALICIOUS life-style choices on an unsuspecting public by the routine concoction of MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, TERROR, and PARANOID CONSPIRACIES to SCAM and DECEIVE the public into believing that there is some NON-EXISTENT threat with pest control products used in the Urban Landscape. Their solution is PROHIBITION.

Enviro-Maniacs have LIED about the so-called health and environmental threats of pest control products in the Urban Landscape.

Enviro-Maniacs have LIED about prohibition being good for business and employment.

Enviro-Maniacs have LIED about the Professional Lawn Care Industry prospering under prohibition.

Enviro-Maniacs have LIED about properties looking great under prohibition.

Canadian Association of Physicians for the Environment **Enviro-Terror-Organization**

*Enviro-Maniacs have LIED
about prohibition being good for business and
about the Professional Lawn Care Industry
prospering under prohibition*

They LIE and LIE and LIE and LIE

*Enviro-Maniacs have also LIED
about properties looking great under prohibition and
about the so-called health and environmental threats
of pest control products*

STATEMENT BY CAPE-MANIAC FORMAN –

The letter-writer claims there is no direct link between pesticides and cancer.

[True !]

*Yet doctors writing in the scientific journal Paediatrics and Child Health
(April, 2006) had this to say about the common pesticide 2,4-D : 2,4-D can be per-
suasively linked to cancers, neurological impairment and reproductive problems.*

Background Information from an Independent Perspective

- What CAPE-Enviro-Maniac Forman does not say is ...

The people who wrote the April 2006 DISGRACEFUL and UNSCIENTIFIC article have ABSOLUTELY NO competent expertise, recognized training, or background, in matters concerning pest control products.

Their opinions were TOTALLY VALUELESS and UTTERLY WORTHLESS in matters concerning pest control products.

Canadian Association of Physicians for the Environment **Enviro-Terror-Organization**

- What CAPE–Maniac Forman does not say is ...

The April 2006 article was an ASSESSMENT (i.e. a judgement based upon Enviro–Maniac motivation).

It is NOT the result of ANY scientific research.

- What CAPE–Maniac Forman does not say is ...

The two primary authors of the April 2006 DISGRACEFUL and UNSCIENTIFIC article are PERSONALLY ALLIED with Forman as co-conspirators in the prohibition of federally legal, scientifically safe, and totally irreplaceable pest control products.

- What CAPE–Maniac Forman does not say is ...

The April 2006 DISGRACEFUL and UNSCIENTIFIC article was far from being independent and unbiased.

It was the result of Enviro–Maniac JUNK SCIENCE.

- What CAPE–Maniac Forman does not say is ...

Forman may have just as well written this DISGRACEFUL and UNSCIENTIFIC article himself.

Environmental–Terror–Organizations, like CAPE, concoct stories that pest control products are linked to environmental and health problems in order to increase their memberships and donations !

Concocting stories is a means of making CAPE a RICH Environmental–Terror–Organization !

Clearly, Forman and his CAPE–Maniacs are MALICIOUSLY WRONG about conventional pest control products !

Conventional pest control products are SCIENTIFICALLY SAFE ! Overall, when they are used properly, there are NO harmful irreversible effects to health and the environment !

- What CAPE–Maniac Forman does not say is ...

The DISGRACEFUL and UNSCIENTIFIC article written in April 2006 focused ONLY on the herbicide 2,4–D. It DID NOT focus on ALL pest control products used by the Green Space Industry in the Urban Landscape.

Canadian Association of Physicians for the Environment **Enviro-Terror-Organization**

- What CAPE–Maniac Forman does not say is ...

CAPE–Maniacs know **NOTHING** about pest control products.

CAPE–Maniacs know **NOTHING** about the regulatory process in Canada.

In Canada, pest control products, or pesticides, are regulated by Health Canada under the Pest Control Products Act, and are among the **MOST STRINGENTLY REGULATED SUBSTANCES** in Canada.

Pest Management Regulatory Agency (PMRA) is the branch of Health Canada that administers the Pest Control Products Act on behalf of the Minister of Health.

The primary objective of Health Canada and PMRA is to prevent unacceptable risks to people and the environment from the use of pest control products.

- What CAPE–Maniac Forman does not say is ...

Enviro–Maniac–Activists, like Forman, conveniently consider the hundreds of qualified scientists of Health Canada’s respected Pest Management Regulatory Agency to be incompetent and/or incapable of arriving at correct scientific findings concerning conventional pest control products.

In order to allow **SOUND SCIENCE** to be effectively practiced when evaluating pest control products, it would be preferable leave the interpretation of scientific research to those people who are competent to do it — Health Canada, and **NOT** people like Forman and his CAPE–Maniacs.

NO pest control product can be sold or used until Health Canada’s scientists have evaluated **ALL** the existing evidence to determine whether the product meets stringent health and safety requirements.

Health–Canada–Registered pest control products are **SCIENTIFICALLY SAFE** since they have been scrutinized and approved by the **HUNDREDS** of expert scientists at Health Canada ! Overall, when they are used properly, there are **NO** harmful irreversible effects to health and the environment !

Let’s be clear about what actually threatens society, and the Green Space Industry in particular. The threat **DOES NOT** come from pest control products, but from Forman, and his Enviro–Basterd–Buddies. They have **CONSPIRED** towards **NEEDLESS, SENSELESS, and MALICIOUS** prohibition of **FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE** conventional pest control products.

Canadian Association of Physicians for the Environment **Enviro-Terror-Organization**

*CAPE-Maniacs know NOTHING
about pest control products.*

Pest control products are SCIENTIFICALLY SAFE !

STATEMENT BY CAPE-MANIAC FORMAN —

As an organization representing over 4,700 doctors and concerned citizens, we urge everyone involved in the pesticide debate to stick to the facts and the science.

Background Information from an Independent Perspective

- What CAPE-Maniac Forman does not say is ...

The MAJORITY of CAPE members are NOT even doctors.

CAPE does NOT represent the majority of doctors in Canada.

CAPE represents an INFINITESIMALLY SMALL number of doctors in Canada.

CAPE represents less than 4 per cent of all doctors.

LESS THAN 4 PER CENT !

*CAPE merely represents
LESS THAN 4 PER CENT of all doctors*

WHAT FORMAN DOES NOT SAY IN HIS LETTER ...

THE TWO PRIMARY AUTHORS OF THE
DISGRACEFUL AND UNSCIENTIFIC
ARTICLE WRITTEN IN APRIL 2006
ARE PERSONALLY ALLIED WITH HIM
AS CO-CONSPIRATORS IN THE PROHIBITION OF
FEDERALLY LEGAL, SCIENTIFICALLY SAFE, AND

THIS REPORT IS FAR FROM BEING
INDEPENDENT AND UNBIASED.

IN FACT, IT MAY HAVE JUST AS WELL BEEN
WRITTEN BY FORMAN HIMSELF.

Background Information from an Independent Perspective

DESCRIPTION OF REPUGNANT CAPE

Canadian Association of Physicians for the Environment (CAPE) is a MILLIONAIRE Environmental-Terror-Organization, and a MULTI-MILLION DOLLAR MONEY-MAKING MACHINE.

In addition, CAPE DOES NOT PAY TAXES because of its CHARITABLE or NON-PROFIT STATUS.

CAPE has conspired towards NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

CAPE has also set its sights on the ANNIHILATING the GOLF INDUSTRY ! CAPE has publicly stated that it does not want ANY prohibition exceptions for the Golf Industry.

CAPE is a vast profit-making Environmental-Terror-Organization operated by a handful of Enviro-Maniac-Activists who are PAID-FOR-PROFIT as SUBVERSIVE LOBBYISTS with a mandate to COERCE, INTIMIDATE, and ALARM THE PUBLIC.

MEMBERS OF REPUGNANT CAPE

CAPE is composed of Enviro-Maniac-Health-Care-Workers and regular citizens; however, most CAPE members are not even physicians.

In fact, CAPE represents an INFINITESIMALLY SMALL number of doctors.

CAPE merely represents LESS THAN 4 PER CENT of all doctors in Canada.

LESS THAN 4 PER CENT !

Moreover, CAPE was created for concealing the EXTREMIST VIEWS of supposedly moderate professionals, such as Enviro-Maniac-Health-Care-Workers (i.e. Doctors and Nurses).

Such views are evident within CAPE since one of its co-founders later became the first leader of the EXTREMIST Green Party of Canada, which acts as the POLITICAL SHIELD organization for the Environmental-Terror-Movement.

Not surprisingly, NOT A SINGLE person in CAPE has ANY recognized expertise, training or background in matters concerning pest control products !

CAPE-Enviro-Maniacs have compensated for their lack of expertise by frequently resorting to MYTHS, DECEPTIONS, FEAR-MONGERING, FRAUDULENT LIES, COERCION, MISCONCEPTIONS, THREATS, TERROR, and PARANOID CONSPIRACIES about pest control products.

SELF-PROCLAIMED MANDATE OF REPUGNANT CAPE

CAPE is an Environmental-Terror-Organization claiming to be ...

« *The national voice of physicians on issues of health and the environment.* »

In fact, the principal mandate of CAPE is to attract MORE MEMBERS, MORE DONATIONS, and MORE PROFIT by SCAMMING THE PUBLIC with the CONCOCTION of FRAUDULENT LIES and UNPROVEN threat of pest control products.

Background Information from an Independent Perspective

CAPE-Maniacs fulfill their PRETENTIOUS and SELF-PROCLAIMED mandate by giving FALSE and FRAUDULENT impression that the public is being exposed to cancer-causing agents whenever a pest control product is used in the Urban Landscape. [Wrong !]

CAPE-Maniacs give the FALSE and FRAUDULENT impression that the public is being exposed to cancer-causing agents whenever a pest control product is used in the Urban Landscape. [Wrong !]

CAPE-Maniacs are DESPICABLE in their use the image of children as « *the ultimate weapon of terror* » in order to promote the prohibition.

CAPE-Maniacs DO NOT use sound science in their criticism of pest control products.

CAPE-Maniacs are ONLY able to provide information based upon JUNK SCIENCE instead of SOUND SCIENCE !

PRINCIPAL INTERESTS & AGENDAS OF REPUGNANT CAPE

ONE — The ACQUISITION AND RETENTION of massive amounts of WEALTH from government grants, the private sector, and individual memberships.

When given some power and money, CAPE-Maniacs have felt compelled to impose their personal life style choices on society.

They do so by mis-representing the existing facts, and hence gleefully avoiding SOUND SCIENCE in order to promote their cause.

TWO — The ACQUISITION AND RETENTION of FAME, CELEBRITY, AND POWER.

Many CAPE-Maniacs are narrow-minded and little people who are laymen, and do not even have high education, or possess a degree of any kind.

CAPE-Maniacs feel compelled to make public appearances in laboratory coats.

CAPE-Maniacs falsely present themselves as medical doctors, or as experts in the Green Space Industry.

CAPE-Maniacs HAVE ISSUES.

ACCOMPLISHMENTS OF OF REPUGNANT CAPE

2003 — City of Toronto prohibition of pest control products. CAPE-Maniacs provided subversive testimony during the pesticide by-law hearings.

2008 — Government of Ontario prohibition of pest control products. CAPE-Maniacs played key role in the subversive lobbying of Government Officials.

REPUGNANT CAPE IS MORE KNOWLEDGEABLE THAN HEALTH CANADA ?!?!?

NO ! — CAPE-Maniacs conveniently consider the hundreds of qualified scientists of Health Canada's respected Pest Management Regulatory Agency to be incompetent and/or incapable of arriving at correct scientific findings concerning conventional pest control products.

In order to allow SOUND SCIENCE to be effectively practiced, it would be preferable leave the interpretation of scientific

research to those people who ARE competent to do it — Health Canada, and NOT CAPE.

NO pest control product can be sold or used until Health Canada's scientists have evaluated ALL the existing evidence to determine whether the product meets stringent health and safety requirements.

Conventional pest control products are SCIENTIFICALLY SAFE since they have been scrutinized and approved by the HUNDREDS of expert scientists at Health Canada !

Overall, when they are used properly, there are NO harmful irreversible effects to health and the environment !

BUDGET AND FINANCING OF REPUGNANT CAPE

The cost of a CAPE membership is one hundred dollars per year.

The CAPE operating budget appears to be less than 1,000,000 dollars per year, sustaining about a dozen employees.

CAPE is MASSIVELY FINANCED by government and private sources with PROFIT that sustains a mere dozen CAPE-Maniac employees with SAFE, SECURE, GUARANTEED, and WELL-PAYING ENVIRO-TERRORIST-JOBS. (i.e. employed as Environmental-Maniac-Activists.)

Furthermore, the systematic prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products is a means of making CAPE a RICH Environmental-Terror-Organization !

Coincidentally, CAPE was provided with large sums of money by private and public funding organizations during the period of time covering the public debates on the Toronto prohibition and the Ontario prohibition (2001-2008).

It is clear that the money helped pay for infra-structures and salaries for the purpose of influencing public policy concerning the NEEDLESS, SENSELESS, and MALICIOUS prohibition.

ONTARIO SUPPORT OF REPUGNANT CAPE

CAPE has been MASSIVELY funded by The Ontario Trillium Foundation (OTF), the financial shield organization used by the Government of Ontario to supply money to Environmental-Terror-Organizations like CAPE.

Here are some examples —

- 55,000 dollars (2002-2003).
- 200,000 dollars over a three-year period (2006-2007) to strengthen CAPE operations, and to increase its membership and long-term sustainability.

In other words, the government was secretly supplying CAPE with the ammunition that it needed to conspire to prohibit legal and safe pest control products.

In essence, hard-earned tax dollars obtained from the Green Space Industry were re-funnelled by Basterd-Maniacs of The Ontario Trillium Foundation to allow CAPE to further wreak its havoc.

Do we hear the phrase « *our tax dollars working against us ???* »

N O R A H G

Force Of Nature presents THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against Huje that seek to harm the Green Space Industry (NORAHG). It is a series of Reports destined for the Green Space Industry, the Environmental Terror Movement, Governments, and the Media, nationwide across Canada, the United States, and overseas. The information presented in Force Of Nature has been developed for the education and entertainment of the reader by providing a sequence of historical events WITH COMMENTARY. The neutrality of these Reports might be disputed.

Huje is a term used to describe Enviro Maniac Activists that routinely concoct FEAR MONGERING, FRAUDULENT LIES, MISCONCEPTIONS, COERCION, THREATS, DECEPTIONS, TERROR, and PARANOID CONSPIRACIES that are DESIGNED to SCAM and DECEIVE the public into believing that families are in some NON-EXISTENT danger with conventional pest control products. Huje also SCAM and DECEIVE Government Officials into the NEEDLESS, SENSELESS, and MALICIOUS prohibition of FEDERALLY LEGAL, SCIENTIFICALLY SAFE, TOTALLY IRREPLACEABLE, and ABSOLUTELY INDISPENSABLE conventional pest control products.

All information, excerpts, and pictures contained in this Report were found somewhere on the Internet, and may be considered in the public domain, serving one of the following purposes — archive, education, promotion, publicity, or press release. The events, characters, companies, and organizations, depicted in this Report are not always fictitious. Any similarity to actual persons, living or dead, may not be coincidental. Force Of Nature is TOTALLY INDEPENDENT of any trade association or business operating within the Green Space Industry. Don't thank us. It's a public service. And we are glad to do it.

Force Of Nature, and its various incarnations, is the brainchild of William H. Gathercole and his entourage. Mr. Gathercole is a principal FOUNDER of the Modern Professional Lawn Care Industry in BOTH Ontario and Quebec. He holds a degree in Horticulture from the UNIVERSITY OF GUELPH, and another pure and applied science degree from MCGILL UNIVERSITY. He has worked in virtually all aspects of the Green Space Industry, including GOLF, PROFESSIONAL LAWN CARE, and CHEMICAL INDUSTRY, and has served in public affairs, workplace safety, and environmental compliance. Mr. Gathercole has supervised, consulted, programmed, and/or overseen the successful and safe execution of HUNDREDS OF THOUSANDS of pest control applications in the urban landscape. He has trained, instructed, and consulted with THOUSANDS of turf managers and technicians. Mr. Gathercole has also been an agricultural agronomist. For many years, Mr. Gathercole was a contributing columnist for TURF & Recreation Magazine, Canada's Turf and Grounds Maintenance Authority. Mr. Gathercole is now retired from Force Of Nature, although his name continues to appear as the FOUNDER. Mr. Gathercole is personally credited for crafting the Golf Industry Exception Status that endures to this day. He is also the creator of the signs that are now used for posting after application. His vast knowledge of our long journey with Environmental Issues is UNDENIABLE — hopefully ! For FIFTEEN YEARS, the strategies designed and implemented by Mr. Gathercole and his colleagues guaranteed the control of Environmental Terror for the entire Modern Green Space Industry across Canada. Mr. Gathercole's involvement in Environmental Issues reached a fevered pitch in the 1990s, when he orchestrated, with his colleagues, legal action against the Forces of Environmental Evil in the Town of Hudson, Quebec. Mr. Gathercole is the ONLY TRUE RELIABLE WITNESS of the Hudson Affair.

Mr. Gathercole and his entourage have followed the evolution of ENVIRONMENTAL TERRORISM for over a quarter century. Through Force Of Nature, Enviro Maniac Activist Huje are identified on the basis of their statements, activities, affiliations, and whereabouts. Even though each Enviro Maniac Culprit is a misguided adversary, each still deserves our respect. The use of the terms Maniac, Culprit, Terrorist, or Basterd are not accusations of any legal wrong doing. Force Of Nature is simply holding Enviro Maniac Activists accountable for conspiring to change public policies that TERRORIZE, HARM, and THREATEN the Green Space Industry. Their pretentious prohibitionist rants have created LOSS OF REVENUES, BUSINESS FAILURES, BANKRUPTCY, and UNEMPLOYMENT, inflicting DESPAIR and DESTITUTION for THOUSANDS of hapless victims throughout the Green Space Industry. The DEPRAVED INDIFFERENCE of Maniac Culprit Terrorist Basterd Huje is viewed as a form of TERROR, HARM, and THREAT against the Green Space Industry.
