FORCE OF NATURE \ THE WHOLE TRUTH FROM AN INDEPENDENT PERSPECTIVE from National Organization Responding Against HUJE that seek to harm the Green Space Industry (NORAHG)

We are living in the 9|11 Era of Environmental Terror created by Suzuki-Lunatics

David Suzuki was WRONG about polar bears.

Suzuki was WRONG about global warming.

Suzuki was WRONG about pest control products.

Suzuki was WRONG about INTERFERING IN POLITICAL CAMPAIGNS.

As a result of his POLITICAL INTERFER-ENCE in the Ontario 2011 General Election, David Suzuki was QUIETLY FORCED TO STEP DOWN from the Board of Directors of David Suzuki Foundation.

Demands are now being made for David Suzuki to STEP DOWN as host of television programs produced by Canadian Broadcasting Corporation, including The Nature Of Things.

Sign Petition To Strengthen Quebec's Pesticides Management Code

May 2nd, 2012

Equiterre Web-Site (a.k.a. David Suzuki Foundation)

Selected and Adapted Excerpts

According to Equiterre (a.k.a. David Suzuki Foundation) —

Did you know that after leading the way with the first provincial ban on lawn pesticides in 2003, QUEBEC HAS NOW FALLEN BE-HIND other provinces when it comes to protecting human and environmental health in this matter?

Our list of banned pesticides hasn't changed since 2003, whereas Ontario and Nova Scotia have both gone on to adopt stronger policies, which PRO-HIBIT MORE PESTICIDES, including some based on the precautionary principle, i.e., the possibility that they could be harmful.

But now that the Pesticides Management Code is under revision, this could change.

Let's make sure that the revisions to the Code go far enough.

MUST code INCLUDE The new TOUGHER REGULATIONS for cosmetic pesticides.

We shouldn't be allowing pesticides that HAVE BEEN BANNED IN OTHER **PROVINCES** to be used in Quebec.

Join Equiterre, the David Suzuki Foundation and Nature Québec in asking Quebec to reclaim its role as leader —

Equiterre

Equiterre is an Environmental-Terrorist and Anti-Pesticide Organization that IS VERY CLOSELY ALLIED WITH DAVID SUZUKI FOUNDATION.

In 1992-1993, Equiterre was established as an AMBASSADOR AND PUBLIC POLICY SHIELD ORGANIZATION FOR DAVID SUZUKI FOUNDATION IN THE PROVINCE OF QUEBEC.

SUZUKI and EQUITERRE are basically ONE-IN-THE-SAME GROUP that even operate out of the SAME LOCATION in Montreal.

In 2001, when Anti-Pesticide PROHIBITION in the Town of Hudson, Quebec, was challenged before The Supreme Court Of Canada, Ecojustice Canada provided legal counsel for the NATURE-ACTION QUEBEC (an early version of EQUITERRE), as well as Federation of Canadian Municipalities (managed by some of the same people that now run New Democratic Party of Canada (NDP)), and World Wildlife Fund (WWF).

EQUITERRE's office is located in Montreal, Quebec, in the Centre for Sustainable Development, which officially opened its doors on October 6th, 2011, and is home to EIGHT Environmental and Social Terrorist Organizations, including EQUITERRE, and coincidentally, DAVID SUZUKI FOUNDATION.

The centre is COLLECTIVELY OWNED by the organizations that occupy the building, including the Quebec headquarters for the David Suzuki Foundation and Amnesty International.

The Quebec Pesticides Management Code

The Pesticides Management Code has been in force since April 3rd, 2003, sets strict standards to control the use and sale of pesticides, under the PRETEXT of attempting « to protect human health ».

This Code was the result of a BOGUS CONSULTATION carried out in 1998 by the Ministry of the Environment, following the recommendations of the Groupe De Réflexion Sur Les Pesticides En Milieu Urbain, an Anti-Pesticide Organization.

Since April 2006, it is PROHIBITED to use certain products on the lawns of public, semi-public and municipal properties and, on the lawns of private and commercial properties, except for golf courses.

Who says Quebec is Pesticide-Free ?!?!

Despite a PROHIBITION fully implemented since 2006, several pest control products are ALLOWED in the Province of Quebec for Commercial Use on Turf • Acclaim Herbi-Betasan Herbicide • Deltagard Insecticide • Dicamba Herbicide • Dimension Herbicide • Imidacloprid Insecticide • Spinosad Insecticide.

Now that 60 per cent of Quebec Lawn Care businesses have been ANNIHILATED by Suzuki and Equiterre, who are UNSATIATED, The #@!!% Suzuki-Basterds **DESTROYED** the **Professional Lawn** Care Industry

say they want to FURTHER DESTROY MORE BUSINESSES WITH DEMANDS TO PROHIBIT THE REMAINING ALLOWABLE PRODUCTS.

The #@!!% Suzuki-Basterds are STILL INTERFERING IN PARTISAN POLITICS.

And the #@!!% Suzuki-Basterds are STILL INTERFERING IN PARTISAN POLITICS ... EVEN IN THE PROVINCE OF QUEBEC, where they believe no one in English-speaking Canada can read French.

David Suzuki DESTROYED the Professional Lawn Care Industry ... since it has MERCILESSLY TERRORIZED, BASELESSLY SMEARED, FALSELY AC-CUSED, GROTESQUELY PUNISHED, INNOCENTLY CONVICTED, SHAME-LESSLY PERSECUTED, and WRONGFULLY DEPRIVED those people working in the Professional Lawn Care Industry.

There is NO RECOURSE BUT OFFI-CIAL COMPLAINTS AND LITIGA-TION against Environmental and Anti-Pesticide Organizations like Suzu-

Suzuki DOES NOT DESERVE ANY DONATIONS OR SUPPORT.

Suzuki DOES NOT DESERVE A TAX-EXEMPT STATUS.

Suzuki DOES deserve to FACE THE SPOTLIGHT OF SCRUTINY AND THE TERROR OF THE COURTS!

It is believed that Suzuki ought to be **INVESTIGATED** by Taxation Agencies in both Canada and the United States

ANY information concerning the activities of David Suzuki should be recorded and relayed to business, fund-raising, government, and taxation agencies in order to assist with investigation

Demand a REVOCATION of Suzuki's **REGISTERED CHARITY TAX-EXEMPT STATUS!**

David Suzuki must also STEP DOWN as host of television programs by Canadian Broadcasting Corporation, including The Nature Of Things

Complaints Against David Suzuki Foundation by Ethical Oil

On April 23th, 2012, David Suzuki Foundation became THE TARGET OF A COMPLAINT TO THE CANADA REVENUE AGENCY (CRA), just days after its namesake co-founder stepped down amid heightened tensions between environmental charities and the Government of Canada.

EthicalOil.org, a non-profit organization that promotes oil from Canada and other democracies, sent a COMPLAINT to Canada Revenue Agency asking it to INVESTIGATE whether David Suzuki Foundation is BREAKING RULES THAT PERTAIN TO POLITICAL ACTIVITY.

The COMPLAINT comes on the heels of the Government of Canada's WARNING that it will keep a much closer eye on the BLURRY LINE BETWEEN CHARITY AND POLITICS, arming the tax department with 8-MILLION-DOLLARS to enforce the rules.

Registered charities are allowed to devote only a SMALL FRACTION of their resources to PO-LITICAL ACTIVITY, although they can NEVER BE PARTISAN.

EthicalOil.org said in its 44-page COMPLAINT, which was drafted by Calgary-based JSS Bar-

« If you find the Suzuki Foundation is in contravention of the CRA rules, then we request VOKED or otherwise be SANCTIONED. »

The COMPLAINT relates to David Suzuki Foundation's activities over the past year, and the bulk of the COMPLAINT outlines allowable political activity such as letter-writing campaigns to federal politicians or blog posts urging the Government of Canada to change its environmental policies.

Jamie Ellerton, Executive Director of EthicalOil.org, said those activities point to the group's « politicization » and that Canada Revenue Agency should « determine whether or not they are crossing the 10 per cent political threshold and VIOLATING CHARITIES LAW ».

Complaints Against David Suzuki Foundation (continued)

The COMPLAINT also says David Suzuki Foundation received funding from the British government and that the purpose of the funding may have been to « forward the policies of the United Kingdom Government on climate change in Canada ».

did not confirm receipt or provide comment.

Ellerton said that organizations should FORGO CHARITABLE STATUS — and all the economic benefits it brings — if they want THE FREEDOM TO BE POLITICAL —

ENSURE TAX-PAYERS AREN'T SUBSIDIZING THE POLITICAL ACTIVITY of the David Suzuki Foundation. »

Other portions of the COMPLAINT accuse David Suzuki Foundation of ENGAGING IN PRO-HIBITED PARTISAN ACTIVITY and point to the following as two examples —

- A blog post titled « Ontario Liberal platform maintains green energy focus », which was published two days after the 2011 provincial election was called last fall;

EthicalOil.org also mounted a FORMAL COMPLAINT against Environmental Defence in March 2012.

ForestEthics Canada last week announced it would SPLIT INTO TWO so one segment can devote all its time to opposing projects such as the Northern Gateway oil pipeline.

Complaints Made Greenpeace Lose Its Charity Status

Greenpeace New Zealand CANNOT REGISTER AS A CHARITY.

Greenpeace, an Environmental-Terrorist-Organization, appealed against a 2010 ruling by the Charities Commission, which found its promotion of « disarmament and peace » was POLITICAL rather than educational, and while it did not directly advocate illegal acts, Greenpeace-Lunatics had ACTED ILLEGALLY.

According to Justice Paul Heath —

independent object DISQUALIFYING it from registration as a charitable entity. »

Greenpeace's pleas for disarmament and peace COULD BE SEEN AS AN INDEPENDENT PUR-POSE, and its political activities WERE NOT NECESSARY to educate members of the public on the key issues of Greenpeace, Justice Heath said.
